Ayer's Hair Vigor

You know the story—how good Queen Bess, pointing to the beautiful hair of a peasant girl, said, "There's a real royal crown. I would trade my golden one for it." That was long ago. Now you can have a "real royal crown" of your own, simply by using Ayer's Hair Vigor. It makes the hair grow thick and long and stops it falling out.

LINOLEUM

Linoleum is not cheap unless it is good. Good linoleum means thick linoleum. Thin stuff will wear through in a short time, but the real material will last a lifetime. We carry several grades at prices from 90c. to \$1.50 a square yard according to the pattern—all good. It wouldn't pay you or us either to carry cheaper grades. In our excellent new stock are splendid inlaid and print patterns. Plain also.

REDUCTION IN RATES DEMANDED HILO, August 12.—R. T. Guard, agent of the Matson Navigation Co., proposes to bring the matter of discrimination on island freights by local steamship companies before the Executive Council of the Board of Trade this evening. He claims that the freight on ten cases of pineapples shipped from Mahukona to Hilo was \$5.00 per ton, whereas the rate to San Francisco on the same shipment was \$3.50 per ton. He declares such exorbitant rates are prohibitory. On the other hand, the Wilder S. S. Co. state they are willing to make special concessions in island products. The shipment in question it is claimed, was from Nihiu, partly by rail to Mahukona and the freight rates were to cover the railroad rate as well as by steamer.

FOUND SKRYDLOFF AT LAST

ADMIRAL KAMIMURA.

Washington, August 14, 1904. (Received at 8:20 a. m.)

To Japanese Consul, Honolulu. Commander of the Takashima Naval Station reports that our fleet wireless telegraphed him that the Vladivostok squadron was sighted at 5:30 a. m., August 14th, and that the Takashima subsequently reported to him that a naval battle was in progress. Admiral Kamimura reports that our squadron, after five hours' severe fighting with the three ships of the Vladivostok squadron in the north of Tashima in the morning of August 14th, sank the Buriik. The two other ships of the enemy's squadron apparently suffered heavily and fled northward. Our damages are very slight.

TAKAHARA. Associated Press, Morning Service.

TOKYO, August 15.—In the naval engagement north of Tashima the Russian cruiser Buriik was sunk. The cruisers Bogota and Gromobol fled northward badly damaged. Injuries to the Japanese fleet were slight. The Japanese victory restores commerce. Prince Hirovian was slightly injured aboard the Mikasa on the 14th. Russia will be able to concentrate only four cruisers at Vladivostok. The Novik has been sighted heading for Van Diemen.

The Novik evidently intends to pass around the eastern coast of Japan to Vladivostok for such would be her course were she travelling from Klauschau, where she was last reported, towards Van Diemen Strait. This strait is the passage eastward between the lower Japanese island. Her trip, if bound for Vladivostok will take her near Yokohama after passing Van Diemen Strait. CAN'T REPAIR BATTLESHIPS. Associated Press, Morning Service. TOKYO, August 14.—It is believed that the Russians will be unable to repair the battleships which returned to Port Arthur after the engagement with the Russian fleet. They can no longer protect the entrance to the harbor though that is defended by land batteries.

RUSSIAN DESTROYER DESTROYED Associated Press, Morning Service. WEI-HAI-WEI, August 14.—Three officers and sixty men of the Russian destroyer Bruni, which was beached and blown up near here, have arrived at this port. CAPTURE OF DESTROYER. Washington, August 14. (Received at 6:56 p. m.) To Miki Saito, Honolulu.

Resume of several reports so far received concerning the capture of Russian destroyer at Chefoo, on the night of August 10. While cruising in search of damaged Russian Port Arthur squadron our destroyers Asashi and Kasumi sighted one apparently Russian destroyer steaming at full speed eastward and immediately pursued but the latter disappeared in the darkness. Continuing the search until the next morning they found that the Russian destroyer had fled to Chefoo. They remained outside the territorial water until midnight, vainly expecting the Russian destroyer's coming out, and then entered Chefoo and found that the enemy's destroyer was the Reshitinul and that there was no sign of her being dismantled. Accordingly Lieutenant Terashima was sent to offer the Russian commander the alternative, either to leave the port before dawn or to surrender. The latter accepted neither proposition and while discussing the proceedings he ordered his men to destroy the machinery of the vessel and set fire to the vessel. Then, taking Lieut. Terashima in his arms, he jumped overboard. Another Russian also jumped into the sea with the Japanese interpreter. Then other Russians commenced hostilities and meanwhile the magazine of the Russian destroyer exploded, causing casualties among our men. Thereupon the Reshitinul was captured and towed out to sea. Our casualties were one killed and fourteen wounded.

RUSSIANS IN NEUTRAL PORTS. Associated Press, Morning Service. TSINGCHOW, August 15.—The flag has been lowered on the battleship Czaryvitch and three destroyers which took shelter in this port. Germany ordered the Russian vessels at this port, which sought refuge there after the naval battle off Port Arthur, to leave the port within twenty-four hours. The fact that the vessels did not leave during that time and also that "vessels have lowered their colors" may mean that they have decided to remain there until the close of the war, being dismantled in the meantime.

SHANGHAI, August 15.—The Russian cruiser Grozovi has been ordered to leave here or disarm. It is expected that the Askold will dock at Woosung. ALEXIEFF GOES TO VLADIVOSTOK Associated Press, Morning Service. HARBIN, August 15.—Admiral Alexieff is en route to Vladivostok.

JAPANESE CREW MASSACRED. Associated Press, Morning Service. NEMURO, August 15.—Russian soldiers in Kamchatka massacred 87 of the crew of the Japanese schooner Teichi.

These ill-fated Jaanes were probably hunting seals, as evidenced by the large number with one vessel.

SAN FRANCISCO, August 5.—Alexander Craw, the ex-Deputy Commissioner of Horticulture of California, was the recipient of a handsome tribute from his many friends last night in the shape of a dinner at the Palace Hotel.
