

SPORTS

ST. LOUIS TEAM TO MEET TONIGHT

PROPOSED TRIP TO JAPAN TO PLAY BASEBALL IS TO BE DISCUSSED.

A meeting of the Saint Louis Baseball team will be held tonight at 7:30 in the Alumni rooms on Union street. The object of the meeting will be to decide on the players that will go out to Japan.

Lieut. Suetco Ito, who has done a good deal of work arranging for the games, stated this morning to a Representative of The Star that he was sending a cablegram to Japan this morning, asking the university to authorize the agents of the Pacific Mail here, to give the players passage on the Siberia next week.

Charlie Chillingworth will be present at the meeting tonight and will help to pick out the players that will go. It is very possible that some players outside of the Saints will make the trip, so some of the best players of the Saints will be unable to get off.

The players are very anxious to go, and a good many who have not played baseball in many years are going to try and go in the event of the regular St. Louis players being unable to make it.

Gleason stated this morning that he expected some mail by the Nippon Maru giving more of the details, but he thought it would be the wisest thing to send a cable and be sure of transportation on the Siberia. If the Saints leave on the Siberia on Wednesday they will arrive in Japan on the 24th and if they come back on the Hongkong Maru they will have eight days in Japan and will arrive home on the ninth or tenth of November. In the event of their missing that ship they can get the Korea home, which will bring them in on the 22nd, the same day as the Fisher crowd arrive. This trip to Japan will do a good deal to help promotion work here and every effort will be made to allow the team to go.

PICKED TEAM WILL BE STRONGER

PROSPECT OF A GOOD GAME AND INTERESTING SPORTS TOMORROW.

All the baseball fans in town are looking forward to the sports and the game, tomorrow between the Saints and the Picked team. The sports should bring out a large number of players, as it is the first time that they have ever been tried here. Lyman has about the best chance in the throwing to second, but Jones will make him hustle to win.

En Sue seems to be the most likely winner in the running around the bases and also the sliding to bases. Reuter, Leslie, Jones and Hampton should make things very interesting in the throwing for distance, while Hampton and Fernandez should have it out between them in the bunting and running to first.

The Picked team will be a much better team in the game than they had last Saturday, and will give the Saints a good hard tussle.

After the game two balloons will be released, each one having a pass for a season ticket for the coast series, and the lucky ones will have their choice for the two best seats in the grand stand to witness the games between the All Hawaii team and the coast team.

The League are willing to allow the sailors to enter a team, and the matter will probably pass tonight by a large vote. The sailor boys have been doing a good deal of hard work lately getting in trim, and they will be able to give the other teams some hard work to beat them. The present standing of the teams in the league will be brought up at the meeting tonight, as if the navy team is allowed to enter the games will probably be started all over again.

The final match in the McInerney Cup golf tournament, will be played tomorrow afternoon at the Country Club between Walker and Gill. The chances seem to be in Walker's favor unless Gill has one of his lucky days. Walker is usually the better player of the two, but Gill has good days when he can discourage anyone. Some days he plays a very poor game, and the next day he can beat anyone. Austin White, the champion golf player in the Territory, was beaten by Gill in their match in the McInerney tournament. The match tomorrow will no doubt be watched by a large number of players, as there is a good deal of speculation on the outcome.

The entries for the White Rock golf tournament that will be played on Sunday at Moanalua will close at noon today at E. O. Hall and Sons. A large number of players have entered for this popular tournament, and every one who has won a leg on the cup before, is going to do their best to get a second leg on the cup. This tournament has been going on now for over two years, and yet no person has ever won it the second time.

excursion from there this year, and that the Oceanic S. S. Co. wanted \$35,000 for a round trip of the Sierra lasting about 24 days. The ship would stay three days in Hilo and a week here. The prices would range from \$130 to \$200 according to the location of the state rooms. To make the trip a success from a financial point of view it would mean 225 people.

A letter was received from Jess Woods asking that the Promotion Committee take charge of the entertainment of the coast team that arrive next month. The members did not look at it in the same light as Woods does and the secretary was ordered to write Woods and inform him that the committee did not have funds for that purpose.

