THE LEGISLATURE

LEGISLATION IS A HUMMING

THE SENATE THIS MORNING SENT A LARGE NUMBER OF BILLS ALONG THE ROUTE.

IN THE SENATE, Third Day.

Senator Hayselden arrived from the Maui stronghold in time to answer at roll call this morning but Senator Knudsen took his place on the absentee list so there was still one member short. The Journal was read by the assistant clerk and approved.

THE LAND LAW.

Clerk Savidge read the concurrent resolution relating to the introduction in Congress of an act to amend the Organic Act so that the local Legislature would have the power to amend the land laws of the Territory. On motion of Senator Smith it was referred to the Judiciary Committee.

Senator Lane from the printing committee reported that sundry bills had been printed and were ready for distribution.

TO ENTERTAIN CONGRESSMEN.

Bill No. 15 relating to appropriation of \$15,000 for the purpose of defraying the expenses of Congressmen visiting here during 1907 was read and passed third reading unanimously.

Senate bill No. 20, appropriating the sum of \$6,000 for compensation of Senators passed second reading.

THE NUUANU DAM.

Concurrent resolution No. 6 calling for the appointment of a committee of six for the investigation of the Nuuanu dam. Senator Smith favored the resolution as carrying out the wishes of the governor as expressed in his message but doubted the expediency of having so large a committee. One of 12 was unopposed. He thought it should pertain to the public expenditures committee. Senator Dowsett agreed with the previous speaker. A discussion followed and the resolution was read again. Senator Smith then offered an amendment that the committee be three members from each house. Carried unanimously.

Senator Makokau gave notice of his intention to introduce the following bills:

Act providing for the appointment of a county registrar and prescribing the duties thereof.

An act providing for the establishment of offices of registrar in the different counties.

An act relating to merchandise licenses.

TRANSLATING BILLS.

Makekau came in with a suggestion in which translation is the matter at issue. Senator Lane stated that the custom last session was to have bills translated on third reading. Senator Smith said it seemed like assuming that the members of the House cannot read English. He had hoped there would be no translating at this session.

The suggestion of Senator Lane was put as an amendment and accepted by Senator Makekau who withdrew his original motion and the matter is to be left in abeyance until the third reading of the bills.

ON SECOND READING.

The following passed second reading:

Bill No. 12 referring to cutting and injuring trees was referred to Public Lands committee.

Bill No. 23 took the same course.

Bill No. 11 relating to the sale of intoxicating liquors in the Territory went to Judiciary Committee.

BILL NO. 1.

Bill No. 1, relating to payment of salaries and wages of County officers

A FALLING OFF IN SPECTATORS

FEWER PEOPLE VISIT THE HOUSE TODAY THAN ON PREVIOUS DAYS OF SESSION.

MORNING SESSION, Third Day.

The House came to order at 9:05 a. m.

There was a great falling off today in the number of spectators in the visitors' gallery. A scattered half a dozen occupied the place which on the first two days of the session was crowded with people. The curious minded have evidently had their fill and will remain away until some momentous question occupies the attention of the members.

INTEREST IN LANAI DEAL.

The members of the committee on Public Lands and Improvements have been besieged by a crowd of questioners ever since the Lanai land exchange case has been placed in their hands. Confidence has been expressed by many that the committee will go to the bottom of the affair. Members of the committee have stated that without prejudice or favor they will go to the bottom of the affair no matter what will be turned up to the light or what official shall suffer. The committee says it wants the truth and intends to get it if it takes them the entire 60 days. One of the first men to be called before the committee will be George D. Gear the attorney of L. L. McCandless who has been fighting the case for the people. The first meeting of the committee will be held on Monday evening.

FIRST BUSINESS.

The first business to come before the House today was a communication from W. H. Babbitt, Superintendent of Public Instruction, setting forth the salaries of all of the teachers in the Territory. Babbitt wants \$706,000 appropriation for teachers salaries during the next two years. The report was placed on file.

PETITIONS RECEIVED.

