ENOUGH REPUBLICANS, SAYS A. G. M. ROBERTSON

THE REAL CONTEST BETWEEN THE REPUBLICANS AND HOME RULERS—SUCCESS OF THE REPUBLICAN TICKET IS ASSURED IF THE MEMBERS OF THE PARTY STAND BY IT, SAYS THE REPUBLICAN LEADER.

"The Republicans will win, if they stand by their ticket," is about all that Territorial Chairman A. G. M. Robertson has to say today by way of forecast. "The contest is between the Republicans and the Home Rulers," he continued, "and my information shows that the Democrats will be a poor third. It all remains with the Republicans themselves. There are enough Republicans to win, if they stand by their ticket. If they do not, the Home Rulers may beat us by a slight margin as they did four years ago, and elect their Delegate to Congress with a majority of the legislature."

"One thing to be remembered by voters everywhere is that the precinct and district representation in the next convention is to be based upon the Republican senatorial vote cast in this election. That vote is the basis from which will be calculated the number of delegates to be allowed in each precinct."

Put Up a Job On The Googoes

A POLITICAL FREAK IN THE SHAPE OF A CIRCULAR SUPPORTING BROWN IS OBJECTED TO BY THE "GOOD GOVERNMENT CLUB" LEADERS—TURK, RYAN AND CUNNINGHAM JOIN IN AN AFFIDAVIT.

Frank J. Turk and "Billy" Cunningham, who are doing politics for Cecil Brown, were about town this morning with an affidavit signed by "Paddy" Ryan, Frank J. Turk and Cunningham, denying the genuineness of a circular which has made its appearance under the signature of the Good Government Club, advocating the election of Cecil Brown. The circular is posted at the Post Office and sets forth that at a certain meeting of the club, Brown was endorsed. It also reviews some of Brown's Senatorial records, calling attention to his support of the Pauoa water works, and asks that voters support him.

The affidavit made by the political triumvirate, Turk, Ryan and Cunningham, denies absolutely that there was any such meeting, or that the circular is a product of the Good Government Club. Ryan offers a reward of \$50 for the name of the man who wrote and published the circular. Both Turk and Cunningham appeared to be very indignant about it.

The circular and its prompt disavowal adds to the mystery of the Good Government Club's existence. As far as active membership is concerned, the club appears to consist of Ryan, Turk and Cunningham. The club did endorse Cecil Brown, but they are highly indignant at the circular saying so. It is understood that the reason for disavowing the circular with such vehemence is that it mentions Brown's Pauoa water works record. The affidavit is being freely shown and bears in addition to the three signatures, the words "37 others," showing that its signers are the real Good Government Club.

BONDHOLDERS IN CHARGE

The Royal Hawaiian Hotel, Hawaii's oldest large hostelry, which is known by travelers all over the world has been taken over by the bondholders and is being managed by them temporarily, preparatory to offering it for sale or lease. The hotel is owned by a corporation which issued bonds to the amount of \$150,000, and it is understood that the failure of the company to pay interest is the occasion of the bondholders taking charge. The Hawaiian Trust Company represents the bondholders and is now running the hotel.

The hotel will be kept open for the present, but is expected to be offered for sale or lease about the end of the present year.

A RESIGNATION

August Ahrens, manager of Oahu plantation, is reported to have resigned. According to street rumor, Ahrens while a very able manager, has been regarded by the agents of the plantation as somewhat extravagant, and it is said that his resignation is due to differences of opinion regarding expenditures.

H. Haekfeld and Company, agents for Oahu, had no information to give out today regarding the resignation, and it is said that no resignation has been received by them yet. The report has it, however, that Ahrens forwarded his resignation on Saturday.

BETS OFFERED

While betting on the outcome of tomorrow's polling was not very brisk today it was not for the lack of Republican money but was due to a tightening of the Democratic fist. In a leading downtown resort at noon today it was announced that there was \$850 on deposit to be bet on either of the following propositions:

- Even money that Nottley beats Iaukea.
- Even money that Kuhio is elected.
- Even money that the Legislature is Republican.
- Even money that Brown is beaten.
- 4 to 3 that Dowsett beats Brown.

HOME RULERS CLAIM VICTORY

DECLARE THAT NOTLEY WILL WIN ON AT LEAST THREE OF THE ISLANDS AND WILL BE ELECTED WITH A HOME RULE LEGISLATURE—EXPECT A VERY BIG VOTE IN THE FIFTH DISTRICT.

