THE LEGISLATURE

REPAIRS TO MANY SCHOOLS

APPROPRIATIONS RECOMMENDED IN THE HOUSE—MANY BILLS PASS THIRD READING.

IN THE HOUSE, NINTH DAY, MORNING SESSION.

Many were made glad in the House today by a communication from Secretary Atkinson stating that the Governor had this day signed House bill No. 13, Act 2, appropriating money defraying the expenses of this session of the House; also Senate bill No. 20, Act 2, carrying an appropriation defraying the expenses of the Senate for this session. The receipt of this notification perceptibly relaxed the tension of the legislative atmosphere.

The Speaker called the House to order at 9 o'clock. After prayer by the chaplain the minutes of the previous day's proceedings were read and approved.

The House received a communication from C. S. Holloway stating that employees of the Department of Public Works would appear before the House on call.

A communication was also received from J. H. Fisher saying that employees of the Auditing Department would appear before the House when summoned.

A PRACTICE CONDEMNED. The Committee on Expenditures reporting on a report of the Judiciary committee condemned the practice of paying salaries out of incidental appropriations, and recommended that a rider be attached to the Appropriation Bill prohibiting the payment of salaries under said bill. The committee's report was adopted.

Representative Correa offered a resolution that the following items be inserted in the Appropriation Bill: \$15,000 for the extension of School street and \$10,000 for widening and extending Camp No. 3 lane from School street to Kuakini road. Referred to committee on Public Lands.

THE \$30,000 IN THE SENATE

HOUSE CONCURRENT RESOLUTION ON SUBJECT IS PASSED BUT NOT WITH ENTHUSIASM.

IN THE SENATE, NINTH DAY, MORNING SESSION.

The clerk read House Concurrent Resolution No. 5, referring to federal appropriation.

Senator Coelho moved adoption of the resolution. Senator Dowsett favored referring to the Judiciary Committee as there may be expressions in the resolution which we may not approve of.

Senator Coelho. "We are being held up—that is all there is about it. We started in with a determination to act decently and our resolution was all right. The members of the House wish to convey, with the resolution, their feelings in the matter. I take it that the appropriation was made with the string attached so a poor man might be kept out of the legislature." Senator Dowsett denied objecting to the resolution as a whole, only to some of the expressions.

The motion to adopt was put and a vote taken by hands, the result favoring the adoption. Senator Makiaka moved calling ayes and noes with the same result, those voting no being Senators Makiaka, McCarthy and Smith. President Bishop remarking, sotto sotto voce, that it was like swallowing doses of castor oil.

A recess of five minutes was taken in order that the clerk might have time to prepare the resolution. Before the five minutes had expired word was brought from the Governor that the appropriation bill providing funds for pay of the Senate and House had been signed.

House Bill No. 30 was read by title, passed first reading and was referred to the Judiciary Committee.

A communication from Judges of the Circuit Courts relative to salaries of clerks was read and referred to the Ways and Means Committee.

Senator Lane gave notice of his intention to introduce the following Bill which, under suspension of the rules, passed first reading.

An Act amending Sections 1184, 1185, 1186, 1187, 1188, 1189, 1195, 1198, Section 1, Section 1184, of the Revised Laws of Hawaii, is hereby amended so as to read as follows:

Section 1184. The Governor, with the approval of the Senate, shall for each taxation division of the Territory, appoint an Assessor and Collector of taxes, who shall be called the Assessor, and in case of death or removal of any Assessor, or a vacancy in that office, a new appointment shall be made in the same manner.

Section 2. Sections 1185, 1186, 1187, 1188, 1189 of the Revised Laws be amended by striking out from each section the word "Treasurer," and inserting thereon the word "Governor."

Section 3. This act shall take effect from and after its approval.

A communication from the House gave notice of the passage of Senate Bill No. 23 by that body.

Senate Bill No. 16, relating to schools was recommended to the Committee on the statement by Senator Coelho that data had not been received.

Senator Dowsett from the Ways and Means Committee reported on Senate Bill No. 26, as follows:

Honolulu, T. H., March 1, 1907.

Hon. E. F. Bishop, President of the Senate, Honolulu, T. H.

Sir:—Your Committee on Ways and Means, to which was referred Senate

MONKEYS SELL AT \$8 A PIECE AT THE KAIMUKI ZOO

The birds and the beasts were there, to a nail and a hide and a hair, and the people flocked round from the hill and the town to buy a bird or a bear. The Kaimuki Zoo with all its contents, alive and otherwise, was put up at public auction this morning, on the grounds Mr. Steven, of Morgan's did the selling in his inimitable style and merriment went with every purchase.

The grounds and the houses thereon sold for \$5,900 to the order of Harry Armistage. The two bears were bought in by the auctioneer, since they did not seem to be appreciated by the general public for household pets.

