KNUDSEN IS PLEASED

SPEAKER OF THE HOUSE OF REPRESENTATIVES SPEAKS GOOD WORDS FOR THE WORK DONE BY THE LEGISLATURE AT THE SESSION WHICH CLOSED YESTERDAY—A BRIEF REVIEW OF SOME OF THE MORE IMPORTANT MEASURES PASSED.

Speaker Knudsen was emphatic this morning in expressing his belief that the recent session of the Legislature was one in every way creditable to the legislators as well as to the people who elected him.

"The present legislature had to deal with a number of very delicate matters," said the Speaker, "and to my mind they were dealt with in a manner which reflects nothing but credit on the members of both Senate and House. We cannot all see eye to eye and in legislative as in other matters there must be a good deal of give and take. Possibly there have been measures passed which many would like to see in other form, but that is bound to occur. I think myself that when the whole of the work is carefully reviewed the general opinion will coincide with my own. As to the personnel of the legislature while comparisons are always odious, I can only say that we can point to other neighboring commonwealth where they have only recently had members indicted for fraud and similar troubles while there is not even a breath of suspicion about the manner in which our affairs have been conducted.

"When it is remembered that it is only a few years since the franchise was generally extended in Hawaii, I think that the Territory is to be congratulated on the high standing of the members now in the two houses.

"As to the measures passed, the County bill is of course the one most in the public eye. I think that the act as it now stands is a good measure. It is practically the same as that submitted

by the Governor's commission. It may have minor defects which will show in its workings, but then that is the only way that they can be shown.

"As to the Liquor bill, I do not care to say much. It is a compromise measure of course, but the measure as introduced in the first place was at one extreme and the amendments made by the Senate to the bill which was vetoed reached the other extreme.

"The leprosy sore we always have with us, but I think that in view of the research which is to be made by the Federal authorities the House will be able to deal with the handling of the disease at the next session in the light of a greatly widened experience. There are two sides to the question of course, there is the humanitarian side which would do everything possible to lighten the burden of complete segregation and there is the strictly practical side which insists in making segregation as absolute as it can be made. Between these two positions there is a wide difference, but possibly with the study of the disease we may reach a reasonable basis of agreement some day after all.

"Speaking personally," concluded the Speaker, "I have nothing but thanks for the kindness and consideration given by the House to the presiding officer. My feelings were received, courtesy and though probably I may have erred at times, the House was always indulgent. Only four appeals were taken from the chair and in each case the chair was sustained. It is a source of great gratification to me to know that there is the best of good feeling between every member of the House and myself."

HOME RULERS WILL NOMINATE TICKET

COMMITTEE DECIDES THIS MORNING THAT THE PARTY SHALL PARTICIPATE IN ELECTION.

The Home Rule central committee for the Island of Oahu held a meeting this morning at the Home Rule headquarters on Maunakea street, for the purpose of considering the advisability of putting up a ticket in the coming county election. There was considerable discussion on the various details of situation but it was decided to nominate a ticket. The date for the county convention will be determined probably at a subsequent meeting. Two special committees to start precinct club organization were appointed. There was no action looking to proceedings to test the validity of the County Act.

WEISBARTH GETS GUANO CHARTER

VIKING OF HAWAII HAS BEEN ENGAGED BY THE KING OF LAYSAN IN GUANO TRADE.

Captain Schlemmer has chartered the schooner Lavinia from Captain Weisbarth for the Laysan Island guano trade. Weisbarth, the Old Viking, showed such a deep and tearful concern in Schlemmer's welfare while the latter was marooned at Laysan Island this year, that the King of Laysan forgave some of the short comings of the Viking and chartered the Lavinia. The Lavinia will take the household furniture of the Schlemmers to Laysan while the family will go to Laysan by the schooner Charles Levi Woodbury. Both schooners will leave Honolulu about May 3. Captain Schlemmer will send a piano to Laysan for the amusement of the family.

WILL CALL OUT THE DEMOCRATS

CALL FOR CENTRAL COMMITTEE TO MEET AND ARRANGE DATE FOR HOLDING CONVENTION.

A call for the Democratic committee to arrange about the county convention will be issued next week. W. A. Kinney, the chairman of the Territorial central committee, is strongly in favor of making the fight for county offices, and he stated this afternoon that he would approve the issuance of the call. W. F. Irving, the secretary of the committee, will confer with Chairman Kinney tomorrow morning about the call and the details will then be settled. The Democrats do not seem disposed to institute any proceedings to test the validity of the new County Act.

A WORKING SESSION SAYS LANE

SENATOR JOHN LANE SAYS THE SESSION JUST ENDED MADE A HIGH WATER MARK.

