CARTER ON THE MAUI STRIKE

(Continued from page one.)

one-half hour later the troops left Waituku for Lahaina, arriving there about seven in the morning. Captain Bal sending the following wireless message:

"Col. J. W. Jones, Com. 1st Reg., N. G. H., Honolulu:

"Riot occurring among Japanese laborers Lahaina Plantation. At request of Sheriff Baldwin, I brought Company 'I' to Lahaina. Will await instructions from you as to course of action to be pursued. Wire answer as soon as possible.

"CAPT. W. E. BAL,

"Com. Co. 'I,' 1st Reg., N. G. H." "Remain at Lahaina until further orders from me or Sheriff Baldwin. Do nothing, except upon request in writing from Sheriff Baldwin. Upon receiving such request, render all assistance which your reason and good judgment dictate. Be extremely careful that none of your men go further than is required by the request of the Sheriff, and see that they do not themselves commit any act which would tend to provoke overt acts on the part of the strikers.

Captain Bal's report shows that on his arrival he found the strikers in an unruly mood, but that they soon realized the militia was there to prevent further mischief, and immediately broke up into small groups, and had maintained a sullen, though peaceful attitude throughout the day. At the time of reporting—6 p. m. Saturday, May 23—he hoped there would be no further violence.

On Sunday morning it is evident the strikers attacked the house occupied by a Japanese contractor, and the police authorities, in attempting to protect either the property or the contractor, were fired on by the strikers, and a returning fire, killed one striker and wounded two.

During the morning of the 21st, a request for further assistance from Honolulu was made by the Sheriff. Return messages were sent, inquiring into the details, and the necessity for the same, in response to which came the information as to the actual clash of forces and loss of life. Thereupon, at the request of the High Sheriff, I ordered that a Company of the local Militia be detailed to accompany the High Sheriff and such police officers as he could gather together to be taken at once to Lahaina. The Steamer "Kilauea" left Honolulu at 4 P. M., with Company "F", the High Sheriff, and such police officers as he was able to collect, and representatives of the plantations.

This incident brings the community to a realization of the need of a Territorial militia. Organized mobs can only be met by trained and drilled militia. The quick response and good judgment shown by the Waialuku militia is the answer the National Guard makes to those who scoff at its usefulness and ridicule the uniform.

I have already called your attention to this matter in my message, and let me state that the National Guard, in teaching its members the American principle that their own property is best protected and safest when the property if every other person in the community is also protected, is doing a patriotic service, well worthy of the support of every citizen. I trust public opinion will cease to be guided by the foolish remarks of idle and will support the suggestion already made to you, of an appropriation of \$5,000 per annum for the maintenance of the militia. The public must surely recognize that, considered simply as a premium for protection insurance, it is worth while.

It will also be necessary for you to pass another bill, making an appropriation of at least \$2,000 additional to the current expenses of the present fiscal period, to cover the extra expenditure this incident will cause the Police Department.

I do not doubt but that you will give these matters your immediate and serious consideration.

G. R. CARTER,

Executive Chamber, May 24, 1908.

On motion of Achi the message was referred to the Ways and Means Committee, with instructions to confer with the corresponding House committee.

WANTED--THE EARTH

Students will find exciting at the theatre present the laughable comedy drama "Wanted--The Earth." The comedy is full of funny situations and laughable dialogues. The story deals with an old farmer who sells his farm, moves to New York and enters into

speculation in Wall Street. His wife, while in society, craves to get a divorce. Editor and Herndon have the principal comedy roles and the balance of the company have excellent parts. There will also be new specialties. At the matinee next Saturday "Little Red Riding Hood."

SENATE PASSES THE LOAN BILL

REPORT OF THE CONFERENCE COMMITTEE OF TWO HOUSES MEETS ITS APPROVAL.

Senator Bishop presented the following report of the Conference Committee on the Loan Appropriation Bill:

Honolulu, May 23rd, 1908.

Hon. D. P. R. Isenberg, President of the Senate, and Hon. E. A. Knudsen, Speaker of the House of Representatives, Legislative Assembly, Territory of Hawaii.

