

CHINESE LABOR PLAN IS PAU

CARTER'S ANNUAL REPORT FOR THIS YEAR SAID TO BE THE FIRST WHICH DOES NOT ASK FOR CHINESE IMMIGRATION TO THE ISLANDS—RECOMMENDATIONS OF COOPER, DOLE AND CARTER IN PREVIOUS YEARS.

Governor Carter's annual report, now in the Department of the Interior at Washington, is said to be the first annual report of a governor of Hawaii which does not contain a recommendation that Chinese immigrants be allowed to enter Hawaii. The report has not been made public yet, but the emphatic stand taken against allowing Chinese to come here by President Roosevelt in his message, is regarded as evidence that Carter did not make any such recommendation as has been customary in the past. The President has again shown his complete confidence in Carter and readiness to accept his recommendations, in promptly adopting the scheme of allowing Hawaii 75 per cent of her federal revenues. The following are the various recommendations which have been made from here regarding labor in the past: "That Congress be requested to authorize the immigration of a limited number of Chinese laborers, conditioned upon their engaging in agricultural pursuits only, during their residence in the Territory, and that upon their ceas-

HELD UP EVERY BODY FOR PASSES

STRICT QUARANTINE MAINTAINED THIS MORNING AT TRANSPORT THOMAS.

They maintained a strict quarantine on the transport Thomas today at the Naval wharf No. 1. In fact even the officers of the army were hauled up without much ceremony and Captain Humphrey, the local depot quartermaster of this place, got a foul of a husky sentry this morning. Captain Humphrey naturally went on the wharf for he had business to transact with the vessel. When he started to leave the wharf a tall sentry was on duty with instructions to allow no one not even the officers of the vessel to leave the wharf unless they had passes. Captain Humphrey was held up. "Where's your pass?" inquired the sentry. "Why," replied Captain Humphrey, "I have no pass."

"Well, then, you can't go ashore," replied the sentry. "I have orders to allow nobody by without a pass." "Oh, that's all right sentry," good naturedly replied the Captain. "I am the depot quartermaster and do not belong to the ship," and so the sentry finally allowed the land officer to depart. All of the other officers aboard the vessel, both ship's and the army, were required to have passes, as was every other passenger permitted ashore. None of the steerage passengers are to be permitted to come ashore during the stay of the vessel in port. Every precaution is being taken to prevent the vessel being held up by the quarantine officials when she reaches San Francisco.

TAMPERING WITH A WITNESS

THOMAS METCALF SUMMONED BY JUDGE ROBINSON TO ANSWER TOMORROW FOR CONTEMPT ON ACCOUNT OF ALLEGED EFFORTS TO BRIBE AND INTIMIDATE A WITNESS SUBPOENAED FOR HIS EJECTMENT SUIT.

Judge Robinson has cited Thomas Metcalf to appear in court at 9 o'clock tomorrow morning and show cause why he should not be punished for contempt of court for having, as is alleged, threatened and attempted to bribe a witness in the case of Frank Godfrey, trustee for Metcalf, vs. Helen Rowland. The citation is based upon affidavits by Julia Punahoa, the witness in question, J. W. Kealaka and E. B. McClanahan. Mrs. Punahoa's affidavit says that on November 1, Metcalf offered her money "if she would change her evidence given at the former trial" of the case, wherein she testified that he was born

in the vicinity of Queen street. Metcalf also threatened her with punishment if she did not change her evidence, says Mrs. Punahoa. On December 1 the threats were repeated, it is alleged, Metcalf demanding that she testify that he was born in Manoa. An affidavit by Mrs. Punahoa's husband to the effect that he heard Metcalf make the offers and threats. McClanahan's affidavit sets forth that the matter of the birth place of Metcalf is material to the main issue of the suit, which is an ejectment suit, as affecting the question of the legitimacy of Thomas Metcalf. Mrs. Punahoa has been subpoenaed as a witness in the case, which is set for trial December 11.

Supreme Court In A Hurry

A QUICK RULING SETS ASIDE CONVICTION OF MAN WHO MAY BE DYING.

The Supreme Court took very quick action in the matter of the appeal of John Richardson of Maui, from his conviction on a charge of embezzlement. Without waiting to write an opinion, the court this morning set aside the verdict and ordered a new trial. The haste was owing to a plea of counsel to advance the case because of the serious illness of the defendant, fears being expressed that he might not live to see a final determination of the case. The welcome news that his conviction had been set aside was sent him by wireless by Attorney Kinney this morning, as soon as the decision of the court was made known. The court's ruling was as follows: "Upon grounds which will appear in the opinion of the court when filed in the above entitled cause, certain of the defendant's exceptions are sustained, a new trial is ordered, and the verdict set aside." M. F. Prosser, Deputy Attorney General, appeared for the Territory; W. A. Kinney and R. B. Anderson with Ballou & Marx for defendant.

