REPORT OF THE COUNTY ENGINEER

THE WORK DONE IN THIS DEPARTMENT DURING THE MONTH OF MAY—LABORER INJURED.

County Engineer G. H. Gere made the following report to the Board of Supervisors yesterday:

In Koolau-poko:—Amount spent, \$1,232.35, made up as follows: Supervisor, \$75; Waimanalo, \$118; \$193. Kaneohe Quarry: Labor, \$230.50; tool acct., \$6.70; carting, \$15.75; lumber, \$303.57; \$556.52. Ahuimanu road: Labor, \$402. Stable account: Feed, \$12.58; shoeing, \$2.50; \$15.08.

Incidentals: Repairs to buggy, moving crusher to Honolulu, telephone and typewriter, \$85.95. Total, \$1232.35. The working in Waimanalo section consisted of opening across drains, ditches, etc., and re-surfacing rough places caused by the heavy rain of April; 2770 feet of the Ahuimanu road was reconstructed during the month at the approximate cost of 15 cents per foot. As the work was nearly completed, work has been pursued with the expectancy of finishing on the 5th at an estimated cost of \$150.

Permission was given the County by Mr. Weedon, superintendent of the Kaneohe ranch, to develop a quarry about two miles from the foot of the Pali and a very good quarry has been developed. About 800 feet of road has been constructed to connect the quarry with the main road.

The face of the rock has been stripped and a site reserved for placing machinery and bunkers. The lumber for the bunkers is on the ground, framed and ready for erection, awaiting the arrival of bolts.

An agreement has been made with Lord & Belsor to move the crusher and engine from Honolulu to quarry site for the agreed price of \$190.

I regret to report that one of the laborers was injured on Saturday, the 2nd inst., through an explosion of powder. He was attended to by Dr. Waterhouse, who had him removed to the Queen's Hospital. Other than a broken arm and a few bruises, he is all right.

To carry on the work for Koolau-poko for the next month, I would ask for an appropriation of \$1510 to be expended as follows:

Regular pay roll, \$135; stable account, \$25; quarry, \$750; incidentals, \$150; to complete Ahuimanu road, \$150; to complete Homestead road, \$300; \$1510.

The only work in Koolau-poko has been the construction of Kaipapau culvert and a few days' labor expended between Alea and Kahuku, removing a sand bank from the road. The bill for the latter is not in.

The Kaipapau culvert has cost to date, \$1590.46, made up as follows: Road dept., Honolulu, \$68; Lewers & Cooke, \$23.22; Lewers & Cooke, \$31.81; Allen & Robinson, \$95.89; H. Hackfeld & Co., \$292.01; Theo. H. Davies, \$112.50; Cotton Bros., \$78.75; J. A. Crowder, \$60.60; Hoff-schlaeger, \$41; Kamalolo, \$44.25; Kulu-waimaka, \$16.50; Sylvester, \$32.35; Chun Hin, \$4.10; E. Renkin, \$10.50; Kawamoto, 50 cents; O. R. & L. Co., \$135.89; Hawn, Stockyards, \$10; Lucas Bros., \$10.92; \$1590.46.

I am confident this work will be completed inside the original estimate of \$2000, and ask the Board for an appropriation of \$400 to complete the same.

The survey for a road through the Pupukea homesteads has practically been completed, \$200.99 having been expended thereon during the month. As soon as the data can be worked up the same will be presented to the Board.

Work in Wai-alua has been confined to the construction and fencing of the Wai-alua-Honolulu main road with the following exception:

Clearing Paaluu, \$13; breaking stone for crusher, \$162.50; freight on crusher and engine, \$21.89; \$206.89.

Main road: Regrading: Team, \$408; labor, \$358; \$766.

Fencing: Material, \$164.05; labor, \$302.25; \$466.30.

Tools and powder, \$12.25; road overseer, \$75; \$87.25.

Total, \$1426.44. The new road is graded from the lower end to a point just below the upper reservoir—a total distance of 1 1/2 miles. The major portion of the fence is in place, but the gaps will not be closed until the new road has had a chance to settle.

There remains one mile of the road yet to grade and I am in hopes it can be finished this month.

I would ask that an appropriation of \$1400, be made to carry on the work in Wai-alua district.

The Kahauki culvert is completed with the exception of its plastering and the necessary filling and grading; a third payment of \$5240.32 is made this month.

The Pali arch contract is completed with the exception of about ten yards of concrete in the mauka spandrel and parapet and the plastering of face and parapets. A third payment on account is made this month of \$560. An extra piece of parapet wall 24 feet in length has been built by order of the Road and Buildings Committee, which will cost \$103.34. The retaining wall above the arch was completed on the 2d of the month, its total cost being \$745.99 for 48 years of concrete in place or \$15.54 per yard. In this connection I desire to correct a report made at your last meeting giving the cost as \$127 per yard. The figures were not correct, two days' time being omitted.

Two thousand nine hundred seventy-seven feet of road has been macadamized, 1477 feet being finished during the month. A third payment on account of contract of \$756.98 is made.