A petition was received from the electors of the Leper Settlement asking for \$3,000 to repair roads at the settlement was received. Another petition was received from the settlement asking that the paid be increased to 25 pounds. A third petition from the settlement asked for an appropriation with which to furnish the lepers with stamps. These three petitions were referred to the Health Committee.

TO AID U. S. STATION.

Claim That They Were Snubbed

PROMOTION COMMITTEE GAVE THE LEGISLATURE THE OVERLOOK.

Thorough what is termed by the members of the Legislature of this Territory, a lack of courtesy, the Hawaii Promotion Committee is likely to lose the appropriation which they have expected would be given them for their work in promoting the islands.

The members of both houses are up in arms because they were not invited to have any thing to do with the Floral Parade or even asked as a body to view it from any place along the route. They believe that in view of what the Promotion Committee wants them to do in the matter of appropriating money that the bodies should have at least been asked to view the parade at the park.

How the matter will come out is not at all definite at present. The members of the lower House especially are displeased by the fact that they were ignored and they say that if the Promotion Committee doesn't know them when it is doing society that they will not know the Promotion Committee when it comes begging for money.

MEMBERS OF THE HOUSE WENT CALLING

TOOK A RECESS THIS MORNING IN ORDER TO CALL UPON THE JAPANESE FLEET NOW IN PORT.

At ten minutes to ten this morning the House of Representatives took a recess in order that they might make a call in a body upon Admiral Tomjoka of the Japanese training fleet now in the harbor. Two tallyhoes were on hand to take the members of the House to the water front.

The members were received on board of the flagship Itsukushima by Admiral Tomjoka assisted by a staff of officers. The members were then taken over the entire ship and had explained to them its workings. After that they retired to the cabin of the Admiral where refreshments were served.

The health of the members of the Legislature was proposed by the Admiral and Speaker Hojstein proposed the health of the Emperor of Japan.

Shortly before 11 o'clock it was announced that the German consul was expected to call at eleven and the Admiral would have to prepare for his coming. The members of the House then left and were driven back to the executive building where several committees met and talked over the various matters before them.

To Consider Woman's Suffrage

KALEIOPU TO INTRODUCE RESOLUTION TO ASK CONGRESS TO GRANT SUFFRAGE TO WOMEN.

The Legislature is to consider woman's suffrage.

Representative Kaleiopi has prepared a resolution which he will introduce in the House at an early date, asking Congress to grant the right of suffrage to woman of the Territory in local matters.

A canvass of the House tends to show that the resolution has a fair show at passing.

Representative Kaleiopi disclaims authority nor will he state which of his constituents handed it to him for introduction in the House.

Joe Hao was charged with assault with a knife on Mrs. Kalehuamann Hao, but the tender-hearted soul had an attack of refrigerated pedal extremities when it came to appearing against him. The case was put over one week.

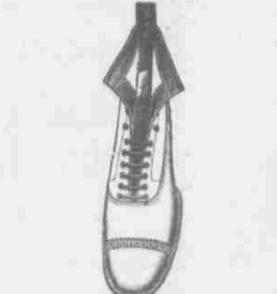

H. R. Bindt charges Jacob Sims with stealing some shoe polish, shoe brushes, tooth brushes, a money box and \$1.15 from his piece of business on Nuuanu street. The matter will come up next Tuesday. Seven drunks were this morning fined \$3 and costs each; rather few for yesterday's great occasion.

LOT IMPROVEMENT STILL INDEFINITE

JOHNSON WON'T SAY WHAT'S TO BE DONE WITH LAND OPPOSITE POLICE STATION.

Harry Johnston, customs broker, returned from Hilo in the Kinau this morning. He went to Hilo to prepare the clearance papers for the A.-H. S. S. California. He was asked this morning what was to be done with the lot opposite the police station, the disposition of which is in his hands. Mr. Johnston will at present not speak in regard to this matter. Whether or not a building is to be erected there and by whom and for what purpose he will not say.
