HEIRS TO GET COIN STRIKES ON DOCKS BAD

SUPREME COURT DECIDES THAT CAMPBELL HEIRS CAN HAVE INCOME FROM JULY, 1905.

An important opinion was rendered this morning by the Supreme Court in the matter of the distribution of income of the Campbell Estate. From \$300,000 to \$400,000 is involved in the case. According to the opinion a certain distribution of income that the widow and children of the late James Campbell had hoped to secure, will not be made and the grand-children of Campbell, the Kawapanakoa and the Macfarlane minors, will largely reap the benefit.

The title of the suit is Abigail K. Campbell-Parker, J. O. Carter and Cecil Brown, trustees under the will of and of the estate of James Campbell, deceased, vs. Abigail K. Campbell-Parker et al. The case was an appeal from the circuit judge of the First Circuit. The opinion is unanimous and was written by Justice Wilder. Judge De Bolt sat on the case in place of Justice Hartwell who is absent on the mainland.

The case was appealed by the plaintiffs as trustees from a decree sustaining demurrers to a bill in equity for advice in connection with the will of Campbell. Under the terms of the will the plaintiffs were named as executrix and executors of the will. The

INTERFERES WITH MARKET FOR RAW SUGAR—QUIET MARKET PREDICTED FOR PRESENT.

Willet & Gray's Weekly, for May 29, has the following to say, regarding the market for raw sugar:

"Business of the week has been extremely limited by the indisposition of both buyers and sellers to bring about any change, either by pushing sales or making lower bids.

"The change in quotations is only slight, say from 3.92c. per lb. 96 deg. test to 3.90c. for spot and nearby sugars, at which there have been only small transactions. The change in the European beet sugar markets is even less, the daily quotations of 10s. being quite steadily maintained. By our cable from Hamburg, 4000 tons of beet sugars are coming this way, but not for American use, being in transit for Canada. Probably some domestic beet sugar factories in Canada are about to

MAYOR SCHMITZ SAYS RUEF GAVE NO MONEY

AND YET THE MAYOR WAS CONVICTED ON RUEF'S TESTIMONY IN THE FRENCH RESTAURANT CASES—SCHMITZ SAID TO HAVE RECEIVED \$3000, PART OF BRIBE MONEY, PAID BY GAS COMPANY—PAID IN HIS HOME.

SAN FRANCISCO, June 3.—Mayor Eugene E. Schmitz, under indictment by the Grand Jury for extortion and receiving bribes, yesterday made the following statement to "The Examiner."

"Every word uttered by Abraham Ruef regarding my connection with the alleged payment of bribe money by the San Francisco Gas and Electric Company is false. He never paid me a cent of money. I have read the transcript of his testimony before the Grand Jury, and in so far as it relates to me it is an absolute falsehood. Further than this I have nothing to say. When the proper time comes Ruef's statement concerning me will be proved to be false."

Ruef's rejoinder to the Mayor's charge is as follows: "I do not wish to make any comment on anything that the Mayor or any one else may say concerning the testimony I gave before the Grand Jury. The testimony was given UNDER OATH and in line with the statement I made in open court that I proposed to tell the truth and the whole truth about all matters concerning which I might be interrogated by the proper authorities."

"The testimony I gave regarding the Gas Trust bribery I conceived was part of the duty I owed to the people

AL JOHNSON IS DEAD

(Associated Press Cable to The Star.) SAN FRANCISCO, Cal., June 14.—Attorney Albert Johnson is dead.

Johnson was one of the most prominent labor leaders on the Pacific Coast, and represented the street car employes in the arbitration proceedings with the United Railroads, both in 1903 and in the trouble last fall. He was an eloquent speaker, and was often referred to as "The Silver Tongued Orator of California." He held prominent socialist views. He was a brother of Hiram Johnson, also a leading lawyer of San Francisco, who has gained considerable prominence lately by being associated with Francis J. Heney in the fight against the municipal grafters.

EWA LAND IS TAXED

RAILROAD LEASED PROPERTY ASSESSED FOR LARGE SUM IS MOST IMPORTANT APPEAL CASE.

A very important case is to come before the Tax Appeal Court Monday afternoon. It is one, if not the largest appeal that will come up before that court. The case is of the Oahu Railway and Land Company. The company has leased from the Campbell Estate 8,928 acres of land, that it has subleased to the Ewa Plantation. The railway company made no return on the property but the assessor slapped on a valuation of \$640,350. The case will undoubtedly be carried to Washington if adverse to the Railway Company, as a large amount of money is involved.

The only case to come before the appeal court this afternoon, is the appeal of the trustees of the S. C. Allen Estate, relative to the valuation of a one-ninth interest in the Pantheon Saloon premises. The interest was returned at \$4,250 and the assessor raised it to \$5,500.

REFUSED LANDING

HAWAIIAN-BORN CHINESE SHIPS ON AMERICAN-HAWAIIAN SHIP AND NOW DENIED LANDING.

Sam Forty, 27 years of age, Hawaiian-born Chinese, according to claim, is a mess-boy aboard the American-Hawaiian S. S. Alaskan, Captain Nicholas, now in port, and is refused landing because he is a Chinese.

