Price, delivered in Honolulu.....\$1,150

THE FORD LEADS

More than Twice as many FORDS sold in Honolulu as any other Car
There are Reasons for this Popularity

Low Up-Keep Ask any owner of a FORD. The cost of maintenance is less than that of a horse.

Easy Riding on Rough Roads Select the roughest road you know of and the FORD will travel over it easier at equal speed than cars costing two or three times the price.

High Power and Easy handling No car will climb hills or cover muddy roads, sandy stretches or rough country better than the FORD. No car has a wider range of speed, three to forty-five miles without changing a gear. No car approaches it in inflexibility--in ease of control in crowded streets, difficult situations, and various emergencies. The control of Model "T" is the simplest ever devised for an automobile.
