

SEVEN THOUSAND IDLE JAPANESE

NO DECEPTION OF IMMIGRANTS

BOARD OF IMMIGRATION WILL MAKE CLEAR SCALE OF WAGES AND PRICE OF LIVING IN HAWAII—DECIDE TO GIVE PUBLICITY TO ALL MATTERS BEFORE BOARD—MAY BRING PORTUGUESE VIA TEHUANTEPEC ROUTE—TO ADVERTISE FOR EMPLOYERS WHO WANT LABOR.

The Board of Immigration will take every possible precaution to prevent the bringing of immigrants to Hawaii under false impressions or promises. The pay which will be given to those coming from Europe will be stated and in addition to this full information is regard to the cost of living. The prices of the various staples of food, etc., will be obtained by Special Agent A. J. Campbell, before he leaves for his trip, which will probably be by the China on next Monday. This was decided at the meeting of the Board of Immigration held on Saturday.

Another matter of importance which was decided at the meeting was that full publicity shall be given to all the matters taken up by the board. This matter was discussed and Superintendent of Immigration Richard Ivers stated that information might be given freely by any member of the board and at any time. This policy forms a great contrast to that which has been in vogue in the past.

At the meeting on Saturday Special Agent Campbell was instructed to familiarize himself as much as possible with all the local conditions under which the immigrants would be placed on their arrival in this Territory, also to look carefully into the immigration laws, which have been considerably changed since the last Portuguese were brought here. He will consult with Portuguese Consul Canavaro in relation to the laws of Portugal in regard to emigration, in order that there may be no conflict of any kind and will, if possible, obtain the latter's endorsement of the proposition.

Before going to Europe Mr. Campbell will spend considerable time in the states, taking up matters of importance there. He will consult with Dr. Cofer in regard to the health laws of the United States with which the importation of immigrants will be involved and will make all possible arrangements for carrying through the plans of the local Board of Immigration without a hitch.

In addition to this Mr. Campbell will take up the matter of bringing immigrants to this city by way of Tehuantepec with General Manager Dearborn of the American-Hawaiian line. The object of the board is to obtain the most economical method of transportation and it may be found that the Tehuantepec route will be better than the bringing of the Portuguese direct from Madeira by steamer as has been done before this.

The Board of Immigration decided to advertise in the newspapers all over the islands asking that any who wish to employ the Europeans brought by the Board should notify the Superintendent at once, stating the conditions under which employment would be furnished, pay, etc. This means that the Portuguese brought will be for the pineapple, sisal and tobacco industries as well as for the sugar plantations. The sugar planters have asked that 2,900 families be brought here for work on the plantations, but as yet no other requests have been made.

RIOT AT KAHUKU; ALL OAHU STRIKES; JAPS TO EMIGRATE

DRUNKEN STRIKERS TEAR DOWN SMOKESTACK OF PUMPING STATION—WAIALUA AND EWA JAPANESE JOIN STRIKERS—ALL PLANTATIONS BUT WAIMANALO UNDER STRIKE—SOUTH AMERICAN HOMES PROMISED IDLE MEN.

down the chimney of a pumping station on the Kahuku plantation. With Aiea and Waipahu men out altogether, having left the plantations, and with Ewa, Waianna, Waialua and Kahuku Japanese all out, there are seven or eight thousand Japanese mill and field hands on strike, a number that cannot possibly be replaced by strikebreakers. Nearly three thousand strikers are in this city, having migrated from Aiea and Waipahu, and a few, scattering, from other plantations, and now there is the possibility of trouble coming to a head in the city. If there is to be any serious trouble, instead of in the country, although the first grave incident of unlawfulness, outside of a few small canfield fires which may or may not have been incendiary, has occurred on Kahuku plantation where strikers, some of whom were in liquor, last night tore down the chimney of a pumping plant to shut off the plantation's irrigation system.

Sheriff Jarrett telephoned from Kahuku early this afternoon to the effect that the disturbances of last night did not seem likely to be followed by anything more serious, and that he was hoping that some of the strikers were

would spend the night at Waialua, getting unruly and that much liquor was being consumed. Not long after, talking to. He ordered Interpreter Townsend to join him at Waialua this evening. In the event of trouble the Sheriff and the plantation officers expect to be able to handle the situation.

The ranks of the sugar plantation Japanese strikers have grown to about the Oahu limit, for six of the seven plantations on this island are affected and the strike leaders or agitators are now "going for" Waimanalo to get the Japanese there to walk out. It is expected that Waimanalo will come into the striking line not later than tomorrow morning.

This morning word came up from the country districts that both the Waialua and Ewa Japanese plantation hands had walked out, that Waianna Japanese had refused to go back to work, and there was trouble at Kahuku where unruly strikers had torn

BAKER IS IN JAIL

BAD CHECK MAN HAS WIFE AND CHILD IN CHICAGO—ARRESTED BY FEDERAL AUTHORITIES.

Raymond M. Baker, who has passed a number of bad checks in this city and in San Francisco and who first became notorious through having married Mrs. Eva Wallace of San Francisco, the affianced bride of Charles Howard, connected with Kerr & Company of this city, was arrested this morning on a charge of bigamy. The arrest was made by the local United States Marshal on a warrant sworn to by U. S. District Attorney R. W. Breckons.

When questioned in regard to the matter by a Star reporter a few days ago, Baker claimed that the statements made in regard to his having a wife were false and said, "it is all a mistake." When questioned this morning by Breckons, who asked him if he had obtained a divorce from his wife in Chicago, Baker refused to answer.

The information upon which Baker was arrested this morning was obtained through a cablegram from United States Marshal E. R. Hendry to the United States Marshal in Chicago. A reply was received stating that Baker had a wife and child in the Windy City. As soon as this information was received Baker's arrest was made. He was held for the Federal grand jury in \$2500 bonds.
