No. 4018

WILLIAMS, DIMOND ON THE MARKET

SAY THAT THE LATEST REDUCTION IN REFINED SUGAR AFFECTED BEST GRANULATED ONLY—AN ENCOURAGING RESUME OF THE STATISTICAL POSITION—THE FLUCTUATIONS IN THE MARKET—CONDITIONS NOT ALL FAVORABLE IN CUBA.

Williams, Dimond & Co. in their discussion of the sugar market under date of San Francisco January 27, says:

Sugar.—List prices in the local market declined ten points Jan. 7th, but in this connection we beg to say that the Western Sugar Refining Co. on that occasion altered their selling terms to the trade in the matter of discount, whereby an apparent decline in reality constituted an advance of fifteen points on the net cash basis. The Western Sugar Refining Co. again advanced prices in the local market ten points 10th inst. followed by a reduction in Best Granulated only 19th inst. the last list dated Jan. 19th quoting Dry Granulated at 5.75c for the localities in question.

Advances were established for export to Alaska and Hawaii of fifteen points, Jan. 7th, and ten points 10th inst., followed by a reduction of Best Granulated only 19th inst., the last list dated Jan. 19th quoting Dry Granulated at 5.75c for the localities in question.

Latest Statistical Position.—Willet & Gray report U. S. 4 ports in all hands estimated Jan. 18th, 75,857 tons against 82,638 tons, same date last year. Six ports Cuba estimated Jan. 17, 62,599 tons against 90,245 tons, corresponding period previous year. United Kingdom estimated Dec. 21st, 111,090 tons against 148,000 tons, same date in 1904. Total stocks in all the principal countries by cable Jan. 19th at latest uneven dates, 2,740,357 tons against 2,720,883 tons; decrease from last year of 980,526 tons.

Eastern and Foreign Markets.—In our previous circular we called attention to the ascendancy of speculative tendencies in Europe coincident with the tranquillity and underlying soundness of raws in this country, features which continued to characterize the situation until the end of the holiday season. With the advent of the New

Year, however, a period of greater activity followed which was marked by a series of upward movements that have continued almost without interruption both here and abroad, although, at the close, according to latest mail advices from New York under date of Jan. 21st, a slight reaction is manifest and a less vigorous tone is observable in the raw sugar market.

The fluctuations in quotations of European Beets throughout the period under review are indicative of strong speculative influence although latterly sharp alterations in prices are less pronounced, and Mr. F. O. Licht who shortly after the publication of our previous circular still further reduced his estimate of the European crop to 4,685,000 tons, has cabled from Magdeburg that there is no change in the crop situation.

In this country, refiners have endeavored to counteract the general feeling that a higher range of valuations is a natural sequence of the strong statistical position of sugar everywhere, but Cuban sellers particularly have held to their views in this respect with tenacity and their pretensions have gradually been acknowledged by the consumption of transactions on a liberal scale at successively stronger figures, culminating in offerings in Cuba at 4c cost and freight which however buyers are loath to pay at the present juncture. The future course of the market will be followed by the different interests involved.

Latest advices from Cuba are to the effect that 157 estates are now in operation as compared with 124 last year. The weather continues favorable for grinding but the tonnage per acre is disappointing and the cane is poor in saccharine.

RUSSIAN STRIKE BREAKERS FRUSTRATED.

(Associated Press Cable to The Star).

WARSAW, Feb. 3.—Some employees of a lace factory at Lodz where 25,000 men are striking, attempted today to return to work but were prevented by the strikers.

WARSAW, Feb. 3.—The military patrol has exchanged many shots with the strikers here. Six strikers have been killed and 48 wounded by the military.

The coal miners are now striking. Over 300 people were killed in the recent disturbances in this city.

SALES OF BONDS ON THE STOCK EXCHANGE

HAIKU AND PAIA 6'S TAKEN AT \$102.50 TODAY—A CABLE FROM POLLITZ.

Two good sized sales of bonds on the stock exchange occurred this morning. One lot consisted of \$10,000 worth of Haiku 6's and went at \$102.50 and the other lot was a similar amount of Paia for the same price. Prices of various stocks were generally firm but not many sales were reported. There were some stocks to fall in price. The stock sales were 20 shares of Ewa at \$31; 20 shares of Honokaa at \$22.50 and 20 shares of Olan at \$8.50.

It is understood that the members of the exchange are contemplating making some changes in the rules of that body soon.

The following cable was received today by the Henry Waterhouse Trust Company from E. Pollitz of San Francisco: "Hawaiian Commercial \$90.50; Makawell \$39; Paauhau \$26.75. Will increase dividend next month. San Francisco market firm and advancing."

It frequently happens that one desires to set aside property for the use and benefit of a wife, child, or others, to be held and managed by a trustee, and the income paid to the person or persons designated, who for some reason, is unable to care for the principal.

This company is authorized by law to act as trustee for such.

Sanitarium For Lepers In The States

(Associated Press Cable to The Star).

WASHINGTON, D. C., Feb. 3.—The House Committee on Interstate and Foreign Commerce today approved the bill establishing a sanitarium for lepers in the United States.

\$150,000 FOR HAWAII

WASHINGTON, D. C., Feb. 3.—The House Committee on Interstate and Foreign Commerce today approved a bill appropriating \$150,000 to be used in Hawaii for the scientific study of the disease of leprosy. Delegate Kuhio Kalaniana'ole of Hawaii appeared before the committee and argued in favor of the measure.