WORLD'S RADIUM SUPPLY.
GENEVA, Sept. 26.—A newspaper states that Prof. Joly has completed a geological examination of specimens of the strata collected from the borings for the Simpson tunnel. He found rich traces of radium, indicating larger deposits than any hitherto discovered in Europe.

He believes that the presence of these deposits caused the abnormal heat experienced in building the tunnel. He predicts that continued research will prove the world's supply of radium is greater than was supposed.

CAR SICKNESS.
Your disagreeable feeling when traveling, such as headache, car-sickness, sea-sickness, or nervousness, are all due to agitated nerves. Quick relief is invariably obtained by taking Dr. Miles' Anti-Pain Pills. They claim and refresh the weary nerves, and relieve you from all misery and pain. 25 doses, 25 cents. Never sold in bulk.

A YANKEE BLUFF AVERTS A BATTLE

JAPANESE DRAW RIFLES ON REVENUE CUTTER BUT REINBURG ALSO ORDERS MEN TO AIM

SEATTLE, September 29.—American courage and ability to bluff averted what might have been international complications at Unalaska September 6. Only the prompt action of a boatload of American sailors under command of Second Lieut. Reinburg, of the revenue cutter Thetis, prevented a bloody battle between Japanese sealers and the American cutter.

Thirty or more Japanese seal hunters were ordered restored to their ship after their acquittal of the charge of seal poaching by a federal grand jury at Valdez. By order of Attorney General Bonaparte the Japanese were to be restored to their schooner Kalwa Maru and allowed to sail home instead of being sent to Seattle and returned by the immigration authorities here. The revenue cutter Thetis was given the commission to see that the aliens were properly returned to their ship and Second Lieutenant Reinburg was put in charge of the ship's boat which was to take the men to their schooner.

On embarking the men protested strenuously. They apparently had no wish to return to their boat, much preferring to make trouble. A little strong arm work on the part of the American sailors, however, got the passengers into a small boat and they started for the Kalwa. When they approached the schooner, the Japanese captain began to protest and make a disturbance. Lieutenant Reinburg drew

TWO INSPECTORS TO COME HERE

WALTON AND HEENEY OF THE ST. MICHAELS DISTRICT ORDERED TO HONOLULU.

SAN FRANCISCO, Sept. 29.—United States Local Inspectors Walton and Heeneey of the district at St. Michaels, Alaska, are in the city. Their port is closed for the season and they will be transferred to other places until next spring. Supervising Inspector Birmingham has ordered them to Seattle, where they will remain for a month. Upon finishing work there they will remain until spring, when they return to the North.

An accomplished liar is one who can successfully bluff a bill collector. No, Cordelia, it isn't necessarily a case of matter over mind when a woman has on a new hat.

A revolver and leveled it at the sealing master. When he was convinced that the American captain was in earnest the Japanese officer subsided.

Once on their own decks the Japanese rushed for their rifles and trained their aim at the Americans. At the command of the lieutenant, the boat load of sailors rose and aimed deliberately at the sealers. Lieutenant Reinburg fired a few shots into the air and, convinced that his men meant business, the sealers dropped their weapons.

The incident was noticed from the Thetis and several boats put out at once for the schooner, but their presence was not required.

FINNEGAN HART GOES IN AGAIN

HIS BONDSMEN SURRENDER HIM INTO CUSTODY FOR THE THIRD TIME.

Lionel A. R. Hart is back again in jail. For the third time his bondsmen have surrendered him and the third time, it seems, will probably be the last opportunity for surrender. It is believed that Hart will now languish in a cell until he comes to trial on the charge of malicious burning in the second degree for setting fire to the kerosene warehouse, but there may be another surprise in store and the man who has three times been dropped by his bondsmen may find another to go his \$2,500 bail.

A. Long and W. Mahuka were Lionel's bondsmen the last time, but Mahuka last night wrote Sheriff Iaukea that he wanted to give Hart up and Iaukea turned the letter over to High Sheriff Henry who himself arrested Lionel up in Manoa valley and took him to Oahu prison on the reef. Mahuka surrendered Hart on the advice of John Colburn, the bail proposition not being a good business venture in the opinion of Colburn.