Sigs.—Your joint conference committee, to whom was referred Senate Bill No. 3 (Loan Appropriations) beg leave to report that they have had the bill under consideration and have reached a unanimous agreement thereon; the Committee recommend that the bill as amended by the House, subject to the changes hereinafter specified, be passed, said changes being as follows, viz:

Section 2, under "General Appropriations for all islands," amend item, "Extension of Wharf System, Honolulu, \$250,000—strike out the figures 250,000 and insert in lieu thereof the figures, \$300,000.

Section 2—Strike out items: Schoolhouse, Waialea, Maui, \$5,500; new schoolhouse, Pukouli, Maui, \$2,500; new schoolhouse, Mokulua, \$1,000; new schoolhouse, Kihel, \$1,500; new dining hall and furnishings, Lahaina, Maui, \$4,500.

Insert new item (in lieu of the preceding five items stricken out) "Educational building, Maui, \$14,000."

Strike out item, "New schoolhouse, Paia, Maui, \$2,500."

Change item reading, "New building for home for non-ferrous metal children, of leprous parents, Oahu, \$300."

Amend item "Honolulu Water Works, general, \$60,000," by striking out the figures 60,000, and inserting in lieu thereof "200,000."

Amend item reading "Purchase of Paoa water rights, according to the Commissioner's report of March 30, 1905, also the impounding and delivery of the same, \$140,000," to read as follows, viz: "Purchase of Paoa water, also the impounding and delivery of the same, \$50,000."

Strike out item reading, "Piping Paoa water \$20,000."

Strike out the total "\$783,000," being the total under the heading "General Appropriations for all islands," (as amended by the House) and insert in lieu thereof, the figures \$861,160."

In the same section reinsert the following item, viz: "Widening and regrading Belt road, Kahohe, South Kona to Kau boundary, \$4,000."

Amend item reading "New road, Kahohe homesteads, Puna, \$5,500," by striking out the figures "5,500," and inserting in lieu thereof the figures "4,000."

Amend item reading "Extension Kapapa road, Puna, \$4,500," by striking out the figures "4,500" in lieu thereof the figures "4,000."

In the same section, "Island of Maui, reinsert the item "Lahaina fire station and equipment, \$5,000."

Amend item reading "Approach from government road to McGregor's landing, \$4,000," by striking out the figures "4,000" and insert in lieu thereof the figures "3,150."

Amend item reading "Relocating road from Lahaina to Maalaea \$6,650," by striking out the figures "6,650" and inserting in lieu thereof the figures "5,000." Strike out figures (total Island of Maui), "\$9,180," and insert in lieu thereof the figures "\$71,880."

In the same section "Island of Oahu," amend item "Horse shoe road around Paoa valley \$25,000," by striking out the figures "25,000" and inserting in lieu thereof the figures "20,000."

ACTION DEFERRED IN THE HOUSE

ON THE SUBJECT MATTER OF BOTH MESSAGES RECEIVED FROM GOVERNOR CARTER.

Two long messages from Governor Carter, identical with those received by the Senate, engaged the attention of the House of Representatives at the opening of its session this morning.

The message relative to the troubles at Lahaina and the need of supporting the militia having been read, Coehs moved that action on it be deferred for the present and the House adopted the suggestion.

Action was also deferred on the Governor's veto of certain items in the bill making additional appropriations for departmental use, S. B. No. 5.

Waterhouse moved to take up the item of \$201.75 for payment of J. D. Avery for services in drafting the County Act, which the Governor vetoed. He wished to veto the veto, but it was decided to see first what action the Senate would take as the bill was from the Senate.

Harris introduced a bill to appropriate \$2000 for the police expenses in connection with the Lahaina riot. The bill passed first reading 57 title.

Harris also introduced a bill to appropriate \$10,000 for the support of the militia which was read a first time by title.

On Coehs's motion the rules were suspended and Harris' bill for the riot expenses, the Governor's message relating to the riot and Senate Bill No. 3 now before the House for third reading, were referred to the Finance Committee for consideration. He explained that by so doing the item of \$2000 could be inserted in Senate Bill No. 9 as an amendment and that five days could thus be saved.

The report of the Conference Committee on the Loan Appropriation Bill was submitted by Waterhouse. The report was the same, of course, as that presented in the Senate.

