

ANTI-GRIPPE TABLETS.

There is no guess work about this remarkable cold cure. They cure colds, grippe and dengue quicker than any other known remedy.

Another important thing to know about them is, they are safe to take; they will not cause ringing in the ears or nervousness.

During the siege of dengue there was an immense sale for them as far as we know no one had the dengue if they took Anti-Grippe Tablets at the first symptom. In one house where there were twenty-four people only one had dengue. He didn't take the tablets, the others did and broke the disease up at the very start. Anti-Grippe Tablets have a sale in many parts of the world. Read this
