shall be a separate offense for each 30 days of such continuance. EMPOWERING CLERK. Correa's bill, that the City and County Clerk may appoint a clerk and such other assistants as he may deem proper, passed second reading. KONA DEPUTY RAISED. The special committee, composed of members from the First and Second Districts, recommends passage of Makokua's bill amending the County Act in re pay of deputy sheriffs, etc., the committee allow the Deputy Sheriff of North Kona \$1080 a year instead of \$960.

Finance committee, recommends passage of Rice's bill relating to the taxation of insurance companies, to take effect January 1, 1910.

PASSED THIRD READING.

The following bills passed third reading: Honhe Bill 225, relating to tax liens. H. B. 226, in re failure to return property for taxation. H. B. 209, Long's bill relating to housemen a lien for storage and authorizing its enforcement by sale. H. B. 221, Douthitt's bill relating to the decision by a court in writing in trials without jury. H. B. 222, Douthitt's measure on bail. In this matter Furtado unsuccessfully moved to strike out the section which provides that bail may be used by the court to pay fines. Furtado believed this would prevent men bailing out their friends and would work as a hardship. It was shown however that the bail deposit could be withdrawn.

GLANDERS DEFERRED.

Shingle's bill, H. R. 219, making it a misdemeanor for anybody to know of an animal having glanders and failing to report the fact, or failing to report any other animal with disease, was deferred consideration on third reading until tomorrow owing to the absence of the introducer.

VETERINARY KILLED.

Douthitt's bill to provide for a board of veterinary examiners was tabled. Kawewehi didn't like the idea of folks being prohibited from doctoring steeds unless such persons were licensed. What should he do if he was riding a donkey and the donkey was taken sick on the journey and no veterinarian was handy? Kawewehi objected to the interpreter translating the Hawaiian word he had used as "jack-ass," when it should be "donkey."

WORRIED OVER JAPANESE VISIT

WASHINGTON, March 31.—The Japanese cruisers Aso and Ijichi will visit San Francisco about April 25th, according to advices received at the Navy Department. Two Japanese cruisers are being utilized for training purposes and carry 180 cadets. The ships are under command of Admiral Ijichi. They were captured during the Russo-Japanese war and used to be called the Bayan and Varlag.

The entertainment of the Japanese visitors is a serious problem. The Navy Department has no special entertainment fund and the only thing that can be done is to take a small amount from the contingent fund. A certain sum has been set aside for the purpose by Secretary Meyer, but it is not enough to give the Japanese sailors nearly as elaborate an entertainment as the Japanese gave the sailors of the American fleet. After visiting San Francisco the two cruisers will go to Seattle.

WHISKEY PROVES PROCLAIM FOR TAFT

RULING OF BONAPARTE STIRS UP CONTROVERSY AMONG THE DISTILLERS.

WASHINGTON, April 7.—"What is whiskey, anyway?"

President Taft was referee again today in a White House discussion held to find the answer to this query.

Among the lawyers present were Joseph H. Choate, former Ambassador to England, and John G. Carlisle, former Secretary of the Treasury. In addition there were present the representatives of practically all the big distilleries of this country. Choate appeared for Canadian interests. Carlisle represented Kentucky distillers.

Attorney-General Wickersham, Secretary of Agriculture Wilson and Dr. Harvey W. Wiley, the pure-food expert, were among the Government representatives.

Under the ruling of former Attorney-General Bonaparte all whiskey not aged and freed from fusel oil by several years of storage in white oak barrels, which have been charred on the inside, has been made subject to labeling under the head of "imitation" or "compound" whiskey.

The distillers who purify their product by higher forms of mechanical rectification and redistillation are anxious to have this ruling reversed, declaring they are suffering damage from the system of labeling now in vogue, whereas their whiskey is as pure and free from deleterious ingredients as the whiskey rectified in the old-fashioned way, and now regarded as the only "straight" whisky on the market.

Most Scotch whiskeys and some high grades of rye and sour mash in use in this country are now classed as "imitation."

After the conference it was announced that the whole matter would be referred to Solicitor-General Bowers of the Department of Justice, who will take testimony.

KING WILL GO TO SEATTLE

School Inspector Charles E. King has been appointed to have charge of the school exhibition at the Yukon exposition in Seattle. He will work with Lloyd Childs, who will be in charge of the Hawaiian exhibit. Mr. King sailed today for Hawaii and Maui to collect material for the affair.

Mr. King as a veteran school teacher and lately as one of the inspectors, is regarded as a most fitting man for the place assigned to him. He will arrive in Seattle early in June.

EASTER.

BEFORE and AFTER.

WATER LUNAS HAVE A KICK

The Board of Supervisors will have before them at their next meeting a kick of unusual importance. It is from certain laborers of the Road Department who complain that they were discharged by Supervisor Wilson because they demurred to a rule which, they claimed, was requiring them to work eight hours on Saturday. Some of the men have conferred with Attorney Charles F. Chillingworth, and it is understood to be through him that the matter will reach the supervisors.

When seen about the matter today Wilson stated that he had not required the men to work eight hours on Saturdays.

"I am short," he explained, "on watering carts for sprinkling the streets, making it absolutely necessary to run all of the carts on Saturdays and holidays. The regular wages for driving these wagons is \$1.75 a day. In order to keep the old men, who understand the work, on the wagons Saturdays and holidays I have offered to pay them \$2 a day, a substantial advance over the regular rate.

"I am not requiring them to work overtime, or on holidays. But the work must be done and I must have men to do it. If the men I already have will not do it, I will have to find others who will. Indications are of a dry summer, and, if so, and I am not prepared to keep the watering carts running, there will be a worse kick in the air than that now raised by the cart drivers."

MAKE THE ATTEMPT.

Doctors prescribe all sorts of remedies for that feeling of exhaustion but none of them will accomplish the results obtained by visiting Haleiwa for a day or two. You can go down in an auto or by train and either way it is pleasant. The hotel under the management of Mr. Bidgood is kept as a hotel should be. It is not a dry house nor is it ever flooded.

THE BEANS AND THE STOVE.

In a window of the Honolulu Gas Co., Ltd., there's a stove and a pot of beans. The Gas Co., asks that you merely guess the number of beans in the container and if you are the closest to the number you will get a handsome gas range. As it costs nothing to guess it will be a god stove bought cheaply. Some one must win and there is no trick about how it shall be done; the Gas Company wants to know your ability to estimate and wants you to have the stove. As the company gets nothing for the stove it looks like a one-sided affair with the public on the winning end.

TOBACCO HEART.

Constant use of narcotics has a paralyzing effect upon the heart action. It is first noticeable through a dull, uneasy pain around the heart, accompanied with palpitation, shortness of breath, trembling, etc. You should stop the progress of the disease at once with Dr. Miles' Heart Cure. It strengthens and repairs the nerve tissue, and restores healthy heart action.
