PLEASED WITH THE RIFLE SHOOT

NATIONAL GUARDSMEN ENCOURAGED BY THE SCORE MADE AT CAMP PERRY.

The rifle team which went to Camp Perry, Ohio representing the National Guard of Hawaii, and which made a very good record in the contest which was held last week, is expected home on the next trip of the Sierra, leaving San Francisco on the 14th inst and arriving here on the 20th.

The officers of the regiment are feeling very good today over the record made by the team, as indicated by the cable received on Saturday from Major Riley, team captain. The team contested against 47 other teams representing every branch of the regular and volunteer armed force of the United States, and stood 34th in order. This is a marked improvement at the Territory stood 31st out of 37 teams competing last year.

HENDRY MAKES A GOOD CATCH

United States Marshal Hendry returned yesterday morning from a several days trip to Maui where he went to look after various federal offenders. The most important result of this trip was the capture of another Korean who is supposed to be the right hand man of Kim Bong Chuen, the king counterfeiter of the Territory who was captured on Hawaii some weeks ago.

Kim with a little persuasion came through in great shape and not only made a set of dies to show the officials how he could do the work, but implicated another Korean in the business as being almost equally guilty with himself. This is the man who is now supposed to be in custody.

Besides making the important capture, the Marshal also brought back with him a number of dies which are supposed to have been used in the making of the spurious coins which have flooded certain parts of the Territory for a year or more. They were found buried under a house at Lahaina and are of the same composition of metal as those made by Kim since he has been here. One of the dies is for \$10 gold pieces and the other for \$5 pieces. The \$10 is the better of the two and a number of coins made from it were also secured it bears the date of 1905.

U. S. Marshal Hendry on his return from Maui yesterday brought back with him two Jap prisoners who were arrested on warrants sworn out by the Revenue department charging them with selling liquors without a Federal license. The prisoners are a mag named Susuki and his wife. They were lately arrested by the local authorities at Maui for violating the Territorial laws, and the U. S. authorities learned that they were also shy a Federal tax stamp.

MRS. BEW'S FUNERAL THIS AFTERNOON

SUDDEN DEATH OF WIFE OF HAWAIIAN HOTEL MANAGER A SHOCK TO FRIENDS.

The funeral services of the late Katie Metsker Bewa, wife of Henry Bewa, the manager of the Hawaiian Hotel, will be held at four o'clock this afternoon from St. Andrew's Cathedral, Canon Mackintosh will have charge of the services.

The body of Mrs. Bewa will be placed in the Masonic receiving vault until it is removed to her late home in Iowa. The sudden death of Mrs. Bewa has been a great shock to her many friends, as she had endeared herself to the guests of the Hotel, and has made many friends during her stay here. Mrs. Bewa was in her sixtieth year, being born on September 17, 1847, in Lockhaven, Pennsylvania. In early life, she removed to Iowa with her parents, and lived there until her marriage to Mr. Bewa on July 3, 1872. Mrs. Bewa has been with her husband all over the United States, as he has been in the hotel business for over thirty years. Mrs. Bewa leaves one twin sister in Iowa. Two children were born to Mr. and Mrs. Bewa, but they both died in infancy.

SINCLAIR HAD PLAGUE SERUM

TREATMENT OF ONLY STEERAGE PASSENGER WHO LEFT THE SIERRA.

"The reason that my father was allowed to come ashore," said Dr. Sinclair this morning in discussing the release of Archibald Sinclair from Sierra quarantine, "was that I had some prophylactic serum and he was given a tube injection. I did not have enough of it to treat all the passengers, but treated my father, and he came ashore under a rule of the service.

"When the steamer arrived and the quarantine was declared, I at first had no thought but that he would have to go into quarantine with the rest, though of course anxious to do what I could for him. I then thought of the preventive serum, of which I do not think there is any in town except the eight or nine tubes I had in possession. I asked Dr. Ramos if my father could come ashore if treated with the serum, and he stated that the rules so provided. The plan was then carried out, and the matter will be reported to Washington in the regular way.

"Every passenger who was in the steerage of the Sierra could have come ashore if he had had serum treatment and was prepared for daily examination."

FATHER ANDREW PASSES AWAY

HAD BEEN A PRIEST IN PACIFIC ISLANDS FOR OVER FORTY YEARS.

Reverend Father Andrew Burgerman died last night at the Catholic Mission of this city from old age and a complication of diseases contracted during his long years of mission in the different islands of the Pacific.

Unable to render any service as agent the last few years here in Honolulu, and took to his bed only a month previous to his death. Father Andrew Burgerman was born in The Hague, Holland, and entered the Congregation of the Fathers of the Sacred Hearts in 1855. He was sent by his Superiors to France and for many years was prefect in one of their colleges then in a flourishing condition.

Ordained priest in 1864, he was sent as a missionary priest to Tahiti until the year 1873, when he arrived here in these islands and occupied some posts on Hawaii, Molokai and Maui. Broken down in health by old age and infirmities, he came from Lahaina to Honolulu to take a well deserved rest. His death was peaceful, as had been his whole life, and he was conscious until the last. When in the outside districts he had quite a reputation as a physician and has rendered great services to the natives in that capacity.

The funeral services will be held this afternoon at 5 p. m. from the Catholic Cathedral and the interment will take place in the Catholic Cemetery on King street where his body will rest in peace in the common plot of his co-laborers in the field of the Lord. May his soul rest in peace.

SPECULATION AMONG GOLFERS

MUCH INTEREST IN THE TOURNAMENT WHICH IS TO OPEN NEXT SUNDAY.

A good deal of speculation is going on at the Country Club about the possible winner in the coming golf tournament that will be started next Sunday at the club for the championship of the islands. One of the best players in the islands today is Charley Hartwell, but it is very doubtful if he will be able to play, as he is about ready to leave for his new duties as manager of the Carter Ranch on Molokai. He has shown some great form this year in a number of matches, and plays a very steady game. His driving is one of his strongest points, and is also very good at approaching.

Another player who is very good, but who is not up to his game is Anderson. His game is very steady when he is playing in form but so far this year has not shown the form that he displayed some years ago. Armstrong has been playing a good deal this year and certainly ought to be among the lucky 16 at the close of the qualifying round. His game is a very steady one and driving is one of his best features.

Chan Wilder is another player who has shown a good deal of form this year and ought to be somewhere in the running. Golf is such an uncertain game that the winner will not be known until the last score is in. A man playing a game of golf with another man, is very apt to make him play a very poor game, or a very good one. It all depends upon the man whom he is playing with. Many a poor player has won a match from a good one, for the simple reason that the good player has been off his game, and the poor one has taken advantage of this.