The House adopted the report. Coehs moved that the Senate joint resolution to submit to a committee of five, for revision, the election laws of the Territory, should be raised from the table.

Speaker Knudsen pointed out that the joint resolution in question had not been beaten on first reading.

The resolution passed first reading. The House at 11:30 adjourned until 10 o'clock tomorrow morning.

SIERRA ARRIVED TODAY

BRINGS A NUMBER OF RETURNING ISLANDERS—HAS 200 TONS OF FREIGHT FOR THIS PORT.

With a good sized crowd of passengers for Honolulu and an old time favorite of local theatrical goers aboard for the Colonies, the S. S. Sierra arrived on time this morning from San Francisco. Names O'Neil and a company are aboard the vessel en route to Sydney. McKeen Rankin is accompanying her as usual, as manager. Miss O'Neil was met by former friends and is being entertained during the brief stay of the vessel in this port.

The Sierra from San Francisco May 18. She had a strong north west gale with very heavy sea for the first 24 hours after leaving that port, and thence to port fine clear weather with moderate easterly winds. Ter time of passage was 5 days 14 hours. On May 21 at 2:45 p. m. she met and exchanged signals with the S. S. Mongolia. The latter vessel is due in San Francisco today from Honolulu and the Orient.

Among the passengers returning to Honolulu was W. M. Graham who has been on the mainland on business.

T. F. Lansing returned from a brief trip to San Francisco. Ira Wells arrived. Miss Annie Whitney returned from an extended visit abroad.

J. T. McGrew returned from an extended visit in Europe where he studied art.

G. M. Rolph of Alexander and Baldwin returned from a vacation on the mainland.

Maynard Dodd arrived to take the position of chief electrician on the cable steamer Restorer. He will also be assistant superintendent of the local cable station under J. D. Galnes.

FAVOR COLLEGE OF AGRICULTURE

SENATE COMMITTEE THINKS LAHAINA WOULD MAKE A GOOD START FOR ONE.

The following is the report of the Senate committee on Education on the subject of an Agricultural college.

Honolulu, May 24, 1908.

Hon. D. P. R. Isenberg, President of the Senate.

Sir: Your committee on Education to which was referred House Concurrent Resolution No. 1, beg leave to report as follows:

This resolution authorizes and directs the Commissioners of Public Instruction to investigate the requirements under the Federal laws, the probable expense to the Territory, and a possible practicable site for a College of Agriculture and Mechanical Arts, with other details and to report the result of their findings to the next regular session of the Legislature.

We find that by properly establishing an Agricultural College within this Territory we shall be entitled to a Federal appropriation of \$25,000 a year. This will materially assist the Territory in defraying the expenses necessarily attached to maintaining such an institution.

There can be no question as to the benefit which will be derived by the Territory in the establishment and the maintenance of such an institution.

An Agricultural College will undoubtedly enhance our future development along agricultural and industrial lines.

Your committee however feels that special direction should be made so as to include a request for proper examination into conditions, suitability of Lahaina as a site for this purpose.

Lahaina is centrally located on Maui, in close and frequent communication with all parts of the Territory, has been recently provided with splendid buildings which are a credit to this Territory and which would be an honor to such an institution.

Taking the matter of expense into consideration in connection therewith, we feel that very little extra expenditure would be needed in the event of Lahaina being selected as the Agricultural College.

It is provided with buildings, workshops, electric power and owns large tracts of wet and Kula lands and a suitable water supply.

Your committee therefore recommend that the resolution pass with the following amendment:

Insert the words: "The suitability of Lahaina for such a purpose" in line 12 between the words "College and "and."

Respectfully submitted, HAYSELDEN, HEWITT GANDALL.

The report was adopted.

THE GOVERNOR VETOES SOME ITEMS

KNOCKS OUT J. D. AVERY'S BILL FOR SERVICES IN CONNECTION WITH THE COUNTY ACT.

The Senate this morning received the following message from the Governor with a veto in it as follows:

A message to the Legislature of the Territory of Hawaii.

