THIEF ON THE OHIO.

There is a thief aboard the S. S. Ohio. Several passengers have complained to the local police concerning missing jewelry. One lady excursionist lost a \$150 watch on the third day out of San Pedro. She felt sea-sick and took off her jewelry and left it in her cabin while she went to the deck for fresh air. When she returned the watch was gone. Chief of Detectives Taylor has the matter in hand.

YOUNG SCAMPS PUNISHED.

Antonio Correa was yesterday sentenced to a year in the reform school for stealing W. O. Smith's pigeons. He was already under suspension of sentence for one year for larceny and suspension was removed and he has two years to serve. Eddie Fragas got 6 months for assault on a Jap yard boy in the pigeon stealing case above noted. He also got a year for larceny. He will serve the 18 months in jail.

WORTH MORE THAN ITS COSTS

LOS ANGELES EXCURSIONISTS LEAVE MORE THAN AMOUNT ASKED FOR PROMOTION.

The following is the weekly report of H. P. Wood, Secretary of the Promotion Committee to that body yesterday.

Honolulu, March 21, 1907.

Chairman and Members of the Hawaii Promotion Committee.

Gentlemen: Since writing my last weekly report the steamer "Ohio" has arrived with the Two Hundred and Fifty members of the Los Angeles Chamber of Commerce excursion, a most notable event in the history of Hawaii as well as in Trans-Pacific travel. This is but the beginning, we hope, of similar excursions from the different leading ports of the Pacific. It is pleasing to know that full credit is being given to the Promotion committee for the inception of this movement. The value to Hawaii of this trip will be greater from a monetary point of view than the entire appropriation asked for from the legislature to assist in carrying on our work during the next biennial period.

A letter referred to us by our energetic co-worker Postmaster Pratt states that the manager of the leading family hotel of Washington D. C. is planning to come to Hawaii for the purpose of going into business here. We lost no time in sending the gentleman all available information and have no doubt that our folders will be instrumental in securing another influential friend for Hawaii.

We are also in receipt of a letter from F. W. Richardson, President of the California Press Association, stating that he had received our circular letter and paper referring to the floral parade of last month, and saying further that their association was contemplating making a trip to Hawaii. This is one of the strongest Press Associations in the west and has a large and influential membership. I replied to the letter by the Alameda outlining a plan which I thought might prove of assist-

ance to the association should it contemplate getting up a large general excursion.

A letter from the Hon. John Barrett states that he plans to arrive in Honolulu April 15th or 17th, and expects to remain at least three weeks in the Territory visiting every island in the group, securing views and material for an illustrated lecture on Hawaii.

A letter from the Hon. John Barrett, Director of the Bureau of American Republics at Washington, D. C., states that he is continually hearing of the Promotion Committee's work for Hawaii and begs to extend his congratulations and best wishes for the future. Mr. Barrett writes that it is the intention to make the International Bureau of the American Republics a great world-recognized international agency not only for the extension of commerce and trade, but for the betterment of friendly relations between the Republics of the western hemisphere. Interest in South America he states is growing apace, and splendid results are hoped for. A new building for this bureau is now being completed in Washington at a cost of nearly a million of dollars. Mr. Barrett says further that he has placed our committee on the list for their Monthly Bulletin.

A letter from Julius Bien & Company lithographers, New York, to whom we wrote for the Honolulu Rapid Transit Company ordering some five thousand sets of twenty selected colored plates of Hawaiian fishes, duplicates of those appearing in Volume XXIII of the 1903 report of the U. S. Fish Commission, states that owing to a general strike in the lithographic trade this work has been delayed but they promise to have the illustrations ready for shipment April 15th, when those desiring to obtain sets of these artistic and finely finished plates of our wonderfully colored fish will be able to obtain them for a reasonable price at the aquarium. Strangers, who are now in the city would do well to leave their orders for these illustrations with the Rapid Transit management.

Respectfully submitted,
H. P. WOOD,
Secretary.

MRS. RUSSEL FOR JAPAN.
Mrs. Dr. Russel, wife of the Russian revolutionary agitator who has been working in Japan, left here in the S. S. Chiusa Maru to rejoin her husband.
