PROFESSOR MOSES' VIEWS OF HAWAII

FORMER MEMBER OF THE PHILIPPINE COMMISSION GIVES AN ADDRESS IN WHICH HE EXPRESSES THE OPINION THAT AN ERROR WAS COMMITTED IN GIVING FREE SUFFRAGE TO HAWAIIANS.

BERKELEY, July 11.—Professor Bernard Moses of the department of history at the University of California, and a former member of the Philippine Commission, declared today while lecturing on dependencies at the summer session of the University that the natives of the Territory of Hawaii should not have been given universal suffrage by the American Government. He stated that a serious governmental blunder had been committed by the American people in granting the Islanders such a franchise.

During the course of the lecture Professor Moses said: "The Hawaiians have never had any training in government and they were totally unprepared and unfitted for suffrage when they received it. The class antagonism which exists in the islands may be in a measure traced to the fact that the right of suffrage has been granted to the natives. To thrust upon a people of their standing the power to vote was unwise, from my point of view. It is difficult for a people low in the grade of civilization to have any political sense. The Hawaiians have the fundamental lesson of governing yet to learn, and that is to act with reference to the welfare of a large community."

FIGHTS DEPORTATION

United States Marshal Hendry received a letter from Marshal Shine of San Francisco today stating that the prisoner Kerr, who is wanted here for an assault on a fireman on the Trans-Port Buford and who had been held on the charge by the district court in San Francisco, has had habeas corpus proceedings instituted in his behalf. It will be therefore impossible to move him until these proceedings are finally settled.

HOW PARKER BROKE HIS SILENCE AND IMMEDIATELY RESUMED IT

PARKER'S MESSAGE TO THE CONVENTION AND THE REPLY.

I regard the gold standard as firmly and irrevocably established and shall act accordingly if the action of the convention today shall be ratified by the people. As the platform is silent on the subject my views should be made known to the convention, and if it proves to be unsatisfactory to the majority, I request you to decline the nomination for me at once, so that another may be nominated before adjournment.—Alton B. Parker.

The platform adopted by this convention is silent on the question of the monetary standard because it is not regarded by us as a possible issue in this campaign, and only campaign issues were mentioned in the platform. Therefore there is nothing in the views expressed by you in the telegram just received which would preclude a man entertaining them from accepting a nomination on said platform.—Reply sent to Parker's telegram.

ESOPUS, N. Y., July 9.—The text of the telegram prepared by the conference committee at St. Louis, to be sent to Judge Parker, was communicated to him tonight. He declined to discuss it and said that in no contingency would he have anything to say.

ST. LOUIS, July 9.—The official ballot of the Democratic convention for President gave Parker 658, Hearst 200, Cockrell 42, Olney 38, Wall 27, Gray 12, Williams 4, Pattison 4, McClellan 3, Miles 3, Towne 2, Coler 1 and Morgan 2. This nominated Parker on the first ballot. Before the result was announced Idaho, Washington, Nevada and others, changed from Hearst to Parker. On motion of Governor Dockery of Missouri the nomination was made unanimous. Hawaii's six votes were cast for Hearst.

WILL DRIVE RUSSIA OUT OF MANCHURIA

Paul Cowles, the manager of the western division of the Associated Press, is a through passenger on the S. S. China for San Francisco. He has been in the Orient for some time, attending to the work of organizing bureaus of the Associated Press, for the securing of war news. He was in Newchwang shortly before leaving for home. At that time the Russians still were in possession of the city, but they expected to evacuate the place at almost any time.

"I had expected," said Cowles this afternoon, "to hear of the fall of Port Arthur. I expect the Japanese to take that place at almost any time. The Japanese have succeeded in defeating the Russians in every land operation. The Japanese are so careful in their operations and time every movement so

The S. S. China arrived this afternoon from the Orient en route to San Francisco. The vessel arrived off the harbor a little after 11 o'clock this morning, but did not dock until after 1 o'clock. She left Yokohama July 9. She experienced pleasant weather. Nothing was sighted during the trip. The vessel has a fair-sized crowd of through passengers. She brought some cabin passengers for Honolulu. Among the passengers for Honolulu were R. de B. Layard and family. He is to relieve British Consul Hoare who has been granted leave of absence.

well that when they do strike it is generally followed with success.

"While I do not care to express any opinion regarding the outcome of the war, the various correspondents with whom I have talked, seem to be of the opinion that the Japanese will continue to defeat the Russians and eventually drive them out of Manchuria. What will happen after that occurs, I can not say.

"As the result of the manner in which Japan is dealing with the war correspondents, many of the papers are recalling their special men and are going to depend in future on the Associated Press for service. We have established a thorough system of stations and have men in the field with the armies." Cowles is going to San Francisco to resume charge of the western division of the Associated Press.

ON THE WAY TO LISIANSKY

UNITED STATES REVENUE CUTTER MANNING AFTER THE ABANDONED BIRD SKINS.

SAN FRANCISCO, July 9.—The revenue cutter Manning will make a cruise along the Mexican coast to aid the local officers as much as possible to prevent the smuggling of Chinese into the country over the Mexican border. The vessel is now on the way to Lisiansky Island to dispose of a quantity of plumage that had been collected there by a band of Japanese poachers who had been marooned on the barren rock by the wrecking of their vessel. A band of fifty Chinese were turned back from the Mexican border and they are now being held in a prison in the southern republic. It is believed that well organized gangs of smugglers are operating along the border and that their efforts are mainly directed toward bringing Chinese into the country.