Kamallikane first went Hart's bond on the charge of destruction of public documents, in the sum of \$1000. He surrendered Hart when somebody told him that he was trying to skip out and when it was found that Hart had driven to the kerosene warehouse in an automobile on the morning of the fire. Again Kamallikane went Hart's bond when he was charged with malicious burning, but Hart did not keep faith with his lawyer and again Kamallikane dropped him.

SPORT NOTES

Castle and Robinson carried off the bowling honors last night in the first games in the bowling tournament. Their total score was 1970. Castle made the best average that has ever been made in Honolulu making an average of 295 for three games. McGrew and Wilder made the next best score with a total of 918 for three games. Schmidt and Young had the next best score with a total of 861, followed by McGuire and Bower with 833. With the exception of Castle the other players made very poor scores. The next games will be rolled on Monday night.

A meeting of the Atkinson baseball league will be held at 7:30 tonight at the government stables at Kakaako, to pass on the application of the U. S. S. Troquois to enter a team in the league. Nearly all the officers of the

PROMOTION WORK DISCUSSED

THE PROPOSED SIERRA EXCURSION CALLS FOR NOT LESS THAN 225 PEOPLE.

The regular weekly meeting of the Promotion Committee was held yesterday afternoon at the rooms of the Committee in the Young Hotel Building. The usual routine business was completed promptly and Dr. Sperry spoke to the members present about his plans for the lectures that he will give in the future on the islands. He spoke of his trip to Australia and New Zealand, as well as his trip to Maui and Hawaii, and told the members that he would lecture jointly on Australia and Hawaii next year but would give the place of honor to Hawaii.

Letters were received from different cities on the mainland and also from the U. S. Consul at Chefoo, China, stating that their supplies of folders were nearly out and requesting that more be sent. A letter was received from the Chamber of Commerce in En-mira, New York, asking that any pictures or literature relative to Hawaii would be greatly appreciated by that body.

A letter was also received from James G. Smith stating that he had received a letter from a friend of his in Denver stating that a shipment of pineapples had been received there, which had been in the original shipment to Chicago and that they were still in good condition. Mr. Childs, in Los Angeles wrote that he was working on a large

The Greatest Premium Offer Ever Made

By a Newspaper in Honolulu

Parlor Alarm Clock For Readers of THE STAR

EVERY HOUSE IN HAWAII CAN USE AN Alarm Clock

IT IS A WANT AND A NECESSITY.

Here's a chance to get a New Ornamental Parlor Alarm Clock absolutely free. This is a STAR premium and it beats anything ever put out. Indeed, we've spread ourselves to secure an unusually attractive, durable and Ornamental Parlor Alarm Clock. They sell everywhere for FIVE DOLLARS, but readers of THE STAR can secure one absolutely free.

THIS ILLUSTRATION WILL GIVE THE READER A GOOD IDEA OF THE APPEARANCE OF THE NEW ORNAMENTAL PARLOR ALARM CLOCK, BUT THE ACTUAL SIZE OF THE CLOCK IS MUCH LARGER; IT STANDS ABOUT 12 INCHES HIGH AND IS MASSIVE IN APPEARANCE. IT IS MADE OF EBONIZED BAR BUFF GUN METAL OF VERY ORNAMENTAL DESIGN, AND IS FITTED WITH AN EXTRA LOUD BELL ENTIRELY HIDDEN FROM VIEW.

Parlor Alarm Clock

CLOCK STANDS ABOUT TWELVE INCHES HIGH.

Guaranteed by Manufacturer to be a perfect timepiece. The clock can be seen at THE STAR office. It is an attractive piece of furniture and when you see it you will want one to replace that cheap nickel affair which is usually called an Alarm Clock. This clock is made of Gun Metal and the movement is guaranteed to keep absolutely correct time.

How to Obtain a New Ornamental Parlor Alarm Clock
Subscribers to THE STAR, both old and new, who will pay \$8.00 in advance for one year's subscription will receive one New Ornamental Parlor Alarm Clock free of charge
CALL AT THE STAR OFFICE AND SEE THE PARLOR ALARM CLOCK
