TELLS OF BEAUTIES SEEN IN JAPAN

DR. AUGUR BACK FROM JAPAN FULL OF THE BEAUTIES OF THE LAND OF THE RISING SUN.

Dr. George J. Augur who returned from Japan recently has nothing but good words for the land of the rising sun. He was delighted with his trip and saw much in the land of Nippon with which he was very well pleased. He went simply for a pleasure trip and during the three months he was there he visited all over the kingdom and tramped to many an out of the way place which the average tourist does not see.

"Japan is a land of beauty," said Dr. Augur, "and I was delighted with my trip. There are three things that strike me as peculiar in regard to the Japanese. First is their love of art and their artistic temperament second their invariable politeness and third their outward reverence for religion. Those three things struck me forcibly and made me a lover of the Japanese.

"Even their huts are beautiful on the inside. Bare walls have become darkened by age and smoke from their crude stoves and when polished they shine like ebony. Their houses are very beautiful.

"The Japanese are a very aggressive race. They are self reliant and are going ahead in every way possible. They are now striving to get rid of the need of foreign instructors. They will do it in a short time.

"From a medical standpoint they are up in the science of dealing with a disease but they do not seem to know how to prevent it by necessary sanitary conditions. They are cleanly as a race but they have not the necessary sewers. Their hospitals are all up to date and they employ the latest appliances in treating different cases.

"I saw J. A. M. Johnson, Alexander and Walker while over there. They are doing splendidly but cannot obtain cash registers enough to supply the demand."

PERSONALITIES.

Lady Florence Dixie, who died Nov. 7, not only wrote and spoke against cruelty to animals, but practiced what she preached. Some years ago she was in the inclosure at Newmarket, together with another woman, conversing with King Edward, then Prince of Wales, when suddenly an excited shout arose from the crowd. Some men had started a hare and immediately a gang of roughs rushed away in chase of the terrified animal. Sticks and stones were flung at the poor creature, until eventually it was captured by a great navy. The interest of the fashionable crowd quickly died out, but not the anger of Lady Florence. Leaving the prince's side, she went over to the man who was leading her horse about and, jumping on the animal's back, rode over to the mob. Forcing her horse up to the navy, she suddenly made a snatch, rescued the trembling beast and then galloped away to a distant thicket, where she dismounted and set the hare free.

When Poulney Bigelow was a boy in Germany he was often asked to spend his holidays with the young prince who is now German emperor. On one occasion the two lads were having supper in the garden, a meal of milk, bread and butter, stewed fruit and some very simple raisin cake. All the young princesses were there, as well as Prince Henry, who now commands the German navy. "The cake aroused much interest, being a luxury highly prized in a household where the diet was measured by hygienic principles. Mr. Bigelow writes: "The future Kaiser nudged me and, with a voice full of pride, whispered: "Do you see that cake? Isn't it magnificent?" I assented, though at that moment I saw no particular occasion for becoming enthusiastic. "Well," said he, "my mother made that."

at the Tulleries a general slipping on the polished floor, fell at the emperor's feet, pulling down with him his partner. "Madame," said the emperor, assisting the lady to rise, "this is the second time Gen. — has fallen in my presence; the first time was at Solferino."

KAUAI DEMOCRATS AND HOME RULERS

FUSION ACCOMPLISHED ON THE GARDEN ISLAND — GETTING READY FOR FALL CAMPAIGN.

LIHUE, Kauai, June 18.—Some three weeks ago the Headquarters of the Home Rule party in Honolulu issued orders to the several branches in the territory to meet on the 2nd of June in order to organize and get ready for actual work. For various reasons it was inconvenient for the Kauai men to have their meeting on that date, principally because some of the most prominent members of this island were absent at the time.

The call for the meeting was again issued and last Friday, June 15th, twenty delegates, representing the various districts of Kauai met at Kapaa.

The meeting was called at high noon by H. Puuki who was elected chairman of the meeting. After the several offices had been filled the question of a fusion with the Democratic party was brought up. The opinion on the advisability of such a step were divided some of the older members doubting the policy of it. The majority, however, thought that nothing but good could come of such an alliance and that the numbers of the Home Rulers compared to that of the Democrats would secure the former a fair representation on the tickets to be put up for the coming election. When the question was put to a vote the matter was settled on these lines, and fusion of the Home Rule and the Democratic parties on Kauai accomplished.

The meeting then went into a discussion of the reorganization of the several precinct clubs. The location and work of the old clubs were found to be in the main satisfactory and little or no changes were recommended. The only exception to this rule was caused by the fact that the old Hanapepe precinct had been changed, involving new combinations in Waimea and Koia precincts as well as making a new precinct at Makaweli to handle. The meeting decided not to take up the matter of further organizing the precinct clubs until the members present had had a chance to canvass their several districts thorough and were able to give definite data about the prospective membership and the probable work that would develop upon the clubs.

Mr. James K. Apolo's candidacy for a place on the representative ticket was brought up and pretty generally discussed, the meeting made, however, no decision with regard to this question but decided that the members were to feel the public pulse in their respective districts in the matter and report at the next meeting, which the chairman would call in due future, for discussing candidacy on as well as the Territory as the county ticket.—The Garden Island.

WHOOPIING COUGH.

This is a very dangerous disease unless properly treated. Statistics show that there are more deaths from it than from scarlet fever. All danger may be avoided, however, by giving Chamberlain's Cough Remedy. It liquefies the tough mucus, making it easier to expectorate, keeps the cough loose, and makes the paroxysms of coughing less frequent and less severe. It has been used in many epidemics of this disease with perfect success. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.
