BONAPARTE ON THE JAPANESE TROUBLE

HE DECLARES THE AFFAIR HAS BEEN EXAGGERATED AND IS CONVINCED THAT REPORT WAS OVERDRAWN—BUT THE JAPANESE REPRESENTATIVES TAKE A DIFFERENT VIEW OF THE MATTER.

WASHINGTON, May 28.—At the cabinet meeting today Attorney General Bonaparte laid before the President and Secretary Root the report of District Attorney Devlin of San Francisco upon the alleged assault on Japanese residents of that city.

Secretary Root today received the following telegram from Governor Gillett relative to the attack on Japanese in San Francisco last Tuesday: "SAN FRANCISCO, May 28.—Your telegram of May 25th concerning assault made upon Japanese received. Will call attention of Chief of Police of San Francisco at once to your message and request him to use every effort to protect their people.

The State Department has taken no further action in the matter as yet, but undoubtedly will communicate Governor Gillett's telegram to the Japanese Embassy.

United States Attorney Devlin continued his investigation yesterday into the riot which resulted in the destruction of the Japanese restaurant at 1213 Folsom street a week ago.

The white witnesses were examined by Assistant Attorney Black. Their evidence was to the effect that the place had been boycotted because it was a non union restaurant.

A crowd of about 300 soon collected, invitation was accepted and the crowd started to hurl stones and bricks into the building.

The crowd then turned its attention to the bathhouse opposite, but before much damage was done the police arrived and dispersed the crowd.

In front of the building. One of the men in the crowd shouted: "Those fellows seem to want to have their windows broken. Let us help them."

THE WHITE MEN'S ROW ORIGIN. SAN FRANCISCO, May 28.—The demolition of the "Horseshoe Restaurant" at 1213 Folsom street last week following a fight between several white men, is the cause of diplomatic correspondence between the representatives of the Japanese Government and the State Department.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious.

The restaurant is kept by G. K. Armo. On the day of the riot two union lathers entered the restaurant

GREAT TENOR TRIES SUICIDE AND CUTS OUT TONGUE

Archangelo Rossi, the Italian tenor, who broke down in New York last winter while engaged in "Don Pasquale" at the Metropolitan Opera House, has taken a terrible revenge on the tongue which refused to respond to his demands. Feeling that he could never sing again, Rossi took a pair of scissors and cut off the refractory member.

JOHN ENA'S TICKET ROMANCE GRAFT

HIS WIFE KEPT PROMISE AND GETS A MILLION, SO A DISPATCH SAYS.

LOS ANGELES, May 30.—"I promised my dying sister I would marry her husband and become a mother to her seven children. I have kept my promise and never regretted it. For seventeen years I have been a happy mother to them."

These words were spoken by Mrs. Maria K. Ena, who inherits a million-dollar estate in Honolulu and who appeared in the Probate Court yesterday when the case to appoint an administrator for the estate of her late husband, John Ena, at Long Beach was heard.

Seventeen years ago a young Honolulu beauty and friend of Queen Liliuokalani was called to the side of her dying sister, who was the wife of John Ena, president of the Inter-Island Steamship Company.

"Promise that you will become my husband's wife," said the mother, "and say you will be my children's mother."

The young girl promised solemnly, and five years after her sister's death she had become the wife of her brother-in-law. She was determined to make him love her, and she succeeded.

Several years after their marriage they came, with their seven children, to Southern California. The Hawaiian millionaire bought land in this county and built a beautiful home for his family.

Mr. Ena was nearly twenty years older than his wife when he died last year. He left a large estate, and according to the will Mrs. Ena and the children will each have a fortune of nearly \$200,000 when the estate in Honolulu is disposed of.

Yesterday Mrs. Ena applied to the Probate Court Judge to appoint P. E. Hatch of the National Bank of Long Beach administrator of her late husband's estate at Long Beach, valued at \$125,000.

JAPANESE HOTEL KEEPERS MAKING MUCH FROM IGNORANCE OF LABORERS GOING TO COAST.

There is great graft among the Japanese hotel keepers and steamship agents in a position to know the facts although they are difficult to prove.

Jap hotel keepers, making capital of the thousands of Japanese anxious to get away for the mainland, are doing a rushing business engaging passage to Canadian ports for those wanting to leave and are charging them as much as \$45 per head for transportation to the mainland when the cost of a ticket is no more than \$37.

It can be seen that where several hundred want to take passage at once the profit is very considerable. In addition to the graft on the ticket price the hotel keepers and agents make other assessments that go into their pockets and come out of the pockets of the Japanese laborer who is looking for golden opportunities on the other shore.

Two hundred and fifty Japanese are expected to leave here for Vancouver in the French steamship Amiral Jaureguiberry, Captain Jouan, which arrived here from Japan on Wednesday.

Theo. H. Davies & Co. are agents for the Frenchman and they have the selling of the tickets.

In order to overcome, if possible, the graft of the hotel keepers on the unsuspecting laborers, the steamship agents have lately insisted on delivering the tickets to individual passengers and not in blocks to an agent. Still it is possible for the agent or hotel keeper to get his graft for he insists that unless the intending passenger arranges with him beforehand he cannot get passage and where hundreds more than can be accommodated are applying for passage there is ample opportunity for imposition on the individual intending passenger.

Every effort will be made in the case of the Amiral Jaureguiberry to see that each man gets his ticket without paying more for it than the price charged by the steamship agents.

PETERS TO GO EAST

WILL PROCEED TO WASHINGTON TO FIGHT THE LANAI APPEAL MATTER—QUESTION OF LAW.

