## DANCE OF KALIHI ATHLETIC CLUB

It was a real, nice time the Kalih Athletic Club gave its friends in the K. of P. Hall, Beretania and Fort streets, Saturday evening. The function was announced to be a dance, but, although that was the leading feature, there were many things of the evening that made the occasion a most enjoyable one.

As already stated, the entertainment was given to raise funds for the baseball team. In and out of season this splendid team has kept the field and held its own acceptably against all comers. This has been done at considerable financial straits upon the members. Something over \$50 came in from the entertainment, and this will be a great help to the baseballers. Eddie Fernandez was in charge of the program and was floor manager for the dance. A native orchestra supplied music. Dancing kept up until midnight, and even then the merry-makers did not wish to break up the good time. The entertainment was a success in every way, reflecting creditably upon the committee having it in hand and the Kalih Athletic Club.

## SPORTDRIFT

Rain prevented anything like satisfactory golf practice at the Country Club yesterday afternoon, but a good time was had by all visitors to the clubhouse anyway.

The latest seems to be that an effort will be made to pull off the next Sullivan-Cordell fight at the Oriental theater in Liliha street. This may be only a bluff, however, as fight programs have been tried out there before, and prizefighters as well as other people sometimes shy at gold bricks.

The Wahiawa postoffice was entered by a burglar on Friday night and the cash drawer looted. Stamps were left untouched. The culprit escaped about eighteen months ago the same post-office was robbed, but the burglar on that occasion was shot as he was coming out.

Senator Wm. J. Coelho was defeated in running for chief engineer of the Wailuku and Kahului fire department, notwithstanding all his work in organizing the force and getting an engine from Honolulu. The department and company officers elected were as follows: Chief engineer, Joseph F. Welch; first assistant engineer, Charles Wilcox; second assistant engineer, D. Ikawa Kalakaua. First Company No. 1—Foreman, Charles O'Sullivan; assistant foreman, L. H. Silva. Fire Co. No. 2—Foreman, F. J. Varoncellos; assistant foreman, M. Piccano.

## Here is some advice---

Honolulu more than any other city in the World, is a place where the EVENING PAPER gets the news first. The clock here is over two hours behind the clock at San Francisco, five hours behind New York and ten to eleven hours behind the clocks in the European capitals.

This means that when THE STAR is going to press The Day Is Closed In Washington, Chicago, New York and Europe and almost over in San Francisco. The news of the day is here for THE STAR.

Under modern conditions it takes practically no time to prepare and transmit news and

## Be Not Deceived

There is only one cleanable Refrigerator and therefore GERM PROOF, and that is the Gurney Refrigerator handled by us.

No other make has ever stood the test and by means of the removable ice chamber as well as removable shelves, drain pipes, traps, etc., we have solved the problem.

Assail us where you will you cannot help but admit our claim. All other makes fail when it comes to keeping the ice chamber pure, sweet, clean and germ proof, but

## THE GURNEY

Listen to idle talk and arguments put forth in favor of cleanable provision compartment. All refrigerators have this feature. You cannot deny that unless ALL COMPARTMENTS can be kept absolutely pure and wholesome that a refrigerator is germ-proof. Go from the provision chamber to the receptacle for the ice and it is here where all other makes fail. There's the weakness that cannot be overcome by them.

The Gurney with its removal Ice Chamber feature has supplied the great want and therefore.

## Is the Only Cleanable

Come in and bring forth your arguments and if we fail to convince you we are ready to take your decision. A full line always on hand. They are used in almost every household. Do you possess one? If not why not, it costs no more than other makes.

# The News of all the World

For the day just ended

Here are some of the features that go to make the evening paper the predominating factor in an advertising campaign:

It is delivered at the home each night when the whole family has plenty of time to read it.

It is carried home by the business man when his day's work is done and it stays there. A morning paper is usually carried down town by the head of the family and hurriedly read.

The evening paper is not read hurriedly, but thoroughly, so that all the advertisements receive their share of attention.

It presents the store news a little ahead, giving the prospective purchaser time to plan a shopping tour for the next morning.

The evening paper presents the news the day it happens. The morning paper the day after.

The evening paper presents the news first. The morning paper merely elaborates it.
