MAGNIFICENT MANGOES

Wm. L. Hopper has a No. 9 mango tree on his Makiki grounds from which a specimen mango was picked this morning which weighed fifteen ounces. It is of splendid shape and attractive coloring. The tree is about five years old.

On the same tree is a bunch of five each of which are almost as large as the specimen picked today, and they are not yet mature.

Mr. Hopper also keeps two dogs on the premises, which may account for the fruit maturing on the tree.

FOR THE SUMMER.

You will have more satisfaction in a week spent at Halewa than at any place within a day's ride of Honolulu. You are in the country, with country life around you, and a splendid cool breeze constantly blowing, and at the same time within speaking distance of the city. The satisfaction and beneficial results increase with the length of the stay. Reduced rates are offered for the summer months. Golf links and a fine tennis court are among the attractions. Mountain climbing for those who enjoy the exercise and fishing for those who have patience.

ROBBER CARRIED AWAY THE TRUNK

BURGLARY COMMITTED AT IWLLEI LAST NIGHT—THOUSANDS OF YEN LEFT BY THE ROBBER.

A robbery was committed at Iwilei last night between 8 and 9 o'clock. The victim was a Japanese named Yamana. The robber carried away a trunk belonging to the Japanese. In the trunk were certificates of deposit on the Yokohama Specie Bank for 3,502 yen, \$95 in cash, and a quantity of personal effects. The trunk was carried from Iwilei to a point near the cannery close to the Oahu Railway Company's tracks. The trunk was broken open and the contents scattered about the ground. The \$95 in American money and some collars were taken by the thieves.

The trunk and its former contents were discovered this morning by a native named Kanalu. He and some other natives put the former contents back into the trunk and took it to the nearest police box where a mounted patrolman was found. The trunk was sent to the police station. The authorities are investigating the robbery.

ROBERTSON FOR THE LEGISLATURE

(Continued from page one.)

to persuade Robertson to run for the legislature and thus place the two on the same ticket.

Robertson has been in the House several times, and was the Republican leader in the first Territorial legislature's lower branch. A movement has been started to ask him to go in again, in either the House and Senate, and sit for another term. There is much important legislation in sight, and the legislature is to be sadly lacking in legal ability, as it at present appears, unless Robertson runs.

The next legislature, if reports from Hawaii and Maui are to be relied upon, promises to be very different in party alignment from the last, which was all Republican. Incidentally, this state of affairs is connected with statements that place Kulo in a very remarkable position. It is stated, for example, that on Hawaii especially, the vast majority of the voters have joined in a movement to demand Kulo, but at the same time they promise to elect a Democratic-Home Rule fusion ticket for all the local offices and for the legislature. Kulo, as the head of the Republican party ticket, would be expected of course to carry the rest of his party's ticket with him in the event of his running, hence the situation is regarded as quite peculiar. A cloud, no bigger than a man's hand and perhaps not capable of growth, has appeared in the horizon of the Kulo-Lane-Lucas-Johnson et al machine. Lane has been trying to get some road department men of whom he does not approve, fired, and he has failed, wherefore there is some "soreness." They are enemies, political and otherwise, of Lane, and the latter thought that the machine could drive them out of jobs, but he found otherwise.

On this account, and perhaps on one other account, there is more or less distrust among the members of the combination. The other account is that of Supervisor Lucas. It appears that there are a number of Brown supporters who think they can nominate Brown and then down Lucas. The nomination of a sheriff will come first in the convention. After that has been made, as some of these interesting politicians think, they will be free to throw down all combination promises to Lucas, and do as they choose. This plan has been advocated, and naturally the friends of Lucas have begun to wonder whether Brown can hold the delegates in line and make them fulfill promises as Brown himself wants to.

SHERIDAN EXPECTED TODAY.

The transport Sheridan is expected this afternoon or tomorrow morning from San Francisco. She will probably bring three days later mail.

DORIC EXPECTED NEXT WEEK.

The S. S. Doric is expected here next Monday from the Orient, en route to San Francisco. She will take the next mainland mail.

POLITICIAN ACHI RETURNS.

Politician W. C. Achi returned from Lahaina this morning on the steamer Claudine.

LILUOKALANI IS AT LAHAINA.

Former Queen Liluokalani is at Lahaina. She will be entertained at a grand luau tomorrow afternoon. There will be a dance in the evening.

KOREANS INDULGE IN RIOTING.

Seven Koreans were arrested last Saturday at Waipahu by Deputy Sheriff Jack Fernandez. Two of them got into a quarrel over the payment of a board bill and some others jumped into the row and a big fight resulted.

ARCHER TO RUN AGAIN.

It is said that Supervisor Archer will run for another term and is seeking the Republican nomination from his district, while John De Fries is reported to be out as his opponent for the district. Archer is from Ewa.

ONE SURE VICTIM.

The yellow editor had just looked over a story accusing everybody of being a thief. "That'll be read," he remarked with a chortle, ordering large type. He was right. The proofreader could not escape.

ANOTHER VICTORY IN THE SAKE CASES

CUSTOMS BROKER JOHNSTON CABLES OF A QUICK DECISION BEFORE JUDGE MORROW.

