NATURALIZING THE NEWCOMERS HATCH TAKES TRIP TO KAUALI AND RECEIVES ELEVEN APPLICATIONS.

Clerk Frank L. Hatch, of the U. S. District Court returned Sunday morning from Kauai where he had been for several days receiving declarations of intention from various Spanish and Portuguese immigrants who desire to become citizens of the United States. Mr. Hatch was accompanied on his trip by his wife. This is the first trip of a United States clerk for this purpose, and is following out the idea of Governor Frear, who desires to make it possible for the lately arrived immigrants to take up claims of government land in various parts of the Territory to which requires that the applicant must have declared his intention of becoming a citizen. Mr. Hatch granted the first papers to five Portuguese and six Spaniards, most of whom are men of large families. They are employed on the McBryde, Kekaha, Makaweli and Lihue plantations. Most of the plantations are anxious to have the immigrants take up land, especially as those who have families will then form a more stable source of labor supply. It is likely that Clerk Hatch will soon leave for the other islands of the Territory to receive the intentions of other foreigners. It is practically impossible for the plantation laborers to come to Honolulu with their witnesses in order to declare their intentions, owing to the expense, and so the plan of having the clerk visit them, was suggested by the Governor.

The National Guard review at Aala Park yesterday afternoon attracted an immense crowd. The guardsmen were reviewed by Governor Frear and Federal army men and turned out 400 strong for the occasion. M. Johnson, regimental quartermaster. The first battalion consisted of E and B companies. At the head of the first battalion were Major Riley and Adjutant James Thompson. E Company was headed by Captain Costa and First

STATES' ASSISTANCE OF IMMIGRATION

LOUISIANA MAKING A TEST OF THE LAW UNDER A RULING THAT SHE MAY NOT ASSIST IMMIGRATION—CLAIMS THE RIGHT TO ADVANCE FARES AND PROMISE EMPLOYMENT TO AN ALIEN

WASHINGTON, October 7.—Attorney General Bonaparte has rendered an opinion in an important case involving the right of a state to solicit immigration from a foreign country. He holds, in the case submitted to him, that the state violates the immigration laws in paying the passage money of the immigrant, and that, in this respect, the state does not differ, in law, from an individual. The case in point has been pending before the Department of Commerce and Labor since August 5. On that date Gerónimo Garcia arrived at New Orleans from Cuba. By the special board of inquiry at the former place he was denied admission to the United States. The investigation developed the facts that his passage money had been paid by Reginald Dykers, an agent of the Louisiana state board of Agriculture and immigration, out of funds regularly appropriated by the state legislature. He was given assurance that employment as a farm laborer would be secured for him and he promised to return to the state the money advanced to him to pay his passage from Havana to New Orleans. No employer was selected for him, but he was left free to work for whom he pleased. The case was brought by the state of Louisiana to test the immigration law. Several other southern states

KILLED BY EXPLOSION CATTLE CASE TRIAL IS BEGUN

lary literally lifted the lid that let out the blast that killed him. Except for slight scalds on the face and hands in the case of one or two members of the ship's company who attempted to get at Collarey, no other mishap is to be recorded. As Collarey shipped aboard the Albatross on Friday, September 13, superstitious sailors, if there be any left, may wish their heads over the day and the date. He was 27 years of age and was transferred to the Albatross from the receiving ship Independence at Mare Island. He was born in Detroit, Michigan, and leaves a sister residing at Custer, Michigan. She was this morning notified by cable of her brother's death. The crew of Rapid Transit Car 13, passing at the time of the explosion state that for a moment they thought a boiler had burst, so loud seemed the report and so dense appeared the cloud of steam. A crowd gathered on the Naval wharf, some thinking that because the Albatross had a little list, and seeing the steam, she must be sinking. The Albatross, it will be remembered lost her captain, Garrett, overboard at sea during heavy weather coming from Yokohama about a year ago. Russia may yet become jealous of a certain tendency on the part of America to adopt the bear as a national emblem.—Washington Star.

FRENCH VESSELS

LINE NOW OPERATING HERE IS TO PUT ON NEW BOATS NEXT YEAR.

