G. E. DENNISON Supt. F. C. SMITH, G. F. A. T. A.

You go to your barber, week after week, hoping the shampoo will cure your dandruff. But the dandruff continues to form as badly as ever. The trouble is you do not go at it in the right way. The scalp is diseased, and you must cure it before your dandruff will ever disappear. Simple washing will never bring this about.

Ayer's Hair Vigor

This splendid hair preparation cures dandruff because it cures the disease of the scalp, and then the dandruff soon disappears for good. Ayer's Hair Vigor will prevent dandruff, and at the same time it will keep your hair soft and glossy.

MEET REDUCTIONS OR RESIGN

CARTER TELLS BOARD THAT ITS ESTIMATES OF EXPENSES ARE STILL UNSATISFACTORY.

Governor Carter on Saturday sent a further letter to the Board of Health, insisting on reductions of estimated expenses to the limit he had placed, and suggesting that if the members of the Board could not undertake the responsibility of running the department for such a figure, they had the alternative of resigning. In a letter sent by Dr. Cooper, president of the Board, it was suggested to the Governor that the only way to meet the cut to the limit of \$224,000 for twelve months, which the Governor insisted on, was to cut out the Kalaupapa store. The store costs the Board \$28,000 per year. Its receipts are turned in as a government realization and not as credit to Board of Health funds. The store about pays expenses. In his final answer to Dr. Cooper, Governor Carter says:

"Gentlemen: The last recommendations for reductions, enclosed in yours of the 29th ult., I do not believe will be satisfactory to the people of this Territory, nor to its representatives who are about to assemble in a special session of the Legislature.

"In the first place, a crisis of this kind is no time to evade responsibility; every government employee should be unselfish and willing to make some sacrifice, and every citizen should be public-spirited and forego condemning those in charge of departments, the efficiency of which, of necessity, has had to be reduced.

"Part of your resolution of March 25, after earnest consideration of the Board, we find that we are unable, after arduous labor in trying to solve the problem, to see our way clear to accept the responsibility for the proper conduct of public health, if the resources of the Board of Health are cut to a lower figure than the statement prepared by the Board, reads as if your Board took the attitude that it could not make further cuts and would not accept the responsibility of any of them.

"In order to bring the Territory out of the present intolerable condition of its finances more cuts are necessary, and if any of the members of your Board still feel that they cannot take the responsibility of the Board, they always have the alternative of withdrawing and making way for others who can and will do everything in their power to meet the emergency.

"I can hardly believe that you intended to convey the impression that the Board of Health would run its department, in spite of the people and the financial condition of the Territory. The principal cut you propose, that of the Kalaupapa store, is, by your own evidence, not a saving to the Territory; after it is charged to your department, an equal amount appears in government realizations from the sale of goods. This conforms to the usual method of all governments in requiring the expenditures and receipts of all departments to be kept distinct.

"Under these circumstances, you have forced me, at the last moment, to make changes in your appropriations, but from the start I have been of the opinion that this could best be done by yourselves.

"Very respectfully, GEORGE R. CARTER, Governor."

Governor Carter received letters from Superintendent of Public Instruction A. T. Atkinson and High Sheriff Brown, transmitting estimates which met the Governor's figures. Superintendent Atkinson stated that he had made the reductions without cutting any specific salaries except his own. The High Sheriff cut out jury fees for inquests and witness fees in criminal cases and cut out 70 officers throughout the islands, besides reducing the pay of the rest, in order to come within the limit of \$295,700.

WAILUKU AWAKES.

Her Citizens Unite To Secure More Public Benefits.

The organization of Wailuku citizens for the public good took place at a meeting held last Wednesday night at the Wailuku court house. The organization is known as the Improvement Association of Wailuku District, and its object is chiefly to promote the public welfare of the district of Wailuku. The meeting was called to order by president Case. About thirty representative citizens placed their names on the membership roll. The matter of the road to Iao Valley was first taken up, and the executive committee instructed to correspond with the authorities in Honolulu regarding the appropriation for this road. The Wailuku jail and government building for Wailuku also received quite a part of the evening's discussions. Other matters were also taken up by the association, and referred to the executive committee to look into.

