FOREIGN NEWS BY CABLE ARMS FOR THE CAUCASUS.

ST. PETERSBURG, June 27.—The police have ascertained that large quantities of arms have been sent to various parts of the Caucasus. Several portions of Russia are verging on a state of open war against the government. The two capitals are as yet unaffected, but any attempt at the mobilization of troops would probably cause a renewal of the tumults.

PEACE PLENIPOTENTIARIES ARE TENTATIVELY NAMED

WASHINGTON, June 27.—President Roosevelt has gone to Oyster Bay. It is given out here that M. Nelidoff and Baron Rosen, on the part of Russia, and Baron Komura and Minister Takahira, on the part of Japan, have been tentatively named as the Commissioners on the part of the belligerent powers to treat for peace.

Baron Rosen is the newly appointed Russian Ambassador to Washington, and is peculiarly fitted for a place on the peace commission, because of his familiarity with Far Eastern affairs, and because he knows Japanese. M. Nelidoff, who will probably be the other Russian plenipotentiary, participated in the negotiations preceding the treaty of San Stefano, which closed the Russo-Turkish war, and is a diplomat of the very first-class.

Baron Komura is the Japanese Minister for foreign affairs, and Mr. Takahira has made himself well known to Americans since he has held the place of Minister to Washington.

A St. Petersburg dispatch of June 1 says that in spite of the official dubiousness as to the result of peace negotiations, reports were current in the Russian capital that the Czar had already obtained Japan's conditions, and that they were surprisingly moderate.

A rather important detail, which has been the subject of informal conversations at the White House, is the language to be used at the conference. Russia will ask that the French language be used; Japan will express a preference for English, and in recognition of the courtesies to be extended the plenipotentiaries by the Washington Government, diplomats believe that the English language, if not accepted as the official language of the conference, will be used jointly with the French, the proceedings of the conference being recorded in both tongues.

WHAT HONOKAA CITIZENS THINK

BELIEVE REPUBLICAN PARTY IS THE PARTY AND PRIMARILY THE PLACE TO WORK.

EDITOR STAB: The citizens of Hanakua were delighted to hear of Brown's election. We predicted it when this Civic Federation party was sprung on us. The good old reliable Republican party is good enough for me and my advice to those who are not satisfied with what we do get into your precinct clubs and try and do better not cuss the party generally after the nominations are made while the goody goodies stay home asking providence to give them good government. God helps those who help themselves.

ENDORSED BY NARROW VOTE

GOVERNOR CARTER COMMENDED BY THE TERRITORIAL COMMITTEE AFTER A FIGHT.

At a meeting of the executive committee of the Republican Territorial committee yesterday afternoon a vote was passed after considerable opposition endorsing the administration of Governor Carter and pressing him to remain in his present position. There were nine present and the resolution favoring the Governor was carried by five to three as follows:

Ayes: J. P. Cooke, Samuel Johnson, W. W. Harris, W. H. Rice and D. Douglas.

Noes: A. G. M. Robertson, S. L. Desha and John C. Lane.

W. T. Hawkins, holding a proxy for Frazer of Hawaii, did not vote.

Whereas, George R. Carter, Governor of this Territory has tendered his resignation to President Roosevelt;

Resolved, That this Committee regrets exceedingly that the Governor has taken such course, and hereby expresses its hope that such resignation may be withdrawn or may not be accepted.

We believe that the administration of the office of Governor by George R. Carter has been public spirited, efficient and economical.

We believe that the interests of Hawaii and its people will be conserved by the continuance in office of the present Governor; believing that a change in the chief executive at this stage of the development of American institutions in Hawaii will be conducive to unrest and retrogression, with no offsetting advantages.

Resolved, That a copy of these resolutions be transmitted to the President of the United States, and to Governor Carter.

WHY DOCTORS FAIL

AND MRS. PINKHAM SUCCEEDS Plain Reasons Are Here Given to Explain Why Lydia E. Pinkham's Vegetable Compound Cures When Doctors Are Powerless

A woman is sick; some disease peculiar to her sex is fast developing in her system. She goes to her family physician and tells him a story, but not the whole story.

She holds something back, loses her head, becomes agitated, forgets what she wants to say, and finally conceals what she ought to have told, and thus completely mystifies the doctor.

Is it any wonder, therefore, that the doctors fail to cure the disease? Still we cannot blame the woman, for it is very embarrassing to detail some of the symptoms of her suffering, even to her family physician.

It was for this reason that years ago Mrs. Pinkham, at Lynn, Mass., determined to step in and help her sex. Having had considerable experience in treating female ills with her Vegetable Compound, she encouraged the women of America to write to her for advice in regard to their complaints, and being a woman, it was easy for her ailing sisters to pour into her ears every detail of their suffering.

In this way she was able to do for them what the physicians were unable to do, simply because she had the proper information to work upon, and from the little group of women who sought her advice years ago a great army of her fellow-beings are to-day constantly applying for advice and relief, and the fact that many thousands of them have been cured by following the advice of Mrs. Pinkham during the last year is indicative of the grand results which are produced by her unequalled experience and training.

No physician in the world has had such a training, or has such an amount of information at hand to assist in the treatment of all kinds of female ills, from the simplest local irritation to the most complicated womb diseases.

This, therefore, is the reason why Mrs. Pinkham, in her laboratory at Lynn, Mass., is able to do more for the ailing women of America than the family physician. Any woman, therefore, is responsible for her own suffering, who will not take the trouble to write to Mrs. Pinkham for advice.

The testimonials which we are constantly publishing from grateful women establish beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.
