AROUSED OVER THE LIQUOR BILL

Objections To Wide Open Liquor Law

MEETING HELD THIS MORNING AT WHICH STRONG AGITATION IS BEGUN IN OPPOSITION TO THE BILL NOW IN THE HANDS OF THE GOVERNOR—MASS MEETING TO BE HELD TOMORROW EVENING.

A meeting of local business men to discuss the new liquor bill was held this morning and some very strong expressions of opinion were made against the bill as it has been sent to the governor. The meeting appointed committees to take up the matter along various lines, and decided to secure an expression of views from the Republican Territorial Central Committee. The opinion was expressed that the committee should state definitely whether it stands responsible for the legislation which the legislature is attempting, and it was stated by some of those present that the party would lose much support if it ranges itself behind the present liquor bill.

A VETO COMING

Governor Carter will veto the liquor bill. He has not yet acted in the matter and will probably not reach it until Monday, but he has made up his mind beyond any question as to what should be done with the bill. The Governor, in fact, has very positive views about the bill, and they are that it is an utterly iniquitous piece of legislation and fails to carry out even what its supporters want.

THE KIHAI MEETING

PROPOSAL MADE TO REDUCE THE CAPITALIZATION OF CORPORATION TO VALUE OF PROPERTY.

The special meeting of the stockholders of Kihai Sugar Company to consider a proposal to reduce the par value of the stock from \$50 a share to \$20 a share, was adjourned without action, so that H. P. Baldwin who is now out of the territory may be present.

At the same time there was some discussion of the matter. The sentiment was voiced that the change proposed would not in fact be of any real value, except as tending to uniformity in the par value of sugar corporation stock, and that really it had its inception in a stock-jobbing scheme to affect the market value of the stock without in fact affecting the property.

The proposal was made, tentatively, that instead of reducing the par value of the stock, there should be a reduction of the capital by the voluntary surrender by the stockholders of a part of the stock. By reducing the capitalization to \$1,000,000 the capitalization would in fact represent about the true value of the property. No action, however, was taken.

WHERE IS THE BILL?

The county bill has fallen by the wayside in some mysterious manner, and there are reports that it is being "held up." It did not reach the executive today, as it should have done, as an enacted law. The county election proclamation, which the act provides shall be issued at once, was all ready for the governor's signature, and to be published at once. As the bill was not transmitted the proclamation is held up.

MAGOON'S ANSWER

RETURN TO THE INFORMATION FILED IN THE SUPREME COURT.—DENIES THE CHARGE THAT HUSTACE MADE DEED IN PURSUANCE OF HIS ADVICE—CHARGES ROBERTSON AND WILDER WITH CRIMINAL CONSPIRACY—THE GOLDEN RULE.

J. Alfred Magoon this morning filed his return to the information filed against him in the Supreme Court by Attorney General Andrews. The return is a document of eighteen typewritten pages, discussing the charges at great length. Magoon repeatedly denies that his conduct has been professionally improper and urges many arguments to show the propriety of his course. The following are some of the main features of the return: "This respondent denies that on or about the 14th day of July, 1902, or at any other time he accepted from said Hustace a retaining fee in the matter

INDICTMENTS KNOCKED OUT

JUDGE DE BOLT SUSTAINS THE DEMURRER IN THE AB WONG CASE, HOLDING THAT INDICTMENTS MUST CONTAIN EITHER THE TRUE NAMES OR DESCRIPTIONS OF PARTIES ACCUSED.

Judge De Bolt this morning gave a decision in the case of the Territory against Ab Wong, sustaining the demurrer entered by Judge Humphreys on the ground that the words in the indictment "whose true name is to the grand jurors unknown" makes the indictment uncertain in its identification of the prisoner. All indictments found here have contained these words and the decision will affect a number of pending cases, besides causing a change in the manner of drafting indictments. Cases in which pleas have been entered, or appearances made, are not affected. It is claimed, as in such cases the point is considered as waived. Judge De Bolt said in his decision that indictments must contain the true names of the parties sought to be accused, or a description by which identification is possible. Said the court: "The purpose of an indictment is to inform the defendant of all the essential particulars of the crime with which he is charged. Among these essentials, and which is indispensable, is the identification of the party so charged. A person charged with crime must be so identified by name or other sufficient descriptions, as to designate, point him out and distinguish him from all other persons. This is only fair and just in accord with plain common sense. In the case at bar the indictment totally fails in all these essential ingredients. The grand jury in at-