This is the first step that the citizens of this island have taken to unite in their demands for what is due. Representative business men from all sections of this district adorn the membership roll.

A meeting of the executive committee of the Association was held this evening at which time a committee consisting of D. H. Case, G. B. Robertson and W. J. Coelho were appointed a committee to act for the executive committee while in Honolulu. These three gentlemen go to Honolulu tomorrow which marks the first step being taken by the officers of the Improvement Association of Wailuku District.

CONVENTION IN HONOLULU

HILO LOSES THE REPUBLICAN GATHERING BY REASON OF SPECIAL LEGISLATIVE SESSION.

The Republican Territorial Central committee on Saturday evening decided to hold the coming convention in Honolulu instead of Hilo as previously determined upon, on account of the special session of the legislature. The date was also changed, from April 21 to April 15, to make it more convenient for arrivals from other islands, the 15th being a Monday.

W. H. Hoogs was chosen secretary to succeed the late William H. Coney. He was nominated by Norman Watkins and E. C. Winston was nominated by Senator Aehl. The vote was Hoogs 13, Winston 3.

J. H. Fisher reported for the committee which considered the amendments to the rules, suggested by John C. Lane and Norman Watkins. A substitute was presented, embodying both amendments which was unanimously adopted. It provides that proxies for the executive committee may be given to members of the central and district committees or to members of the last Territorial convention. The old rule limited the giving of proxies to the members of the central committee. Both report and amendment were unanimously adopted. Chairman Crabbe appointed on a committee to draw up resolutions on the death of Secretary Coney, J. H. Fisher, W. A. Aehl and E. C. Winston.

B. N. Boyd raised the question of the eligibility of a precinct resident, not a delegate in the coming Territorial convention. Chairman Crabbe stated that the committee had previously ruled that persons could not be delegates from a precinct unless a registered voter therein.

DAMAGED IN HURRICANE

SCHOONER ALUMNA WHICH ARRIVED YESTERDAY ENCOUNTERED ROUGH WEATHER.

The schooner Alumna arrived Sunday from Newcastle after a fair passage of 59 days. The vessel was off the island Saturday but could not make port until yesterday morning. The Alumna brought about 1350 tons of coal. She sustained minor damage during her trip to this port.

The vessel encountered a hurricane off New Zealand. The storm lasted for a week. The wind started from the northwest and veered around to all the points of the compass before subsiding. The fore topmast head was snapped off during the heavy blow. Seas were boarding the vessel constantly, the decks being under water most of the time. One of the life boats was smashed and all of the ladders were washed overboard.

The vessel hauled into the coal slip and is discharging cargo.

MAUNA LOA DUE TOMORROW.

The steamer Mauna Loa is due tomorrow morning from Hawaii and Maui ports. She will probably bring the remaining members of the legislature.

SHERIDAN WILL CARRY MAIL

The transport Sheridan should arrive today or tomorrow from Nagasaki and Manila en route to San Francisco. She will probably resume her journey to the Coast the same day she arrives as homeward bound transports remain but a few hours in port.

TEXAN SAILED FROM HILO.

The S. S. Texan sailed from Hilo Friday night for Delaware Breakwater. She had 10,912 tons of sugar.

GALIC HAS BIG CARGO.

H. Hackfeld and Company agents of the Occidental and Oriental S. S. Company received word that the S. S. Gaelic left Yokohama March 30 for Honolulu and San Francisco. She has 900 tons of cargo for this port. She is due Saturday morning.

COURT NOTES.

Appeal bonds have been filed in the American Dry Goods Association and the Lahaialuna contract cases, that are going up to the Supreme Court.

Judge De Bolt on Saturday granted Clinton J. Hutchins until 9 a. m. of Wednesday next to file a new redelivery bond on his appeal from the verdict for plaintiff in the replevin suit of William W. Bierce, Ltd., vs. Clinton J. Hutchins, trustee of the Kona Sugar Co.

