JAILER KILLED A JAPANESE

PRISONER OF LIHUE JAIL IS DEAD AS A RESULT OF A KICK.

As the result of injuries inflicted sometime on Tuesday by Enoch Lovell, jailer at Lihue, Kauai, a Japanese prisoner in his keeping died yesterday morning. An inquest was being held last evening.

This information was received early last evening by High Sheriff Henry who received a brief message from County Sheriff W. H. Rice, of Lihue, giving substantially the facts as above stated. High Sheriff Henry will leave this evening for the Garden Island to look into the matter more fully. He is considerably perturbed over the report.

In speaking of the matter this morning High Sheriff Henry stated that he was greatly puzzled from the fact that Lovell has always been considered one of his most careful and considerate men. He has been in charge of the jail at Lihue for fifteen years and has always borne the very best of reputations and been respected by all who knew him.

In light of this, the High Sheriff is loth to believe that the death of the Jap resulted from injuries inflicted through plain brutality as might be indicated by the wireless message. Henry prefers to think that the Jap prisoner was hurt in some encounter, and that there will be found extenuating circumstances in the case when all the facts are known.

Enoch Lovell, the accused jailer, is a man of probably 50 years of age and is married and has a family.

ASSAULT CASE.
The first criminal case to be taken up in the present term of Circuit court was begun this morning before Judge Lindsay and a jury. It is that of Lau Tung Piu, and five other Chinese who are charged with assault with a dangerous weapon. The offense occurred a year or more ago, and was the outcome of a row over water privileges among Chinese farmers. The case is going on this afternoon. Attorneys Cathcart and Creighton are prosecuting the case, and the defendants are represented by Attorneys Thayer and Harrison.

LIST OF THE 200 "SOCIETY"

THE LATEST THING IN SOCIETY RULINGS SINCE HONOLULU HAD A BLUE BOOK.

Herewith is given the list of the Two Hundred. No one made up the list. Like Topsy, it "just grew." It is the latest in the way of social ratings,—the list of names of those invited to the Longworth reception. The invitations were sent out from the office of the secretary of the territory, but that office is not responsible for the list. As already stated, no one is responsible for it. Persons whose names are not on the list and who think they ought to have been put down, will never know whom to blame. "I got in the Blue book," said one more or less society man this morning sadly, "and that is as far as I ever got. My name ain't there."

As a matter of fact, the Longworth' list of guests is made up very largely of persons whom the distinguished visitors had met, or had been entertained by, while in Honolulu, so it is not to be taken, say those who should know, as intended for a list of the socially "all right." Nevertheless, it is known that there have been days and nights of worry among those whom Mr. and Mrs. Longworth asked to help in making it up, and there is the expected howl from persons whose names were left off. The dark secret of who made the list will never be known.

The following is the list of names which has caused so much discussion:

Korean Prince Was New York Sport

PRINCE HUIWHA YEE.

Prince Huiwha Yee, brother of the new Emperor of Korea, is well known in America and especially in New York, where he often visited while a student at Roanoke College, Virginia. He was a fashionable dresser and a "good spender" and captivated many a maiden of the chorns while disposing of his golden shower along the Great White Way. Owing to his strong Japanese leanings and the constitution at weakness of his brother, Yi Syek, it is believed in Washington that he may shortly come to the throne of Korea.

HE TOOK BAD MONEY NEWS FOR SQUADRON

KANEOHE JAILOR SAYS THE TERRITORY PAID HIM IN COUNTERFEIT COIN.

The Territorial treasury is accused of "shoving the queer," or in other words passing out bogus money.

The complainant who says that the treasury paid him his salary in bad money is Joseph Keoki, jailer at Kaneohe, and he has written a letter telling about it. The letter was sent to High Sheriff Henry and turned over to U. S. Marshal Hendry, who as yet has not made any wholesale arrests in the treasurer's office. The general belief is that the gold piece supposed to be "phony" is simply cracked which causes the best kind of money to sound like the worst sort of a counterfeit.

Keoki's letter is self explanatory. It follows: To William Henry, Esq., High Sheriff, Territory of Hawaii.

Dear Sir:—Yesterday, September 3, after I got my warrant from you for my month's pay, I went over to the Territory Treasurer and cashed it. I got 4—10 dollar gold pieces. This morning I went to the store to pay some of my bills. I and others found out that there was 1 ten-dollar gold piece, a counterfeit-piece and the other 3 ten-dollar gold pieces was all right. I am now saving the counterfeit ten-dollar gold piece. There is no sound of money when you drop the piece on the cement sidewalk of the courthouse; it is more like lead sound.

Please notify Treasurer. There may be some more counterfeit money in the Treasurer's hands, and hoping that I will get my money back.

I am, yours sincerely,
JOSEPH KEOKI.
P.S.—Gave counterfeit gold piece in care of Deputy Sheriff Paha. Deputy Sheriff and police officer saw the counterfeit piece.

WILL ISSUE BONDS

GOVERNOR FREAR DECIDES TO PROCEED WITH A BOND ISSUE AS AUTHORIZED BY THE LEGISLATURE AND TREASURER CAMPBELL LEAVES TOMORROW TO FLOAT THE ISSUE—MONEY IS PARTLY FOR THE SUANU DAM.

Treasurer A. J. Campbell will be a passenger on the Korea when she sails for the Coast tomorrow.