Attorney General Peters is going to get right after that Lanai appeal to the United States Supreme Court. He stated this morning that he will take steps at once to go before the Washington tribunal and move to have the appeal dismissed.

It is claimed in the writ of error secured yesterday from the Territorial Supreme Court by L. L. McCandless, that a Federal question is involved in the matter. Peters takes the position that there is nothing of the kind.

"The Organic Act provides," said Attorney General Peters this morning "that our land laws not in opposition to the provisions of the Organic Act, shall continue in force. The Organic Act shall continue in force. The Organic Act made no change in our statutes affecting these exchanges of land, nor has Congress made any change in our laws on this subject.

"I expect to go to Washington as soon as possible and there move for a dismissal of the appeal."

CONDITIONS ARE BETTER

NO TROUBLE AT AIEA FOR 18 DAYS AND HEALTH SITUATION IN HONOLULU GOOD.

President Pinkham of the Board of Health was back at his desk this morning for the first time in three days. He had been at his home resting from the effects of the recent strain.

"The general health situation is well under control," he said, "and I feel that the recent epidemic of sickness is at an end. Certainly we hope so. There has not been a case at Aiea in 18 days nor has there been any sickness of any serious character in Honolulu in nearly three weeks' time."

"There will be a meeting of the Board of Health about Wednesday when I will present some matters of importance. I expect to bring up the question of the boys' home on Hawaii, the home for non-leprous boys of leprous parents. There are about 58 such boys at the leper settlement and when the home will have been completed they will be taken from the settlement to the home."

President Pinkham has not yet finished the details for the central wash house which certain Chinese are figuring upon erecting. Their action will depend upon the decision reached by the Board of Health in the matter of regulations and other details affecting the central laundry.

WITH OR WITHOUT. Domestic or imported beer served with lunch or dinner at Scotty's Royal Annex Cafe. If you prefer another beverage, you can be supplied. Dine with us and grow fat.

SENSIBLE. It certainly is to buy your wines, and spirits and beer in bulk. And the largest and best stock is kept by the Criterion Jobbing Department.

THE DEMAND IS STEADY. There is no dead or shopworn stock among the candles of the Alexander Young Cafe. The demand is steady, and the factory supplies it daily.

Delicious pies and cakes. Candy fresh every day. New England Bakery.

CYCLONE'S DAMAGE

(Associated Press Cable to The Star.) BOMBAY, India, June 7.—A cyclone has struck Kurachee. Many buildings have been destroyed and several vessels are ashore.

IRON MEN GO BACK

SAN FRANCISCO, Cal., June 7.—The striking iron workers will return to work on Monday next.

TO DREDGE OUT BISHOP SLIP STRIKE BREAKERS

TO BE DREDGED TO A DEPTH OF 25 FEET TO DOCK THE NEW MAUNA KEA.

The public works department will advertise tomorrow for bids to dredge out harbor on the Waikiki side of the new Bishop wharf. The idea is to have this slip dredged to a depth of about 24 to 25 feet in order to accommodate the new steamer Mauna Kea, of the Inter-Island Company's fleet.

The Inter-Island Company has claimed that there was a big piece of coral rock on that side of the new wharf and has insisted that it be removed before they consent to accepting the wharf for use of their steamers.

The Territory has a small dredger but it is dismantled so the work will be done by private parties.

"I expect to go to Washington as soon as possible and there move for a dismissal of the appeal."

CHANGE PLAN FOR TENDERS

CONTRACTS FOR TARO AND BEEF SUPPLIES WILL BE FOR ONE OR TWO YEARS.

The Board of Health is making an important change in the details of bids for furnishing various supplies. Heretofore it has been the custom to advertise for tenders of supplies on the basis of six months, but after careful consideration of the situation President Pinkham of the Board has decided to make a change in two details.

Bids for supplies, which are today advertised for the first time, provide that the bids for supplying beef and paid shall be on the basis of one and two years respectively. Formerly these supplies would be for a six months period. President Pinkham thinks that the bidders will be in a better position to form their estimates and to make contracts for the supplies of material if they can figure on a longer period than if they were held down to six months' time.

The taro planters are not certain as to how much land to plant to taro.

LOOKING INTO JAP ATTACKS

WASHINGTON, May 24.—The Japanese Ambassador is taking steps to obtain the details of attacks which the Embassy has been informed have been made on Japanese restaurant keepers in San Francisco.

and seeing a teamster at one of the tables eating his dinner demanded of him that he remove his union button while eating in a non-union restaurant. He refused and a fight ensued. Tables and chairs were overturned and the noise attracted a crowd.

The men fought roughly and were soon in the street. The Japanese cooed rushed our with a large knife and the crowd, thinking that he was going to take a hand in the fracas, commenced throwing bricks and other things as the cook.

The cook retreated and with the proprietor and other Japanese help escaped through the rear door. By this time the front of the restaurant had been demolished and nearly everything inside broken.

The crowd, largely composed of boys then turned its attention to a bathhouse on the opposite side of the street and commenced to throw rocks at the windows. The police arrived and stopped all further proceedings.

Before the police arrived one of the crowd remarked: "I guess they want their windows broken. We'd better help them out."

They then destroyed the windows, including the gaudily lettered invitation to the public to "Stop! Try our wonder meals."

A GREAT CLEARANCE SALE. The annual clearance sale of the Sachs Dry Goods Co., which will shortly be announced, will be the greatest sale ever held in Honolulu; the entire stock is to be offered at reductions that will mean much to you; watch for announcement.

SUMMER DIARRHOEA IN CHILDREN.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system.