HEAVY BLOW TO FRENCH ORDERS

LITTLE CHANCE FOR OPPOSITION TO THE BILL ALLOWING THEM TO TEACH ONLY IN PRIVATE

PARIS, March 12.—Premier Combes has taken another stride toward the suppression of the monastic orders. He has brought forward a bill suppressing all their schools and prohibiting the monks and nuns from teaching except in private. Substitutes for the schools abolished will be supplied by the state at a cost of \$12,000,000 besides \$1,500,000 for additional teachers. The bill is strongly resisted by many members of the Republican party, such as Deputy Ribot, a former Cabinet Minister, partly on the ground of expense but chiefly as an infringement

Advertisement for 'A PRISONER ON PRISON REFORM'. Text: 'A PRISONER ON PRISON REFORM. OAHU PRISON ECHO APPEARS AGAIN—CONVICT WRITER'S ARGUMENT IN FAVOR OF PAROLE. "Reforming Prisoners, a Few Thoughts on the Subject from a Prisoner's Point of view." is the principal article in the latest issue of the Oahu Prison Echo, which appeared Saturday. It is the third issue of the paper, which is all written by hand and very neatly done. Jess Sabate, the young Frenchman who was found guilty of robbing mails, does the work. The following are some of the suggestions as to reformation of prisoners: "1. First and foremost we would suggest the abolition of the determinate sentence, and the adoption of the parole system. The first few weeks of imprisonment, it will be readily granted, have a strong influence upon the first offender. The prison garb, the terror caused by his solitude, in a small cell during the long hours of the night, a prey to the voice of his conscience, the offensive companionship of prisoners of other races, degraded habits and intense ignorance, all conspire to create such feelings and impressions that, if released while under their peculiar influence, a man not naturally vicious, would remember all his life time. When he gets used to the routine of the prison, however, when the shame of the first days has disappeared and he has learned to take it all as a matter of course that man may yet be induced to reform, but the odds are greatly against it. "The parole system, as in force in most of the Northern States, relieves the judge and jury of the duty of fixing the length of sentence and requires them to simply pass upon the question of guilt. When convicted the prisoner is committed to the Penitentiary for a time not to exceed the maximum provided by law for his crime. The most important result of this system is that the first offender knows there is no previous record against him in the prison office and that by industry, diligence and honesty of purpose he can gain a chance to redeem himself upon parole, while on the other hand, the professional criminal—the old timer—sees his hopes for an early release vanish with recognition and identification by the Warden or his officers. "2. Boys under 18 years of age should not be sent here under any circumstances. A reform school is the best place for them. "3. Work should be provided by law for federal as well as territorial prisoners. Their health demands it and the discipline of the institution requires it. There is nothing so promotive of good order as to make an imprisoned man tired; his sleep is sweet at night and he has no time for mischief during the day. Idleness on the contrary is a terrible thing. It is one of the devil's best inventions for the physical, moral and intellectual deterioration of men. It saps their vitality and seriously endangers their sanity. "4. Besides the daily discipline, a good library is the most important element of success in prisoner's rescue work. Good books such as Victor Hugo's 'Les Miserables' and Dickens' 'Oliver Twist' have lifted many a man out of the slough of despondency and have become the direct agent in safeguarding him against himself and determining his will power for a new effort. Unfortunately Oahu Penitentiary so much abreast of the times in other respects has no library worth mentioning. An appropriation of one hundred dollars by the Legislature, for the purchase of good books for the prison library would be one of the best investments it ever made. "5. Another good point for reform would be scored by the appointment of a prison chaplain. "There are strange chords in the human heart," said Dickens, "which will lie dormant through years of depravity and wickedness but which will vibrate at last through some slight circumstance apparently trivial in itself, but connected by some undefined and indistinct association with past days that can never be recalled and with bitter recollections from which the most degraded creature in existence cannot escape. "It would be the chaplain's duty to find these chords, to make them vibrate once more in harmony with all that is good and pure and honest. He would see to it that correspondence with father and mother, long interrupted is resumed as soon as possible. He would have charge of the library, supervision over all religious meetings, etc. "6. Four or five religious organizations are, at the present time, doing a good work here. But, with due appreciation for it we question if it is sufficient to attain the desired end. It is when a man goes out into the world again that he needs sympathy and help. He has reached the most critical period of his existence. What will he do? Where will he go? Who will trust him so far as to give him employment? This, indeed, is a subject worthy of the earnest consideration of those who are interested in his permanent reformation."
