NOTLEY WAS A SPENDER

STATEMENT IS FILED IN THE SECRETARY'S OFFICE AND SHOWS THAT HE SPENT TEN TIMES MORE THAN OTHERS WHO HAVE FILED ACCOUNTS SO FAR—A NUMBER OF OTHER CANDIDATES MAKE STATEMENTS.

According to his own sworn statement, filed this morning in the office of the Secretary of the Territory, Charles K. Notley, the Home Rule candidate for Delegate to Congress found the job of running for political honor an expensive one. He heads the list of those who have filed with the greatest ease as his bill amounts to \$898, the nearest approach to this being the account of Carlos Long, which is one for \$77.25. Neither Kuhio nor Iaukea have yet filed their accounts so far. The law says that these shall be filed within twenty days after election but as no penalty is imposed for an infraction of the law it is possible that a waiting public will never know how much was spent. Of Notley's expenses, \$882 was

debited to personal outlay and \$16 for printing and advertising. The accounts so far filed are as follows:

Thomas H. Kalawala	\$52.00
Sam K. Kamakala	28.00
W. N. Purdy	35.00
A. S. Kaleipu	46.50
Charles A. Rice	25.00
James F. Langston	25.00
D. H. Kahauliello	45.00
Carlos A. Long	77.25
J. M. Keaoha	40.50
S. K. Ohi	43.25
John C. Lane	76.00
C. J. Broad	29.50
Charles K. Notley	898.00
J. K. Kaohi	43.25
D. Notley	63.00

ONLY TRIAL WAS OF INNOCENT MAN

THE STRANGE RECORD OF THE CRIMINAL TERM OF THE FEDERAL COURT—TWENTY-FOUR PLEAS OF GUILTY AND ONE TRIAL AND CONVICTION OF A MAN WHO DECLARED HIS INNOCENCE AND IS NOW THOUGHT INNOCENT.

There were twenty-five convictions at the term of the United States District court which has just closed and of these twenty-five no less than twenty-four were obtained on pleas of guilty entered by the accused. One man entered a plea of not guilty, was tried and convicted by a jury and was sentenced to seven months imprisonment. The odd part of this remarkable record lies in the fact that serious doubt as to the guilt of this one man has now arisen and there is no doubt that if representations were made in the proper quarter his release from imprisonment could be obtained.

be there as he had brought M. Jo something to eat. M. Jo substantiated this statement but Kabayakawa's record was against him. He had only been out of jail for a short time for having had okolehao in his possession. Since his conviction and sentence, however, certain matters have come to light which have convinced the authorities that there is at least a reasonable chance that Kobayakawa was telling the truth and the Federal officers themselves admit that justice may have erred.

The man now doing time for an offense of which he may not be guilty is a Japanese named Kobayakawa, who was charged with another Japanese named M. Jo, with illicit distilling. M. Jo entered a plea of guilty but Kobayakawa, who was caught at the still when the raid was made, protested his innocence saying that he had merely happened to

When I prosecuted the man and succeeded in obtaining his conviction I was absolutely sure of his guilt," said U. S. District Attorney Breckons this morning, "but since then I have learned something which arouses a doubt in my mind. It does not amount to a complete belief in Kobayakawa's innocence but if he were to present a petition for release I would certainly sign it and would recommend his pardon very strongly."

WAS A CASE OF SANDBAG SAYS HOSPITAL PHYSICIAN

WOUND ON TOEPELMANN'S HEAD NOT SUCH AS WOULD BE CAUSED BY STRIKING A SHARP STONE—A LONG, NARROW CONTUSION SUCH AS IS NATURALLY CAUSED BY A BLOW—PATIENT RECOVERING.

In the opinion of Dr. Sawyer, the physician at the Queen's Hospital, the wound on the head of T. Toepelmann was not such as would have been caused by a fall on the ground. Dr. Sawyer is strongly of the belief that the wound was such as would be inflicted with a sand bag. "The wound," said Dr. Sawyer, "is quite a peculiar one. It is oval shaped and is a bruise. The skin is not broken and is as would be apt to have been in case, had he struck against a sharp stone. The wound is such as would have been sustained by a blow from a sand bag. Apoplexy may of course have caused it, but the probabilities are that the wound had something to do with it.