Another sake case has been won by Harry J. Johnston and Thomas Fitch. J. S. Low of Hind, Rolph & Company received a cablegram yesterday afternoon from Johnston as follows "Sake won. Return China."

This case makes the third or fourth sake test case that the government has lost and it is now thought more than likely that if the government is defeated in this case the Treasury Department will abandon any further efforts to beat the sake appeals and will pay the draw back duty.

The present case was supposed to be the strongest that the Treasury Department would be able to bring into the United States courts. Practically all of the leading who men of the country have their interests in California and as they are largely interested in seeing the government beat the sake case, it was expected that the evidence would be the strongest that the government could produce.

The case was set for a hearing before Circuit Judge Morrow on July 10. The fact that the decision against the government was rendered on July 11, indicates that the government's case must have fallen down. The decision may have been given from the bench by Judge Morrow. The government can appeal the case to the United States Court of Appeals and eventually take it to the United States Supreme Court but whether the Treasury Department will continue to make such a fight is uncertain.

The duty that has been paid under protest on imported sake has been piling up at a startling rate for the last five or six years, ever since Johnston first raised the point over the classification of sake. The drawback duty is \$2.70 on every 30 gallons and as the importation of sake have been very heavy the duty that will probably have to be returned by the government will be over a million dollars.

The present case is a part of the proceedings which were heard here before the local United States Commissioner, certain evidence to be presented at the San Francisco, was heard. Mr. Lovett of the department of Justice represented the Federal government and Fitch the interests represented by Johnston.

CIVIL SERVICE EXAMINATIONS.

A competitive examination under the rules of the U. S. Civil Service Commission, for all third grade positions in the Customs service, Honolulu, will be held on August 11th, commencing at 9 o'clock a. m.

Applications for this examination must be made on the prescribed form, which, with necessary instructions, may be obtained from the commission's local representatives, Messrs. Wm. L. McCoy, post office; Prof. W. D. Alexander, Coast and Geodetic Survey, and R. C. Stackable, Custom House, or from John W. Short, secretary.

Applications will not be accepted unless received before 4:30 o'clock p. m., on August 4th, 1906. All persons wishing to take this examination should secure blanks and fill them out at once in order to allow time for any necessary corrections.

SAILING SHIPS VS. STEAMERS.

Norman Watkins, the U. S. shipping Commissioner, has compiled some interesting statistics showing the comparative amount of money paid here to sailors on sailing ships and in steamers. His figures show the business in this respect during the six years of annexation ending June 30, 1906. During that time there were 5,696 sailors paid off in this port from sailing ships, receiving \$0,537.10, and from steamers 901 seamen, receiving \$25,949.72. Most of the money was spent here by the sailors. The tables show that the presence of sailing ships is a source of much more profit so far as the crews are concerned, than that of steamships.

NO MORE TRANSPORT PASSES.

Captain Humphrey, the local depot quartermaster, has been advised that in future no more civilian passengers will be permitted to travel by the army boats. Only army, naval and marine officials and their families are to be allowed the privilege of traveling in transports.

STEAMERS THAT ARE DUE.

The transport Sheridan is expected at any time now from San Francisco. She will load 500 tons of coal and be dispatched tomorrow afternoon at 5 o'clock for Guam and Manila. The S. S. Siberia is certain to arrive here tomorrow morning from San Francisco and sail in the afternoon for the Orient. The naval transport Lawton sailed last Saturday for San Francisco for Honolulu. She may arrive tomorrow morning but is more likely to get in Saturday.

EVA LOADING WRECKAGE.

The schooner Eva is loading wreckage from the schooner Olga, which was lost on the island of Kahoolawe. The Eva will go to Eureka in several days.

IROQUOIS MAY SAIL SUNDAY.

The departure of the U. S. S. Iroquois for Midway may be postponed from Saturday to Sunday. The U. S. S. Lawton is expected to arrive here tomorrow of the following day from San Francisco and Captain Very the new commandant of the station, may be aboard her. Captain Carter the commanding officer at the station, has about decided to postpone the Iroquois departure for a day.

HUMPHREYS QUIT THE CASE.

There was a little "scene" in the police court this morning in which former Judge Humphreys again got into the limelight for a brief period. He appeared to defend three Chinese charged with assault and battery on a fourth Chin. One Yee Wo was placed on the stand as a witness for the prosecution. Yee had failed to appear in court after being subpoenaed so a bench warrant had had to be issued for him. He showed considerable antagonism to the defendants. Judge Derby permitted more latitude in the examination of Yee than Humphreys thought proper to which Humphreys objected. Finally after the prosecution had closed its case, Humphreys announced after a consultation with his clients that he would withdraw from the case. The defendants presented no evidence and the court fined them \$10 and costs each. They gave notice of an appeal.

Ophelia

would be in something of a quandary if she were here in Honolulu making leis for Hamlet; she could not say "There is pansies, that's for thoughts," as she did where there were no blights and pests. She would have been a sight picking off paper petals and handing them out to her lover. You can imagine how it appears to Californians arriving here and finding paper roses instead of the real thing.

Change matters! Try Arsenate of Lead and kill all plant pests, so you may stand on a level with California as a flower bedecked city. Steamer time tables for the asking.