Sam signed articles aboard the Alaskan when she was here last and has been aboard since. He has been to Sallina Cruz, San Diego and San Francisco, never before having left the islands, according to his own story.

He went ashore in Sallina Cruz, San Diego and San Francisco and was never questioned in regard to his right to be there, but here he returns to the land of his birth and is refused a landing.

Sam Forty weeps like sixty and feels like thirty cents.

Sam Forty may soon dry his eyes, perhaps.

Captain Nicholas is looking the matter up, with the able assistance of United States Shipping Commissioner Almy, and the birth certificate and other documentary evidence of Sam's having been born in Hawaii may soon be forthcoming.

Meanwhile Sam Forty quits weeping to laugh. It is so funny, he says, that a man should be born here, go away, return to be received as an alien and told to go away.

WILD DASH FOR DRAFT ON BANK

HONOLULU IRON WORKS PAID FOR STEAM ROLLER—REPRESENTATIVE MAKES SPEECH.

HILO, June 11.—In reporting the last meeting of the County Supervisors the Hilo Tribune says:

"It was when the matter of the Finance Committee's report came up that things became interesting. Lurking in the background, like some unrecognized Banquo, was Fuller, the Iron Works man, from Honolulu. He had a little bill for \$3575 for a steam roller which was delivered at Mahukona. The Finance Committee's report was cheerfully adopted and after that adoption the Board started in to consider it. This procedure is unusual but it is not immoral.

Mr. Fuller, the Iron Works man, was invited to make a speech. And he "done it noble." He told the true story of his past life and also of the past life of the Honolulu Iron Works. It was most affecting. The Honolulu Iron Works he assured his listeners, was one of the most virtuous organizations in the world. When the Honolulu Iron Works said that they would deliver a roller, what did they deliver? Why a roller of course, and unquestionably the rolliest kind of a roller that ever rolled.

There was absolutely no answer to his eloquence and the resolution which had been passed regarding the non-payment of the Iron Works bill was reconsidered and rescinded. The report of the Finance Committee was formally adopted and rumor has it that Fuller, the Iron Works man, made a mad dash for the Auditor's office where he received a warrant for \$3575. He then dashed madly towards the bank and purchased a draft for the amount mentioned.

COUNTY OWNS THE LOCKUP

GREAT QUESTION OF OWNERSHIP OF STOLEN JAIL SETTLED FOR ALL TIME.

HILO, June 11.—The matter of the stolen jail came up before the last meeting of the Supervisors. High Sheriff Henry wrote that he did not know anything about a jail or lock-up at Honoumuli. The High Sheriff's letter plainly indicated that he was scared. He declared that the Honoumuli lock-up had never been paid for it he said and he had found by enquiry that the Superintendent of Public Works had never paid any rent either.

"I will not assume any responsibility whatever in the matter," said the High Sheriff in conclusion.

Whereupon Supervisor Keaki who moved the lock-up from Honoumuli to Hakulau moved further the adoption of his report.

"Well, who owns the lock-up now, the County or the Territory?" asked the captious Shipman.

Chairman Todd's brow furrowed with thought.

"It belongs to the County," he declared finally, and even the ranks of Tuscany could scarce forbear to sneer.

HAWAII TO HELP OAHU

READY TO CO-OPERATE TO TEST ACT WHICH GOVERNOR CARTER REFUSED TO RECOGNIZE.

A letter has been received from the Clerk of the County of Hawaii advising the Oahu Board of Supervisors of the action of the Hawaii Board at its last meeting, in reference to the disputed act by the Legislature relating to the giving of half of the court costs, license fees, etc., to the counties. The Hawaii Supervisors inform Oahu that they are ready to co-operate in the matter of testing the act, which the Governor has refused to recognize, and will bear their proportion of the cost of fighting the case through the courts.

The act in question is the one which the Legislature passed over the Governor's veto, after the House had first voted to sustain the veto, with the understanding that the Governor would sign a substitute measure, which was sent to him too late in the session to escape the pocket veto. When it became evident that the Executive had no intention of signing either measure, the House voted to reconsider its action with regard to the first bill, and then by another vote passed it over the veto.

Governor Carter, supported by Attorney General Peters, refuses to acknowledge the validity of the act as thus put through, and the Secretary has refused to incorporate it with the other acts of the session. As the bill means a great deal to the counties, action is to be begun in the courts to compel the Secretary to publish the act, and incidentally test its validity.

County Attorney Cathcart, who has had the matter under consideration for some weeks, will probably within the next few days file the papers in the suit against the Secretary, which will open the matter, and lead to its settlement.

BICYCLES SOLD YESTERDAY.

There was a sale of confiscated bicycles by the tax assessor yesterday at noon. Seven machines were sold bringing in a realization of \$40. The highest price paid was \$7.50 and the lowest \$3.25. The taxes and penalties amount to \$11.90. The remainder of the money, less the cost of advertising the sales, will be held for 60 days subject to the claim by the owners of the confiscated bicycles. If the cost is not claimed by that time, the money becomes a government realization. There will be another sale of confiscated bicycles next week.
