## GEAR CONTINUES DRAWING VENIRES

ANOTHER DAY IN COURT AND NO JURY TO TRY THE HAYASHIDA CASE.

Little progress was made today in Judge Gear's court in the case of Hayashida, the Japanese accused of murder. The bulk of the special venire drawn for jury service could not be located and of those who did appear the usual number were excused for the usual reasons. The progress of the trial was much interrupted by the presentation in the Damon murder case and by the arraignment of the prisoner Miranda.

Attorney Cathcart objected to either proceeding interrupting the trial of his client and did not think that it was proper that these formalities should go on in the presence of the jurors in the

Yayashida case. As none of the jurors had been sworn Judge Gear overruled the objection and an exception was noted. Another special venire was drawn to fill up the jury.

All those who are qualified are asked to present themselves at once for registration. The registration board is holding daily sessions in the building adjoining the post office.

## A KOOLAU MYSTERY

MUTILATED REMAINS OF UNKNOWN PERSON FOUND IN STREAM OFF WAIMANALO ROAD

Evidence of what is thought to be a brutal murder has been discovered on the Koolau side of the Pali. The partial remains of a man thought to be a Japanese, have been found in a stream of running water just off the government road to Waimanalo about three miles beyond the pali.

The legs and lower portion of the body were found. Nothing else of the body has been located by the officers. When first discovered there was some flesh clinging to the legs but since the object was first noticed the flesh has rotted away and only the bones remain. The remains were clad in a pair of black trousers and on the feet were a pair of good shoes which were of the

## The Law Moves Without Delay

## The Slayer Of Damon Is Already Indicted

HONOLULU GREATLY SHOCKED BY THE TRAGEDY OF LAST NIGHT —BUSINESS SUSPENDED, FIRMS GENERALLY CLOSING THEIR DOORS IN HONOR OF THE MURDERED YOUNG MAN—PUBLIC SYMPATHY FOR THE BEREAVED ONES.

The brutal and unprovoked murder of S. E. Damon last night by a Porto Rican thief, shocked Honolulu as no other event has done for years. Business was suspended by general accord today, all of the principal firms and most of the small ones closing at noon or before, in honor of the deceased, who, young as he was, had become a leader in the local commercial and financial field. The utter lack of provocation for the crime was one of the most generally commented on features of the case. Flags were half-masted, and there was every sign of genuine mourning about the city. The banks closed with other business places, and crepe marked the doors of Bishop & Company's bank, of which the deceased was a partner. This morning the youngest child of the deceased was still hovering between life and death, with no hope held out by the doctors of final recovery. Mrs. Damon, the widow, was in a condition of prostration. Expressions of sympathy for her and the father, Hon. S. M. Damon, as well as other members of the family, were on every hand, and the funeral this afternoon will be a very large one. The remains are to be interred in Nuanuu cemetery, services being held at the Damon residence. The pallbearers will be A. M. Brown, J. O. Carter, Jr., Alexander Garvie, A. Berg, Fred Damon, R. E. Wright, A. F. Judd and E. I. Spalding.

In just about fifteen hours after the commission of his dastardly crime by which one of the brightest young lives in the community was destroyed, Jose Miranda was indicted by the grand jury of the First District of Hawaii for murder in the first degree and was immediately afterwards arraigned.

The Judiciary building was crowded all the morning with an anxious crowd, for the fear of trouble had not entirely died away. The Attorney General and his assistants had been early at work in order to secure the attendance of the grand jury and in answer to the summons the body met in the stenographers' room promptly at 9 o'clock. The case for the people was presented by Attorney General Andrews. The witnesses called were Dr. Judd, who testified to the nature of the wound which caused the victim's death, Deputy Sheriff Chillingworth who arrested the man and to whom the prisoner confessed, Mary Antonia Colon, the Porto Rican woman of ill repute who was with the assassin when he struck the fatal blow and Detective McDuffie who found the knife where Miranda had thrown it. The evidence that these witnesses gave was more than sufficient to establish a prima facie case and the jury was unanimous in returning a true bill without delay.