The reason for the Territorial Treasurer's trip is solely for the purpose of raising a loan on a bond issue of the Territory as provided for by the last Legislature. The amount thus authorized is \$308,500, though whether or not the full amount will be issued has not been decided, according to a statement made today by Mr. Campbell. This will be settled by the Governor, however, sometime before the Korea sails tomorrow.

Treasurer Campbell will go at once to Washington where the President's approval to the issue will be secured, and thence he will go on to New York where the bonds will be printed and sold. Mr. Campbell will sign the bonds while away. He expects to be gone the better part of two months.

The apportionment of the \$308,500 authorized for use in the following amounts by the act authorized the issue: Nuanu Dam, \$132,000. School Buildings, \$110,000. Wharf Shed, Honolulu, \$45,000. Hilo wharf, \$20,000. Extension of Waterworks, Kamuela Hawaii, \$1,500.

There is a possibility, said Mr. Campbell, that some of these smaller items may be omitted for the present.

ASKS THE ADMIRAL TO STAY IN PORT

HOPE EXPRESSED THAT THE CRUISERS WILL REMAIN HERE FOR REGATTA DAY.

Members of the two rowing clubs here in town are very anxious to arrange a boat race between the best crews of the different ships now here, and to have races on Regatta Day. It is also the intention to have a committee to call on Admiral Dayton and to ask him if it is not possible to stay over for Regatta Day, September 21, so the crews can enter in the events of the day. If this permission can be obtained the committee will also try and arrange swimming races and other kinds of water sports.

The crew of the Maryland is the best in this squadron, and a good deal of rivalry exists between the crews of the Big Four. A number of different races could be arranged and would make the day a regatta day in every sense of the word. It is hoped by many officers that the Admiral will consent to stay over for this day.

The five rowing crews of the two clubs are doing some hard work these days and are waiting patiently for the gun to start them on their race. The Myrtles are rowing better than they ever have before, and the chances are that they will win, although the Healanis say the same thing. In watching the rowing every day the Myrtles seem to be doing some very good work and their stroke is not only steady but is also fast. If the men do not get stale, the race should be a good fast one from start to finish, and it will not be the coaches' fault if they don't row well, as both Walker and Jarrett are doing a lot of hard work getting the men in shape. The race will be about one mile and three quarters, starting from the railroad wharf at the Ewa end of the harbor and finishing abreast of the girl's boat club. If the cruisers are here the committee will try and arrange for steam launch, gigs, four, six, eight, ten and twelve-oared races in addition to the big race of the day. The plans will be announced definitely as soon as the Admiral decides.

WIVES OF OFFICERS ON THE KOREA—HOW SAILORS ENJOY SHORE LIFE.

Wives follow the flag. Many of the officers of the Big Four squadron now in port will soon have to report to headquarters for orders, for on the Pacific Mail steamship Korea, due from the Orient this afternoon, are their wives.

Since these ladies could not accompany their husbands aboard the big cruisers, they must needs follow on a passenger boat and so the liner Korea will arrive here with the help-meets of a considerable number of the epauletted gentlemen of the West Virginia, Pennsylvania, Colorado and Maryland. During the stay of the squadron here the "reserve squadron," the wives of the officers, will add to the social stir of the town and, when the squadron leaves, they will resume their journeys on some opportune passenger boat and re-join their lords on the mainland. Numbers of the officers have, in anticipation of the coming of their superior officers, engaged quarters at the Seaside, Moana, Young and Hawaiian. Some have chartered whole cottages at the Seaside Hotel.

The squadron will stay in port until September 18 and possibly a few days longer.

The splendid machines which compose the Big Four are putting a life into the town seldom felt before, stirring patriotism, keeping things moving socially and adding an activity that is good for the insular atmosphere which is too much inclined on occasions to become monotonous.

The officers are great entertainers and the squadron is hospitality personified afloat. The several thousand men are, generally, particular in behavior and hungry for shore grub. It was stated this morning, by way of illustration, that one thousand dozen eggs had been consumed since the squadron arrived and there is danger of a potato famine. Bread and sausage facilities

HILONIAN HERE FROM SAN FRANCISCO

The Matson Navigation Company's S. Hilonian Captain Johnson, arrived at Honolulu early this afternoon, after a pleasant voyage of seven days from San Francisco.

The Hilonian brings about 2000 tons of general merchandise for this port, including a large supply of icehouse goods, and a full list of passengers, many of whom are returning school teachers from the coast.

On account of the outbreak of bubonic plague in San Francisco, it was necessary to dock the Hilonian at the quarantine wharf, but the cabin and steerage passengers were immediately landed, upon the vessel's arrival, at the foot of Fort street by Young Bros. launches.

It will be necessary for the Hilonian to undergo fumigation, but she will be released from quarantine early Friday morning and Castle & Cooke, Ltd., the vessel's agent at this port, anticipate being able to dispatch her promptly on her regular sailing time as advertised, 10 o'clock Tuesday morning, next, from the new Brewer's wharf.

TRANSPORT DANCE AT SEASIDE HOTEL

In honor of Colonel Gardner and the officers and ladies of the Sixteenth Infantry, Admiral Dayton and the officers of the cruiser fleet will be more than welcome. This will be a combination of the Army and Navy and will be unquestionably one of the jolliest dances ever given in Honolulu. The Band of the Sixteenth will play in honor of the fleet. Only friends of the Seaside and of the Army and Navy will be permitted on the floor. Come to the Seaside and welcome the defenders of the flag. Transport or no transport there will be a dance.