Jack McVeigh was there with one hundred dollars which August Dreier had passed him, to buy animals for the settlement people on Molokai. Mr. McVeigh possessed himself of eight monkeys of various tribes and species and six and a goodly bunch of parrots and other birds, a 'coon and a wallaby.

Col. Samuel Parker bought a household of pigeons for \$40. Parrots went for \$2 up to \$8 and thereabouts. Thirty-plunks were bid for the bears individually, but this did not seem to be

enough. Guinea pigs, rabbits, pigeons magpies and chickens by the dozens went at fairly good prices.

There was a great crowd at the Zoo from an early hour until noon and the cars ran crowded. The majority of those present were women and children. Manager Ballentyne of the Rapid Transit was there part of the time and he very kindly instructed the conductors to allow people to take home birds—guinea pigs and such items. Some of the home-ward cars looked like electric menageries with a collapse thrown in.

for the feathered talking stock was eloquent, not being used to trolley rides. The wild-cat won nobody's heart, being altogether too strenuous. It was a busy scene as the crowd thronged from cage to cage at the heels of the auctioneer who sang the praises of all the wonders of the place.

Many valuable relics were secured by small-farmers, Palololes and fanciers and it is safe to say that a great deal of pleasure and profit has been distributed over the town and throughout the suburbs by the auction of the Zoo's inhabitants.

Pfotenbauer, the managing director of Hackfeld and Company, made this admission on the witness stand yesterday before the United States Commissioner, in the Lumber Trust case. It was also testified by the witness that the only regular lumber sailing vessels operating here were either owned, chartered or came to the defendants or H. Hackfeld & Company.

R. Ivers of W. G. Irwin and Company Ltd., testified relative to certain features of bringing lumber to these islands. Matlock Campbell gave testimony relative to the operations of the alleged trust. The case went over until Monday morning.

STRANGE FISHERIES AT KEWALO

THE JAPANESE FISHERMEN ARE MEETING UNEXPECTED COMPETITION.

Residents of Kewalo who desire fish for breakfast no longer go to sea; they do not go even as far as the waterfront. A line thrown over the back fence now produces results.

Today Kai Lung, the proprietor of a grocery store at Queen and Cooke streets, visited a vacant lot near his premises in search of a lost pigeon. While inspecting one of the many pools left in the vacant ground in this section by the last heavy rain, he was startled by signs of vigorous life therein and retreated hastily.

Later investigation revealed the presence in these pools of numerous fish, many of them weighing as much as 10 pounds.

The natives residing in this favored spot are now praying between mouthfuls of fish and poi that a visit from Mr. Johnson's men may be long deferred.

This whole region was flooded during the heavy rains and the fish doubtless came from the floods from Chinese fish ponds above. With the drying up of the flood waters the fish have retreated to the holes in which a little water still remains.

BARATE CASE IS CONTINUED

There may be more celebrated litigations than the Barate case, but there are certainly none that have engaged as much of a court's attention in as correspondingly brief time as the attempt which marks the efforts of Marie Barate to secure her dower.

This morning the matter of the petition for administration of dower, brought against W. Savidge, trustee, was presented before Judge De Bolt. W. C. Achi appeared for the plaintiff and C. W. Declare The "Big Stick" Won Out

LEGISLATORS PASS RESOLUTION AGREEING NOT TO ASK EXTRA SESSION PAY.

There was a broad grin on the faces of all the members and attaches of the legislature this morning. They had the chance to draw their pay—pay that had been hanging in the air since the legislature met nine days ago. In fact, those salaries looked like plums on a political tree before an election—they seemed so far away. But the plums were plucked today and everybody felt pleased, with a mental reservation.

Despite expressions of satisfaction and cordiality and all that, the majority of the legislators feel that they were victims of the Big Stick on the part of the Governor, and they are likely to become restive under such idea. But the needs of the various members and attaches of the legislature, for cash were so pressing however, that they had to bow to the inevitable and pass the resolution, whereby the legislators agreed not to ask for any remuneration for an extra session. In other words the legislature could not wait the necessary ten days for the appropriation bills to become law.

Senator Coelho declared that it was a case of hold-up and the crowd were being forced to surrender. It was furthermore declared that the effect of the bill as passed by Congress relative to the legislature's expenses was simply meant to shut out any poor people from serving in the legislature.

It was very significant that hardly had the result of the vote on this resolution been announced in the Senate, before Secretary Atkinson entered the Senate chamber and announced that the Governor had signed the expense bills for the two branches.

The office of the treasurer was besieged by an army of eager applicants with warrants. Not until Chief Clerk D. Lloyd Conkling notified the treasurer that the bills had been approved and the money was to be paid, was the crowd of eager applicants appeased.

SUDDEN ATTACK OF DYSENTERY CURED.

A prominent lady of Brooklyn, New York, U.S.A., writes to inquire where she can obtain Chamberlain's Colic, Cholera and Diarrhoea Remedy. I brought a bottle home and have just used the last of it today." For sale by all dealers, Benson, Smith & Co., agents for Hawaii.