Herewith, I return Senate bill No. 5 entitled "An Act making additional appropriations for the departmental use of the Territory of Hawaii," as I am unable to approve the following items: CURRENT EXPENSES, DEPARTMENTAL USE.

Executive Department: "J. D. Avery, services incidental to drafting Act 39, Session Laws of 1905, regular session, \$291.75."

The Joint Resolution of the Special session of the Legislature of 1904 approved on the 19th day of April, 1904, reads as follows:

"That a commission of five be appointed by the Governor to draft a County Act, the members thereof to serve without pay. And that such act so prepared, and such expenses as may be incurred by them, with the approval of the governor, be submitted to the next regular session of the Legislature."

Under this resolution, the Commission applied to and secured the approval of the governor for but one item of expense, the printing of the result of the Commission's labors, and this will be paid out of the incidentals of the Governor's office.

"Expenses of Board of Registration, First District. S. L. Desha, \$34 00 Jos. Pritchard, \$4 00 Eugene Lyman, \$4 00 \$52 00

"Election Expenses, Board of Registration of Maui. S. Kapu, \$105 00 George Weight, \$95 00 W. F. Crockett, \$95 00 \$315 00

"Election Expenses, Board of Registration of Kauai and Nihoa. H. G. Smith, \$3 40 A. H. Rice, \$4 00 W. J. Sheldon, \$4 00 \$42 00

TAX COURT WON MANY CASES

NEARLY THREE MILLION DOLLARS IN ASSESSMENTS REPRESENTED IN CASES APPEALED.

With the payment of about \$3,500 into the tax office by the various sugar factors on their agency contracts, on which an appeal to the United States Supreme Court was recently discussed, the tax office has ended a year of remarkable success in appealed cases. The agency contracts were fixed as assessable at \$350,000, in the final decision of the Supreme Court here.

Nearly three million dollars have been placed in the taxation values by the cases taken to the Supreme Court this time by Assessor Holt. There were 23 property tax appeals and five income tax appeals and the tax office was sustained almost throughout. The total tax collected in the appealed cases is \$28,000, representing assessments of \$2,800,000.

EMPIRE DAY TODAY

Today, May the twenty-fourth, is a day dear in the memory of every British subject as well as in a very large number of people who are not British but who have a reverence for true womanhood. It is the anniversary of the birth of the late Queen Victoria of Great Britain and Ireland, Empress of India. There are many here in Honolulu who will remember the celebrations on "Queen's Birthday," which they enjoyed on shores far from these and it is interesting to note in this regard that while the present King's birthday falls actually on November 9th, he officially celebrates the event on the day of the birth of his royal mother. In Canada and some other portions of the British empire the twenty-fourth of May is celebrated as "Empire Day" since Victoria's death.

AROUND OAHU

Henry Brower, who has acquired quite a local reputation as a long distance pedestrian, finished a complete pedestrian circuit of this island, last night, having walked in from Waialua after 9 o'clock in the morning. His course led him around the eastern end of the island by Koko Head and Waiananalo, a part of this distance being little frequented, and presenting few well marked trails.

THE SCHOOL TAX

The new grounds of attack on the County Act, that it provides for a diversion of school tax funds, is stated by some to be of little or no value in an attack upon the law in question. It was claimed that the provision which calls for turning over to the counties of fifty per cent of all the taxes collected was illegal in that it diverted a territorial school fund to the county. There is no Territorial school fund, however, and it is contended that the objection does not apply in view of the way funds are handled by the government. All taxes collected are turned in alike to the general fund, whether they are school taxes or other taxes.

A RICH SUGAR CARGO ARRIVES

HAWAIIAN ARRIVES AT DELAWARE BREAKWATER FROM HAWAIIAN ISLANDS MAY 17.

News of the arrival of the S. S. Hawaiian at Delaware Breakwater from the Hawaiian Islands has been received. She arrived on May 17, having made the trip from Hilo in 63 days. This was a better record than she made the previous trip as her time on that occasion was 65 days. The vessel had to make two stops for coal however so she does not make the run as rapidly as do the vessels provided with oil fuel.

She carried a cargo of 5,977 tons of sugar. The price of sugar on the date of her arrival was \$86.5 a ton, which made the value of the Hawaiian's cargo \$560,802.60.
