Bad Blood Found a Skeleton

Have confidence in Ayer's Sarsaparilla. It has been curing people in all parts of the world for over 60 years. It is the greatest family medicine in the world. It purifies, strengthens, enriches, builds up.

Mr. George Fountain, of Mt. Torrens, So. Australia, sends his photograph and this interesting letter:
"I had a very bad case of eczema. Medical men had told me nothing more could be done. I tried several blood remedies, but without relief. The eruption was over the whole of my body and arms. My friends told me I must try Ayer's Sarsaparilla. To please them, I did so. To tell the truth, I did not have much confidence in it. I had tried so many medicines. To my great surprise, I found that after only one bottle the scales were beginning to disappear. It took just five bottles to make a complete cure. My skin is now perfectly smooth, and not a trace do I have of my former trouble."

There are many imitation Sarsaparillas. Be sure you get Ayer's.

Found a Skeleton

Of a Mastodon

VICTORIA, B. C., July 20.—Among the arrivals from the North by the steamers Princess May on Sunday morning were Messrs. R. E. Vashell and John Pearson, of Quartz Creek, in the Yukon. They are on their way to the World's Fair at St. Louis, and have with them a monster mastodon skeleton which they intend to place on exhibition at the Fair.

Two months ago when Vashell and Pearson were at work 42 feet below the surface, they unearthed a tusk. Feeling confident that the remains of a mastodon must be buried somewhere, the two men commenced digging operations with renewed vigor, until they arrived at the great white head of the monster. The head was in a splendid state of preservation.

Some of the ribs and leg bones and other loose bones were brought down, but the most remarkable part of the specimen is the monster head. It is in a perfect state of preservation. The great tusks stand out very prominently and several of the teeth are still firmly set in the great jaws. One loose tooth measures 12 inches in length and weighs about 11 pounds. Between the eyes the measurements are two feet four inches, and from the tip of the tusk to the top of the head the measurement is nearly five feet.

Messrs. Vashell and Pearson are on their way to St. Louis to exhibit the unique specimen. They are under bond to return it to the Canadian Government within two years, as the relic was exhumed on property leased from the Dominion Government, and the lease held by Messrs. Vashell and Pearson was for mining privileges only.

Last night the relics of this Pliocene monster were placed on exhibition at the Crystal Theater on Cordova street, and attracted many spectators. Among others who visited it was Professor Odium, who took accurate measurements of the different parts. The enormous tusks are green with the mildew of ages, but the rock-like skull is still fairly preserved. As one gazes at the great clamp-like teeth, and the lobes of the eyes and ears perforating the massive head like sea-side caverns, the mind wanders over aeons of time to "the floods and fires and earthquakes of the planet's early years," and sees a world enveloped from pole to pole with a hot and steamy haze, where a fringed vegetation abounded with gigantic herbs and rakish trees, where the mastodon and its kind shook the earth with their tread, where bat-like pterodactyls shut off the daylight with their fan-like wings, and huge saurians roaming in the deep lashed the sea into foam when the winds were still.

DOWIE LAYS DOWN THE LAW

EMBEZZLEMENTS OF THE ZION CHURCH FUNDS CAUSE THE PROPHET TO MAKE AN ANGRY ADDRESS—NO COURTSHIPS AND NO MARRIAGES IN ZION UNTIL THE PROPHET HAS BEEN CONSULTED, IS ONE RULE.

CHICAGO, July 28.—Zion City is filled with detectives, who are shadowing leading officers of Dowie's church, accused by the "prophet" of embezzling large amounts of church funds. The overseer claims that wholesale stealing has been indulged in by some of the most prominent officers of Zion, and it is said that there are likely to be wholesale arrests at any moment.

Dowie made public the fact of the embezzlements yesterday, and threatened the culprits with arrest unless they returned every penny of the stolen money. The embezzlers are church officials who have been entrusted with Zion funds. The doctor did not disclose their names, declaring that he would give them their choice of making good the amount of their peculations or being arrested and prosecuted.

Dr. Dowie was in a rage when he told yesterday how Zion had suffered. Zion's cash is a subject very dear to him, and he who steals Dowie's purse does not steal trash by any means, according to the doctor himself. He evidently figured, however, that a total exposure would mean the certain loss of the money, which would explain the offer of an opportunity to return the cash and "no questions asked."

Dowie's followers sat and shivered when the "prophet" launched into the story of the assaults on his treasury. A number of the "shining lights" were observed to quake when the speaker began speaking, and there was an exchange of anxious looks when he com-