Home Rule leaders claim today that Nottley will win on Oahu, Maui and Hawaii. On this island they claim that the Fifth District will roll up a very big majority, both for Nottley and for the whole legislative ticket. They hope to make up in the Fifth for votes which the Fourth may register against them.

On Maui the fusion with Democrats is regarded by the Home Rulers as a winner and it is said that bets are offered that Nottley will beat Iaukea both on Hawaii and Maui. As in their first campaign, four years ago, the Home Rulers have done a great deal of quiet "digging" among the voters, and their leaders express themselves as full of confidence.

SUCCESSOR TO LORRIN ANDREWS

UNITED STATES DISTRICT ATTORNEY BRECKONS MAY BE APPOINTED BY CARTER.

The question of who is to succeed Attorney General Andrews upon his retirement at the end of the year is still in the very much unsettled state though, since the public announcement of his intention to resume private practice was made there have been mentioned the names of many attorneys who would fill the bill acceptably. Many persons about the courts believe that the promotion of Deputy Attorney General Peters should follow his chief's retirement. That he is able and indefatigable is not gainsaid and possibly the only possible thing that could be urged against him is his age, or rather his youth. Meanwhile U. S. District Attorney Breckons has been spoken to by Governor Carter about his acceptance of the office and Breckons has the matter under consideration.

WILL WIN ALL SENATORS SAYS CHAIRMAN KINNEY

PARKER'S DEFEAT PRACTICALLY ADMITTED BY THE CHAIRMAN MAN OF THE DEMOCRATIC COMMITTEE, BUT HE DECLARES THAT THE LOCAL DEMOCRACY IS GOING TO WIN NEARLY EVERYTHING IN SIGHT.

W. A. Kinney, Democratic Chairman, made the following statement this morning:

"I have admitted publicly that the chances appeared to be in favor of Roosevelt as against Parker, which admission is generally considered poor politics on my part. The admission was deliberate and to impress upon the Hawaiians,

"First—That we were dealing with absolute honesty with them, and, "Second—That there was little use for them to turn Democrats or to expect recognition from the Democratic party on the mainland if their only motive was to get in on the winning side.

"The Democratic Central Committee have further taken the position that the Democratic party even if it loses the presidential election, has ample power left to protect the Hawaiian people from any injustice or abridgment of their rights if anything of that kind is attempted. The Democrats have

ARROYO AT LAST ARRAIGNED

GEAR OVERRULES ALL OBJECTIONS TO INTERPRETERS AND INTERPRETATION.

A curious situation arose in Judge Gear's court this morning when the case of Eugenio Arroyo, charged with murder in the first degree was called for the eighth or ninth time. Arroyo is the Porto Rican accused of slaying his countryman Riviera and so far he has remained unarraigned on account of the difficulty in having the indictment translated to him. His attorney Leon Strauss has been using every effort to delay the case and managed to head off arraignment until today. Strauss understands Spanish, he says, Judge Gear also understands Spanish though he does not say so. The interpreter, Gomez understands not only Spanish but also the Porto Rican dialect, which is something like Spanish with a dash of bitters in it, and the prisoner not only understands Spanish and Porto Rican but has also a good knowledge of English.

Thus everybody was happy except Assistant Attorney General Prouser who in addition to a knowledge of plain United States, has only an acquaintance with only one foreign tongue, that spoken in New Jersey.

The reading of the indictment in Porto Rican was proceeded with by the order of the judge, his honor following the English version closely and Strauss bobbing up with objections at every other paragraph.

THE TAX COURT IS SUSTAINED

SUPREME COURT GIVES DECISION APPROVING ASSESSMENT OF LANDS AT \$400,000.

The tax appeal court was sustained by the Supreme Court this morning, in a decision fixing the assessment of the Hawaiian Sugar Company interest in 3,323 acres of cane land, under lease for fifty years at \$400,000.

The company returned the land at \$300,000 and appealed to the tax appeal court as to all over that amount, namely, \$100,000, but afterwards abandoned its appeal as to \$30,000, and the question now was as to the remaining \$70,000. The land had been assessed at \$400,000 and the assessment had been accepted by the company for a number of years previously, except that in 1902 the assessment was reduced, as the result of a compromise, to \$300,000.

The suit is an action to quiet title to 50 acres of land on this island. The exception to refusal of the motion for a new trial, sustained, J. A. Magoon and J. Lightfoot appeared for plaintiff, and Oates & Williamson for defendant; C. W. Ashford for defendant Wharton.
