PARK THEATER.

Honolulu was given a musical treat by the Musical Ibsons not soon to be forgotten. They far surpass any musical combination ever seen here and confine the work to good clear, straight musical. It is doubtful if the masses here were ever before given such classic music and responded to it so generously, as they did last night at the Park, the Ibsons being recalled time and time again. Their stage appearance is par excellence and their finale, introducing Yankee airs, called for warm applause. Carl Wallner, in his bassoon act, made a big hit. This seems to be one of Mr. Wallner's best acts, but Carl has the people so with him that this is said with each change of his. Without doubt he is the best comedian ever seen here, winning his houses with good clean comedy. All in all, the show at the Park this week is the best offering the house has had for some time and should not fail to please all.

MOVING SCHOOL INTO A SWAMP

Supervisor Quinn last night presented to the board, a resolution protesting against the removal of the Puhukaina school from King and Punahele streets to Kakaako saying that the site proposed for the school was a swamp during much of the year and was not fit for a school, and that the board should protest from motives of humanity and sanitation.
McClellan said the board had no op-

GREAT PLAY ABLY REPEATED

Last evening by special request Mr. McRae again presented the "Lion and the Mouse," that strong, intense and human play of modern times by Chas. Klein, the plot of which evolves from the love of a financial king for power, the love of a good noble girl for her father, and her ultimate victory over the avaricious and odorous financial king.
Two such capable stars as Laura Hudson and Louis Morrison, are hard to find, and both received evidence of appreciation last night from the audience, which although not so large as it should have been comprised the intellectual people of Honolulu whose enthusiasm at times was roused to the highest pitch.
Louis Morrison, in his portrayal of the powerful king of finance, presented the character of a "human" man the most natural perhaps on the stage today.
Laura Hudson in her presentation of the "Mouse" held and stirred and swayed her audience with such force that tears and laughter and sobs seemed to conflict and ended in outbursts of applause for this talented woman's art.
At the fall of the curtain on the third act Miss Hudson and Mr. Morrison were called back again and again by a storm of applause rarely heard in Honolulu.
Although the "Lion and the Mouse" is practically a one man and woman play, there was some clever acting done by the other members of this excellent company.
Mr. Bainbridge as Jefferson Ryder looked the part and played it extremely well. His enunciation was clear and he resisted the temptation of overdoing any of his scenes.
James Dillon and Ivan Miller as Judge Stott and Senator Roberts respectively in their character parts were very clever.
Mr. Charles Royal as Hon. Fitzroy Bagley was as humorous as usual and carried out the idea of the part cleverly.
Judge Rossmore, played by Griffith Wray, was rendered with a finished ease. Mr. Wray possesses unusual ability and makes every part of his stand out prominently no matter how small it may be.
Steward Leslie and Frank Howé had small parts and played them well.
Miss Elliott being ill, her double roles of Mrs. Rossmore and Kate Roberts were assigned to Miss Melrose and Blanche Burns respectively. Miss Melrose had moreover to double, but she is very clever and her change of make up transformed her so that at first she was not recognized as the popular Louise Melrose.
Blanche Burns played her double roles with ability, and was greatly appreciated in her bits of humor.

LAND WILL BE OPENED

(Continued from Page One.)

shall issue from the office of the commissioner, who shall counter-sign the same and keep a record thereof. Lands conveyed to the territory in exchange for other lands that are subject to the land laws of Hawaii, as amended by this Act, shall, except as otherwise provided, have the same status and be subject to such laws as if they had previously been public lands of Hawaii. All orders setting aside lands for forest or other purposes, or withdrawing the same, shall be made by the governor, and lands, while so set aside for such purposes, may be managed as may be provided by the laws of the Territory. The commissioner is hereby authorized to perform any and all acts, prescribe forms of oaths, and with the approval of the governor and said board, make such rules and regulations as may be necessary and proper for the purpose of carrying the provisions of this section and the land laws of Hawaii into full force and effect."

Official notice of the proposed moving road on Eleventh avenue below Mr. Logan said he understood the land deal had been carried out. He agreed with the protest, but thought it was too late to stop the deal. The ways and means committee was instructed to take up the matter and make necessary protest to the territorial authorities.

NEXT MONTH'S ROAD WORK

The road committee of the Board of Supervisors last night submitted the following plan for work to be done during June:
"Repair the road opposite the old brick yard up Nuuanu, leading into what is known as Schnack Tract; also to finish what work there is on Koko Head avenue, which is very little; also to remove a few rocks and straighten the kea Beach."
"Commence work on Palolo Valley where work was left out some time ago; also Kalaokalani lane be repaired at once. This can be done with a very small cost, as all it requires is waste or loose dirt for filling.
"Continue work in Kalia Camp, same as present month.
"Continue work in Kapiolani Tract. Continue street oiling the same as the present month.
"Ewa district—Continue work in Kipapa Gulch.
"Waialua district—Continue work the same as the present month.
"Koolauloa district—Continue toward Hauula, the same as the present month.
"Koolau-poko district—Continue grading toward Heela-kea Beach. We would recommend that rock-crusher be shut down in June, that no macadam be spread and that all the work put on the grading towards Heela-kea Beach."