The scene in Judge Gear's court as the grand jury, headed by the Attorney General and Foreman J. D. Tucker, filed in and made known the wish to file a report, was an animated one. The Japanese Hiroshida, who is on trial for his life for the killing of a fellow Jap, was sitting with his attorney as the seemingly interminable task of finding a jury went on and over

## GOVERNOR CARTER TALKS OF MAUI

THE EXECUTIVE BACK THIS MORNING FROM HIS TOUR OF THE ISLAND—BAD ROADS AND USURPATION OF GOVERNMENT LANDS TWO THINGS HE DISCOVERED—THINKS MAUI HAS TOO MANY PETTY JEALOUSIES.

Governor Carter, who returned this morning on the Likelike after an extended tour on the island of Maui was at his chambers in the Capitol bright and early this morning.

"My visit to Maui was in every sense a satisfactory one," he said. "I made a circuit of nearly all the government lands in company with Forester Hosmer and noted one matter that in particular indicates trouble in the future. People seem to have the idea there that public property is common property and hence cattle, pigs and other stock are pastured out on unoccupied or unfenced government lands, and I fear that this will create feeling when the time comes to have the law enforced. On Maui I gathered the general impression that the island has the worst roads in the territory. The standard of public opinion in the matter of good roads seems low, in fact many of the people do not seem to appreciate just what good roads are. Another matter in which Maui is behind is in good school houses, some of them are very poor, but I am glad to say that the members of the legislature set the right pace by the erection of a splendid building at Weather-ton. The forestry situation on Maui is most interesting and the benefits of a careful conservation of forest lands was never better instanced than it is there. The vast forests under the protection of Baldwin preserves insure the future of the productiveness of the island."

The governor rode all along the new dike and fully agrees with all that has been said of the beauty of the trip. He speaks in the highest terms of the kindness with which he was treated everywhere he went, but thinks that Maui would profit much if it were not divided by so many petty local jealousies.

## FIFTH CANDIDATES MAY WITHDRAW

EFFORT MADE TO PULL DOWN BOTH SHAW AND MAHELONA AS NOMINEES.

A meeting of the Republican executive committee of the Fifth District was held this afternoon. It is understood that as the result of the publication of James Shaw's record in the Star yesterday, he was asked to withdraw as one of the Republican representative nominees from the Fifth District. Shaw asked for time it is understood in which to consider the matter. He was given until tomorrow. There seems to be a decided demand that he withdraw from the race. There is also criticism directed against S. Mahelona another nominee from the Fifth and he also may be requested to withdraw.

In the anticipation of some withdrawals from the Hila-Che Pa-citizen restoration ticket, there is already discussion of men to be put up in place of the impossible ones originally nominated. There is said to be a vigorous call down in prospect for Mahelona, who is quoted as favoring a law to provide open che fa. The members of the District Committee were very secretive about their doings in the meeting this afternoon, but it is believed that the withdrawals will take place. Even Shaw's most earnest supporters now concede his unfitness.

Among those who have been named for the House in view of the changes are Fred Waterhouse, K. R. G. Wallace, A. F. Judd and E. R. Adams. It is not known at this time whether any of them are willing to run.

## KAUAI RIOTERS ARE BOUND OVER

JAPS WHO THREATENED OFFICER TENAKA ARE TO ANSWER TO NEXT GRAND JURY.

LIHUE, September 28.—The participants in the Kilauea riot, that almost cost Officer Tenaka his life have been arrested and brought before Judge Kabele on Friday morning. Everything was hushed up in Kilauea since the riot and it seemed almost impossible to find the offenders; but Sheriff Coney was determined, and the police force under him was active in the effort to bring the wrong doers to justice which resulted on Thursday in the arrest of twelve Japanese from Kilauea Plantation. They are Miyamoto, Kunishima, Mitsui, Kuniyuki, Fujiwara, Kamezawa, and Araki who all pleaded their innocence when brought before the court. Mr. Huddy, Officer Antonio Gomes and Antonio Pacheco with Officer Tenaka were the witnesses for the prosecution which was conducted by Sheriff Coney himself. The testimonies of these witnesses were taken down in Hawaiian. The policeman Antonio Gomes was the principal witness who related in length the whole story of the riot and testified that the defendants all participated in the riot. After the witnesses in behalf of the prosecution, came the examination of Kunishima, one of the defendants. His story was too weak to prove his innocence to Judge Kabele who committed his case as well as the rest to the Grand Jury. The bail for each defendant was fixed at \$500 which the Japanese said they will probably raise if given time. The court then adjourned. S. K. Kaaoe represented the defendants.
