FLEET RECEPTION IN AUSTRALIA

Belgian Parliament Moving to Annex the Congo and End the Question.
 HUGHES FOR ANOTHER TERM.
 Two Greeks Indicted for Oakland Outrage—Lusitania Breaks Record.
 SYDNEY, Australia, August 21.—Public concerts were given during the afternoon and evening in honor of the American fleet. In the afternoon the men from the battleships landed and paraded through the principal streets of the city, being the first armed body of foreigners to march on Australian soil since the establishment of the present government. The program for tomorrow includes an official dinner at the Town Hall and entertainment of sailors and marines at luncheon.

THE LOG-BOOK

SAN FRANCISCO, August 12.—After a long passage of forty days from Hongkong due to the fact that two of her boilers were leaking, the German steamer Alesia of the Portland-Asiatic steamship line came to port yesterday and docked at the Pacific Mail dock. The last three days of her passage the Alesia experienced heavy northwest winds, but Captain Armat reports that the balance of the trip was uneventful. The Alesia was twenty-five days and twenty-two hours from Honolulu. She brings 2,000 tons of freight, of which 576 tons are for San Francisco and the balance for Portland.

SAN FRANCISCO, August 12.—The heavy icepack around Cape Horn probably is responsible for the placing of several vessels on the overdue list, any many of these overdue vessels, whose course led them around the Horn, probably will arrive safely at their ports of destination. Yesterday news of the arrival of the American ship Edward Sewall, 127 days from Honolulu for the Delaware Breakwater, which was quoted for reinsurance at 8 per cent was received. Yesterday the details of the "shooting up" of Boston, which city has heretofore been regarded as typical of the Mild East, as distinguished from the Wild West, indicates that its real position in the art world is that of the Wild East.—Philadelphia Times.