CONSUMPTION TAKES ITS VICTIM

DEATH OF CHARLES HAPAI IN HILO AFTER A LONG STRUGGLE—WAS 23 YEARS OLD.

HILO, Nov. 17.—Charles Hapai, a well known Hawaiian man, died at the residence of his mother on Pitman street early yesterday morning in the twenty-third year of his age. Deceased had been a sufferer from tuberculosis for a long time and was obliged to resign a position here about a year ago on account of ill health. On the advice of his physician he took a sea voyage and visited San Francisco where he remained several months. His health, however, did not improve and the longing for his Hawaiian home became so strong that he suddenly made up his mind to return. When he arrived in Hilo he showed no signs of benefit from the trip and was put in charge of Dr. Holland for treatment. The doctor saw there was no hope for his recovery and notified his mother to that effect. For more than two months he has been confined to his bed and constantly growing weaker in spite of the excellent care and attention given him. He was a quiet reserved young man with manners that won for him the respect of every one with whom he came in contact. During the time he held a position in a local store he was extremely popular with the public and his courteous manners made it a pleasure to deal with him. He will be buried from

HOME RULER AT THE RATIFICATION

THANKED THE REPUBLICANS OF HILO FOR NOT BREAKING UP HIS PARTY.

HILO, Nov. 17.—The ratification of the election of the Republican candidates took place on Monday night in the form of a broom procession in which more than two hundred men took part and in a mass meeting where the candidates had an opportunity to thank the people for their votes. The procession was headed by the Hilo band and marched from Waiuanu street around Shipman to Bridge and back to the fishmarket. Speeches were made by Representatives Lewis and Smith and Senator Brown and others. Their remarks brought forth some hearty cheers. Simons, a Home Rule leader, addressed the throng and thanked the Republican party for not trying to break up the Home Rule party during the campaign. The crowd applauded Simons and the band played patriotic airs until every one was ready to shout. The delegation with tin horns made the night hideous and almost shut out the band. There was a great display of fireworks during the evening and this was appreciated by the average small boy.

SUNDAY LAWS TOMORROW

THE HIGH SHERIFF TELLS HOW HE PROPOSES TO ENFORCE THE LAWS—WILL CLOSE UP STORES OF ALL KINDS AND CAUSE RESTAURANTS TO CLOSE AT SEVEN O'CLOCK—NO BASEBALL WILL BE ALLOWED.

When Honolulu rises tomorrow, she will have to don blue stockings and a Puritanical air, for there will be hungry policemen abroad in the land looking for offenders whom they may metaphorically devour. Honolulu is to enjoy a Sabbath Sunday. The Sunday laws are to be enforced tomorrow by the new police regime. According to High Sheriff Henry the day will not be so idyllic as a great many people have feared. "The purpose of enforcing the Sunday laws," said the High Sheriff this morning, "is of course to enforce the laws that are on the statute books and also by so doing, to secure a general observance of a respectable Sunday. The observance of the law will not be nearly so hard a task as many people are inclined to think. "In the first place I propose to make a special effort to close all stores in the city tomorrow. The Chinese, Japanese, Portuguese and other places are to be closed up tight. Our laws state that barber shops shall be allowed to be open until 9 o'clock in the morning and this will of course be permitted. Tobacco stores will have to close. "In regard to the marketing, the hours that have formerly been observed will be permitted tomorrow. The vending of such goods is clearly a necessity. The street and steam cars and carriages are also to be permitted to operate during the day throughout the Sunday. "Restaurants and hotels are to be permitted to keep open until 7 o'clock in the evening. They must close down after that time. In regard to the privilege of people regularly living at an hotel, I will say that they will be permitted to secure liquor the same as if they were in their own private homes. The hotel is their home and if they have secured liquor on week day there is no reason why they should not be allowed to do so on Sunday if they wish the liquor sent to their rooms. People can not go into the hotels however and order register and secure a drink in the strength of having signed the register. "Bathing at the beach resorts will be permitted as will sailing or canoeing or any amusement that is not such as to interfere with the rights of others to quiet and rest on that day. Baseball will have to stop but golf will be permitted. If any complaints against the golf player are made they will be liable to arrest. The Aquarium will have to close tomorrow. Livery stables will be permitted to keep open and to hire out conveyances. "The Sunday law about unnecessary labor on the plantations will also be enforced, as will the law generally, against people working on that day."