Davies & Company, the agents for the Chargeurs Reunis, a French line of freight steamers that call here at times have received word that the company will put on some new ships the first part of the year for their freight business. The company has done a very large business in the past but it found that the ships were not large enough to carry all the freight that they are able to get. Wentworth M. Buchanan, of Davies & Company told a representative of the Star that the ships would not be passenger ships but new and up to date freight carriers. He also stated that the report that the Canadian Pacific would call here is unfounded, as the Canadian Pacific has a mail contract with the British government, that requires them to make the quickest time possible between Vancouver and the Orient. The report is a number of years old and it is very doubtful if they will ever be seen here in Honolulu unless they lose the mail contract.

CLOTHING STORE BURGLARIZED

HOTEL STREET ESTABLISHMENT ENTERED THIS MORNING AND CONSIDERABLE BOOTY TAKEN. The Globe clothing store owned by Rosenberg on Hotel street was entered some time last night or the first thing this morning and a large number of goods were taken away. The thieves evidently gained an entrance by the window on the mauka side of the store as the window pane was broken and a hole large enough to admit a man was made just back of the desk. The total loss is not known as yet, as an inventory has not yet been made but the loss known so far is two dozen Panama hats over one dozen suits of clothes, a red sweater, ties, shirts, etc. The thieves did not attempt to enter the safe, as all the money was on hand when the store was opened this morning. The police are on the track of the thieves, but so far no definite clew has been found to work on. An inventory will be taken this afternoon and the exact loss will be found. The thieves must have made an entry last night late or early this morning as Rosenberg was in the store last night about nine thirty and everything was in order then.

QUARREL OVER USE OF PARK

RIVAL BASEBALL LEAGUE PLAYERS THREATEN TO COME TO BLOWS AT AALA. Trouble over the use of the grounds in the afternoon at Aala Park between the Kalaianaoie League and the Riverside Junior League has started, and it is said that before the Riverside League series is closed, there will be fighting on the grounds. The trouble arose when the Riverside Junior League got the permission of the Board of Supervisors for the use of the grounds in the afternoon, before the Kalaianaoie League. The latter league objects to this and is endeavoring to agitate the matter. It is said that attempts have been made to procure some good fighters for the occasion of a battle for the possession of the park.

JAP HIT BY AUTO

A Japanese on a bicycle was run over by an auto driven by Demonstrator Schoenning about 9:30 this morning at the corkscrew turn near the Honolulu Iron Works on Punchbowl road, opposite the Aloha Saloon, the Jap being removed to the hospital with scalp wounds and bruises on the body, the doctors declaring that he is not seriously injured. Schoenning says he was making the turn slowly, for the reason that it is not safe to go fast with a machine on this sharp double twist. He was close to the fence on the right and correct side of the road, when, as he turned, the Jap on the wheel approached at a high rate, keeping to his left and the wrong side of the street. The auto passed over Jap and wheel. DESCRIPTIONS JUST THE SAME. President Roosevelt declines to take any reporters on his bear hunt, which insures that we shall have more graphic descriptions of it than if they were present.—Toledo Citizen.

AWAIT A ROAD

SALE OF ALEWA HEIGHTS LOTS HAS BEEN POSTPONED FOR TWO WEEKS.

The Alewa Heights lot sale which was to have been held at 10 o'clock this morning to dispose of the remaining thirty-one lots on the new government addition, has been postponed for two weeks on account of the trouble in getting the road into the property built. Land Commissioner Pratt states that he believes that some arrangement will be made within the next week or two which will make it possible for him to tell prospective purchasers something definite in regard to the road, which he cannot do at present. The fact that the three bids submitted by contractors ranged from 45 to 65 per cent above the estimate made by the Department of Public Works, combined with the fact that a number of engineers have since stated that the estimate of the Department was ample, has caused a good deal of talk about the Capitol of some kind of a combine on the part of the contractors bidding on the work. An effort will be made to have the work done by the County, and paid for with the money which the Territory by law is allowed to use for this work. The fact that the County has been advised by County Attorney Cathcart that it cannot lawfully enter into the contracting business, it is believed will not prevent the County from building the road, inasmuch as the County will be compelled to keep up the road after it is built, and if it is necessary to build on a dirt road at first, the County would be under the necessity of macadamizing it almost immediately or be at great outlay in keeping it in condition. The County is as well or better equipped for doing the work economically as any contracting firm, and if money can be saved to the taxpayers in this manner, it seems that it should be allowed to go ahead. The County is just now finishing up a large job of road work for the Territory in the Capitol grounds.
