KEPOIKAI RESIGNS

A. N. Kepoikai this afternoon sent his resignation as treasurer to Governor Carter. He has been considering the matter for several days, in connection with his candidacy for the Maui judgeship and Kepoikai will endeavor to secure the appointment, which will be made immediately.

QUICK WORK IN THE HOUSE

The House this afternoon reached the end of its appropriation bill. In other words, if it sticks to its action, it has already practically completed its work of the special session. The members went to work with extraordinary vigor after the noon recess and proceeded to adopt Governor Carter's recommendations throughout, without any changes on discussion. The entire bill was soon disposed of in committee of the whole, the morning's work of cutting into Carter's estimates being reconsidered.

The session began promptly at two o'clock. A plan was adopted of reading the items only in Hawaiian, which every member of the House understands. As each item was read off by Interpreter Coelho it was passed without question, until the end was reached. Then Keliimoi moved to reconsider item number 68, the permanent settlement for Queen Liliuokalani, which was cut in this morning's session. The motion carried and the item was fixed at the sum contained in the bill. The same action was then taken with other items, one after the other, the House working with surprising speed and unanimity. A few of the "solid thirteen" opposed the proceedings at first, and Kumalae made an effort to stem the tide of rapid work, but he couldn't muster the necessary votes to stop the proceedings. By three o'clock this afternoon the House was in a position to pass the bill on second reading, making it possible to finally pass the bill and send it to the Senate tomorrow.

SIDETRACKED THE GOVERNOR'S BILL

The Senate had but a brief session this afternoon. There was some debate over the disposition of the current expense bill when the measure came up on second reading. Senator Achi moved that it pass second reading, but Senator Isenberg amended to refer the bill to the Judiciary committee. He said that he had heard some talk on the street that the Legislature should be careful in its action and that it would be well to have the Judiciary committee look into the bill. Senator Achi urged that the bill be passed second reading as it was the Governor's measure. Senator Isenberg said that he had heard some question raised as to the legality of the measure, so he wanted the bill referred to committee. Isenberg's motion prevailed.

The Senate met promptly at 1:30 o'clock this afternoon. A communication from Secretary Atkinson regarding the copies of the laws asked for by the Senate yesterday, was placed on file, as was a communication from Speaker Beckley announcing the organization of the House and the selection of officials.

President Crabbe announced the following standing committees: Finance, Senators McCandless, Paris Dickey, Woods and Kalauokalani; judiciary, Senators Achi, J. T. Brown and Dickey; enrollment, revision and printing, Senators Woods, Isenberg and Kaiue; accounts, Senators Isenberg, Paris and Kaohi; miscellaneous matters, Senators Paris, Wilcox and Nakapaahu; rules and joint resolutions, Senators Isenberg, Dickey and J. T. Brown.

Senate Bill No. 2, providing \$5,000 for the expenses of the Senate, was called and passed second reading. Bills Nos. 3, 4 and 5, introduced yesterday by Senator Achi, to repeal the various appropriation measures of the last session, were up on second reading and were all referred to the Judiciary committee.

Senator Achi, under a suspension of the rules, introduced a bill to amend Section 13 of Act 56, Session Laws of 1903, regarding the land registration court. The salary of the judge was fixed by the amendment at \$1,800 a year, and the registrar at \$900. All other salaries are to be paid out of the Treasury of the Territory and all fees to go to the government. The measure was passed first reading, and second reading was announced for tomorrow. The Senate then adjourned.

The finance committee is to report tomorrow on the current expense bill. It is understood that the report will favor holding in the main to the Governor's estimates. A few changes may be made, in some lines. The Judiciary committee of the Senate had a conference with Governor Carter this afternoon regarding the current expense measure.

ROOSEVELT ACTS QUICKLY

CIRCUIT JUDGE KALUA IS IMMEDIATELY REMOVED FROM THE BENCH ON ACCOUNT OF HIS SUMMARY ADJOURNMENT OF COURT FOR TWO MONTHS—CARTER'S CABLE TO THE PRESIDENT GIVING NEWS OF KALUA'S ACT.

"Washington, April 7. To Carter, Honolulu:—The President today removed Judge Kalua. "KNOX."

The above cable was received this morning by Secretary Atkinson from the Attorney General of the United States. The action of the president was a result of Kalua's action in his court last week, when he postponed all cases and adjourned court to June 6, a day after the expiration of his term as judge. On receiving certified reports of what had taken place in the Maui court, Governor Carter notified the President and recommended that a new judge be placed in office at once.

The matter had immediate attention, as shown by an Associated Press cable yesterday, stating that the President and Attorney General had taken the matter up. Kalua's action would have left the island of Maui without a circuit court for over two months. He practically suspended the writ of habeas corpus and everything else in the way of judicial protection to life and liberty term as judge. On receiving certified reports of what had taken place in the Maui court, Governor Carter notified the President and recommended that a new judge be placed in office at once.

FEATURES OF CARTER'S RETRENCHMENT SCHEME

Governor Carter has adopted in large measure the plans suggested by Judge Robinson in cutting down expenses in the Judiciary department. His recommendations to the Legislature, on which the House is now working, provide for only one interpreter, a Hawaiian, for the First Circuit Court, with a lump sum of \$4,500 for pay of other interpreters as they may be needed. The First Circuit Court now has under salary two Hawaiian interpreters, C. L. Hopkins and John E. Bush; Chester Doyle for Japanese interpreter, Joseph de Frias as Portuguese interpreter and Li Cheung

Whooping Cough.—This is a very dangerous disease unless properly treated. Statistics show that there are more deaths from it than from scarlet fever. All danger may be avoided, however, by giving Chamberlain's Cough Remedy. It liquefies the tough mucus, making it easier to expectorate, keeps the cough loose, and makes the paroxysms of coughing less frequent and less severe. It has been used in many epidemics of this disease with perfect success. For sale by all Dealers. Benson Smith & Co., agents for Hawaii.