County Engineer G. H. Gere made the following report to the Board of Supervisors yesterday:

In Koolau-poko:—Amount spent, \$1,232.35, made up as follows: Supervisor, \$75; Waimanalo, \$118; \$193. Kaneohe Quarry: Labor, \$230.50; tool acct., \$6.70; carting, \$15.75; lumber, \$303.57; \$556.52. Ahuimanu road: Labor, \$402. Stable account: Feed, \$12.58; shoeing, \$2.50; \$15.08.

Incidentals: Repairs to buggy, moving crusher to Honolulu, telephone and typewriter, \$85.95. Total, \$1232.35. The working in Waimanalo section consisted of opening across drains, ditches, etc., and re-surfacing rough places caused by the heavy rain of April; 2770 feet of the Ahuimanu road was reconstructed during the month at the approximate cost of 15 cents per foot. As the work was nearly completed, work has been pursued with the expectancy of finishing on the 5th at an estimated cost of \$150.

Permission was given the County by Mr. Weedon, superintendent of the Kaneohe ranch, to develop a quarry about two miles from the foot of the Pali and a very good quarry has been developed. About 800 feet of road has been constructed to connect the quarry with the main road.

ALUMNI REUNION AT KAMEHAMEHA

A MOST ENJOYABLE EVENING WAS SPENT BY OLD STUDENTS AND THEIR FRIENDS.

Several hundred people graduates and otherwise gathered last evening at the Kamehameha school for boys at the annual reunion and alumni banquet of the school. A most excellent menu was served and a jolly good time was had. The Kamehameha glee club rendered some very fine music.

A. G. Kaulukou acted as toastmaster and he called on Dr. Scudder to respond and break the ice. He did so in a most pleasing manner.

Other speakers were President Horne of Kamehameha Schools; Harry J. Auld, president of the Alumni Association; Fred Beckley, former Speaker of the House of Representatives, class of '91; Rev. M. class of '82; R. A. Duncan, class of '86; J. Flinnick, class of '90; H. Nimanaki, class of '91; S. Desha, class of '92; K. Hanchett, class of '94; and David Desha, class of '95. The reunion broke up at a late hour.

HAWAIIAN CHURCHES ARE ADVANCING

AFTER FORTY-THREE YEARS OF DECADENCE IN NUMBERS THEY ARE NOW GAINING.

The Friend for June, in its account of the Eighty-fourth annual meeting of the Hawaiian Evangelical Association says:

The annual meeting of 1906 is likely to become historic. Our wish for it is that like the memorable gathering in 1863, it may mark the beginning of a new era. Forty-three years of missionary effort brought the churches of Hawaii to their culmination in numbers and influence. Then the step of independence and gradual withdrawal of missionary supervision was taken under the leadership of Rev. Dr. Rufus Anderson, Secretary of the American Board. From that moment decline set in and for the next forty-three years things went from bad to worse. But 1906 marks the staying of the tide. Once more our Hawaiian churches are moving ahead. This sort of progression is coincident with the reestablishment of the policy of supervision and the inauguration of a widespread evangelistic effort in the English language. There is no question that if funds enough can be secured to push this method of work growth everywhere will result. Hawaii can never forget that the American Missionary Association is the society whose aid has enabled us to enter upon the new policy. The Board has just requested this Association to grant us a sufficiently increased appropriation to secure a new man from the mainland for Oahu. Friends of the board will wisely center their prayers upon this request during the next few weeks.

REFLECTION ON ANDREWS

KINNEY ASKS A QUESTION WHICH CREATES A SCENE NEAR THE COURT.

At the close of the House hearing yesterday afternoon Deputy Attorney General Fleming took exception to a question that had been asked of a witness by W. A. Kinney. The question was "Did you ever contribute to a fund to be paid to Lorrin Andrews to sweeten the prosecution in this case?" The witness replied that he had never heard of such a fund.

After adjournment Fleming remarked to Kinney that the question might be construed as a reflection upon Andrews and asked if such reflection was intended. Kinney replied that it was and the conversation ended by his inviting Fleming to "go to hell."

UNKNOWN JAP AT HOSPITAL.

A Jap apparently about thirty years of age fell from a car near the Makiki cemetery on last Tuesday evening and now lies at the point of death in the Japanese Hospital. He seems to have no friends. The hospital authorities would like to be communicated with in case any one knows anything of a missing Jap.

FEDERATION LOCKED OUT.

SAN FRANCISCO, June 6.—The Waterfront Federation is now locked out as the result of the sailors strike, and the loading of vessels has been stopped.

THERESA IS GETTING BUSY.

Princess Theresa is already picking candidates. She is in favor of Brown for sheriff, Walter Dillingham for supervisor and Bob Shingle for treasurer.

AN OLD MAXIM APPLIED TO A MODERN REMEDY.

"Everyone speaks of the feast as he finds it," is a maxim of the Portuguese. Judging by the letters received from people all over the country, praising Chamberlain's Colic, Cholera and Diarrhoea Remedy, it is evident this remedy has been found satisfactory. It is the best known remedy for diarrhoea, and no case has yet been reported where it has failed to give relief, and it has been in general use for more than a quarter of a century. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

The Alameda Brought New Supply of...

COLUMBIA RECORDS

and a fine selection of songs and band pieces can now be had at :