THE FIGHT AT RIVER HUNHO

FEARFUL FIGHTING LASTING FOR FIVE DAYS—THE RUSSIANS HAVE AT LEAST SEVEN DIVISIONS WITH ONE CAVALRY DIVISION—FOUR OF THEIR REGIMENTS WERE NEARLY ANNIHILATED—THEIR LOSSES 10,000—THE JAPANESE LOSE 7,000.

Washington, February 3rd, 1905. (Received at 9 a. m.)

To the Japanese Consul-General, Honolulu:

Marshal Oyama reports as follows on the details of the fierce fighting from the 25th ult. to 29th when the enemy was driven to the right bank of River Hunho: "The enemy consisted of the first Siberian army corps, one mixed army corps, the second and fifth brigades of sharpshooters, a part of the eighth army corps, the sixty-first Siberian reserves division and some chasseurs, etc., making total at least seven divisions with one cavalry division. Our casualties were about 7,000 and the enemy's losses also considerable. Prisoners say that four regiments of the Russian infantry were nearly annihilated, whereof many companies reduced twenty or thirty men each, and that the total Russian casualties must be at least 10,000."

NEW RULES ADOPTED

THE STOCK EXCHANGE AS THE OUTGROWTH OF ITS EXPERIENCE IS CONSIDERING SOME CHANGES IN ITS RULES—ACCEPTABLE APPLICANTS FOR MEMBERSHIP CAN BUY THE SEATS NOW OWNED BY THE EXCHANGE ITSELF.

At the executive meeting of the Honolulu Stock and Bond Exchange two standing committees which the annual meeting had failed to fill were elected. These two standing committees were: Investigating Committee, A. J. Campbell, George R. Carter and F. M. Lewis; and Membership Committee, Harry Armitage, R. W. Shingle and J. R. Galt. It is supposed that it was from the fact that the investigating committee, which is a regular

HUSTLED FOR THE LOGAN

Number of Well Known Honolulu People Departed on the Transport for San Francisco This Morning.

The unexpected arrival of the transport Logan from Manila and Nagasaki yesterday afternoon en route to San Francisco caused considerable hustling to be done by various Honolulu people who wanted to depart on her for the mainland. The vessel was crowded with people in the cabin and people in the steerage, so there seemed little prospect for the various local people getting away.

Transportation had been arranged for some of the people from Honolulu but many others were anxious to depart and they put in several anxious hours trying to find some nook and cranny where they could be tucked away on the trip from this port to San Francisco.

Bert Webster and his wife were among those who wished to depart. It was not until this morning about 8 o'clock that they were able to secure an order for transportation. Webster has decided to remove to the mainland.

GORKY IS NOT RELEASED.

ST. PETERSBURG, Feb. 3.—Maxime Gorky, the author, whose release from prison was reported yesterday, has not been released and is still held by the authorities.

BISHOP RESTARICK IN A WRECK

WAS RETURNING FROM THE EAST ON A TRAIN WHICH WAS STRUCK BY ANOTHER AND THROWN DOWN A FIVE-FOOT EMBANKMENT—WAS NOT INJURED BUT WAS SUFFERING WITH FEVER AND SHOCK MADE HIM ILL.

STOCKTON, Jan. 25.—The west-bound Santa Fe train, known as the Stockton local, which leaves this city at 8 o'clock, and the south-bound Bakersfield local crushed together this morning at 9:20 o'clock near Bay point, while the former was being run on to a siding, or "Y," near the station. It was an accident which could not possibly have been avoided, so the railroad men and those who have investigated the affair declare. Two persons were quite painfully but not dangerously injured, and about a dozen suffered bruises and wrenches, owing to being thrown across a car. It was the passengers in the rear coach of the Stockton local who suffered, and they consider themselves fortunate that they were not killed or badly in-

RT. REV. HENRY BOND RESTARICK.

jured, as the coach was overturned and wrecked. The train from here was pulling on to the "Y," and all but the last coach had cleared the main track, when the south-bound train came along and the engine struck the rear coach, throwing it on its side and forcing the next coach from the rails. The people in the latter car were given quite a shaking up and many were bruised. They will not soon forget their experience.

The injured were: C. J. Hurrell, Stockton, scalp wound and several bruises; H. A. Bankhead, Kansas City, back badly wrenched and body bruised; Johannes Reimers, Stockton, nose cut by glass and shaken up; Mrs. J. S. Henry, Oakland, hand and face cut; Lester Henry, Oakland, head cut; Louis Henry, Oakland, head bruised; F. Dahnken, Antioch, bruised and shaken up; Mrs. F. Dahnken, Antioch, bruised and internally injured; Mrs. Horace Vincent, Stockton, knee hurt; Mrs. J. D. McGaughey, Stockton, left arm hurt; J. Levi, San Francisco, hand bruised; Miss M. Nolan, Antioch, legs bruised; Conductor F. Lannigan, cut by glass. There were some twenty-five or thirty passengers in the two coaches, but they escaped with severe shaking up or such slight injuries that they did not report them.

Bishop Restarick of Hawaii was one of the passengers on the Stockton local. He was on his way to San Francisco from the East and was suffering from grip and fever. The shock of the collision of trains made him seriously ill. He is now confined to his room in the Accidental.

Bishop Restarick returned by the Manchuria today accompanied by his son Arthur who has been seriously ill, and who, for a time, it was thought, would have to undergo a serious surgical operation. He is much improved.