Senator John C. Lane thinks the session just ended was a working session and accomplished more important work than any other legislature the Territory has ever had, and left less important work undone.

"We had this advantage over previous legislatures," he said today, "that the members were practically all of one political party, and hence there was not the factional fighting of opposite political parties to interfere with the work.

"We put through the county bill, made many useful amendments to the revenue laws, and did much other important work. While there were a number of bills of importance which did not get through, I do not think there was any measure of prime importance which were not acted on."

STOCKS THIS AFTERNOON.

The following transactions were reported at the afternoon session of the Stock Exchange today: On board: 25 Kahuku, \$32.50; 10 Waihua, \$68.50.

An order has been made dissolving the attachment issued in the case of Rothwell vs. Peacock.

LIVE STOCK FOR MIDWAY PEOPLE

MILK COWS AND SHEEP ARE TO BE SENT TO THE CABLE STATION ON SCHOONER C. L. WOODBURY.

When the schooner Chas. Levi Woodbury departs for Midway next week she will carry an unusual cargo on deck. There will be six milk cows and twenty sheep for the Midway cable station. The animals are now aboard the cable steamer Restorer and were to have been landed at Midway from that vessel, but owing to the rough weather the stock could not be gotten ashore. The Woodbury is to try and get the stock landed. The schooner is likely to require about two weeks in which to make the trip. She will take other stores from this city for Midway.

M'DUFFIE ACQUITTED

A. McDuffie, former detective of the police force, was acquitted of accepting a bribe, by instruction of the court this afternoon. At the close of the prosecution Attorney F. E. Thompson made a motion that the court instruct the jury to acquit, on the ground that the offense charged in the indictment had not been proved. After hearing argument the court granted the motion and a verdict of not guilty was at once returned.

Hi Sheriff Henry was a witness this afternoon in the trial of A. McDuffie on a charge of accepting a bribe as a police officer. He was called to testify as to McDuffie's commission, but was not able to identify the document produced as a commission, its date being prior to Hi's term of office. The document was therefore not introduced. After the sheriff's testimony the prosecution closed, and Attorney Thompson made a motion for an instructed verdict of acquittal. The motion was based largely on the ground that proof that McDuffie was an officer was lacking. The jury was excused while the motion was argued.

DEMOCRATIC COMMITTEE.

There is talk of a meeting of the Democratic central committee soon to start the campaign.

FROM JAIL TO ASYLUM

CHINESE GIRL HELD AS A SLAVE FOR YEARS IS A MENTAL AND PHYSICAL WRECK AND ON BEING RELEASED AS A WITNESS IS SENT TO THE ASYLUM FOR INSANE.

One of the most shocking cases of oriental depravity and slaveholding which has yet been unearthed here was exposed in the trial of Wong Loy before United States Judge Dole yesterday. The evidence showed a young girl held in subjection as a piece of property transferred from one man to another for cash until she lost both her mind and her physical strength and now she is a fit subject only for the asylum.

Wong Loy was found guilty of holding a young Chinese girl in involuntary servitude, by a jury verdict in the federal court yesterday afternoon. This morning his victim was sent to the asylum for insane. She is Sue Loy, described in the deeds of sale and purchase dated a couple of years ago as 12 or 13 years of age, but looking far older than that would make her, and now a mental and physical wreck. She has been held in Oahu jail as a witness up to this time, but now that the case is closed it was her term as a witness is over. She wanted to stay in the jail when discharged this morning. Instead she was sent to the asylum and it is doubtful whether she will ever be released.

Sue Loy is subject to epileptic fits and is in a condition bordering on dementia. Her "owner," Wong Loy, is a big, brutal looking Chinaman. The bills of sale of the girl, which were published in The Star at the time of the arrest of Wong, will be remembered as referring to her as absolutely sold like a piece of furniture and containing a clause to the effect that if anything should happen to the girl in her slavery, even if it was death, "no one should be to blame." The first sale and transfer was in 1901, and since then the girl has been held in confinement and slavery by her owner.

On the witness stand yesterday Sue tried to tell her story, but appeared mentally incompetent. She stated, however, in answer to questions by J. J. Dunne, who prosecuted the case, that she was held as a witness prisoner by Wong. In the midst of her testimony she made a request of her lawyer through the interpreter. Judge Dole asked was the question was, and was told that the woman wanted to smoke a cigarette. She has the appearance of both a cigarette and dope fiend and will probably soon end her days in the asylum for insane.

The jury found Wong guilty on all four counts in the indictment. Sentence was set for this morning, but was deferred until Saturday.