"Take Us To The Brewery"

THE CRY OF A JURY WHICH JUDGE ROBINSON REFUSED TO HEED.

The Jury in the case of Nishaus Bros. & Company vs. the Honolulu Brewing & Malting Company and Victor Hoffman was given to the jury this morning by Judge Robinson, after over two weeks' trial. The first return that came from the jury room was a request to be taken to the brewery. Manager Hocking was willing and so was the other defendant, but the court wouldn't stand it, and the jurors had to hold their thirsts in till noon time, when they were taken to lunch in charge of Bailiff Quinn. The suit is to enforce a mechanics' lien for \$1,400. Judge Robinson instructed the jury to bring in a verdict for the amount claimed, against Victor Hoffman, and the question left for determination is as to whether the lien was filed in time or not. Smith & Lewis and J. W. Cathcart appeared for plaintiff and Kinney, McClanahan & Cooper and Ballou & Marx for defendants. The following are the jurors: J. S. Azevedo, J. S. Bailey, E. M. Cheatham, F. F. Fernandez, W. Green, L. R. A. Hart, F. H. Kilby, Hiram Kolomoku, W. A. McGowan, P. McGrath, L. M. Vetteson. The case was tried with eleven jurors.

TERRITORY WINS FORT STREET CASE

SUIT WHICH HAS BEEN LONG PENDING SETTLED YESTERDAY AFTERNOON.

The Supreme Court yesterday afternoon gave another and final decision in the case of the American-Hawaiian Engineering and Construction Company vs. the Territory of Hawaii. The decision was in favor of the Territory, as the various other ones have been, and finally disposes of the company's claim by allowing \$322.50, which is the amount conceded by the Territory to be due. The original suit was for \$3,400 for "extras" on the Fort street wharf contract. In successive rulings the court cut down the claim by striking out portions on demurrer until the claim as argued yesterday was for about \$800. The Territory presented a counter claim reducing the sum to \$322.50 and the court gave an oral ruling for this sum. M. F. Prosser appeared for the Territory and Castle & Withington for the engineering company.

LOUIS KENAKE GOING AWAY

HONOLULU'S ASSISTANT POSTMASTER WILL LEAVE FOR CALIFORNIA IN A SHORT TIME.

Louis Kenake, one of the best known public officials in Honolulu, and incidentally one of the best liked, is about to leave Hawaii much to the regret of a host of friends. For the past thirteen years he has been with the Honolulu post office and during the greater part of that time he has been assistant postmaster, in fact it may fairly be said that the present efficient system has grown up under his hand. It is understood that he has applied for transfer to one of the southern California offices. The date of the Assistant Postmaster's departure depends entirely on Washington but it will probably be by the end of the year. GOOD AFTERNOON. Have you been to the Criterion today. TO ANNEX HAYTI

(Associated Press Cable to The Star.)

WASHINGTON, D. C., December 6.—A resolution has been introduced in Congress providing for the annexation of San Domingo and Hayti to the United States.

MONEY FOR THE CANAL

WASHINGTON, D. C., December 6.—Unanimous consent has been given by all parties in Congress for the consideration of the bill appropriating \$16,500,000 for use in constructing the Panama Canal.

The figures given in the text of the cable dispatch today name the amount to be appropriated as \$165,000,000. But such a sum is evidently an error. The measure under consideration is an emergency one and day before yesterday, Monday, at the opening of Congress, about the first measure introduced was one by Representative Hepburn appropriating \$16,500,000 for the construction of the canal, as the former appropriation had been exhausted. His measure was an emergency one and was taken so that the work of the canal construction could be prosecuted until Congress could take further action looking toward the appropriation of more money.

"MONARCHY PREFERABLE TO ONE MAN RULE"

SENATOR McCANDLESS SAYS IF THE GOVERNOR CAN SUBSTITUTE HIS INDIVIDUAL WILL FOR THAT OF THE PEOPLE EXPRESSED THROUGH THEIR REPRESENTATIVES IN THE LEGISLATURE THEN WE HAVE A ONE MAN GOVERNMENT TO WHICH MONARCHY WOULD BE PREFERABLE.

This was the counter-blast given by Senator L. L. McCandless to the recently reported approval by President Roosevelt to the scheme of Governor Carter for issuing but \$750,000 of the \$1,377,000 of bonds authorized by the last Legislature, and himself picking out the items for which the money is to be spent. "It has not perhaps been thoroughly understood that because the President has approved of the \$750,000 issue, he may yet approve of the issue of the balance. The matter is by no means settled as the Governor has yet to explain to the President just why he has assumed his present position. I have received a letter from Secretary Loeb in-
