

SPORTS

THE KAMS WINNERS IN CLOSE GAME

By far the best game yet played in the Grammar School baseball league was that which took place yesterday afternoon on Aala Park between Kamehameha and Kaunahumu, only one run being scored. The Kams won, but it was a ninth innings victory, and though Kaunahumu was shut out the lads composing this team left the diamond with the satisfaction of knowing they had put a rattling game of ball.

The game was a pitcher's duel in which Kaleiala of the Kams won out, though he had three base hits made off his pitching, against five made off Sada. Sada retained control of the game right up to the last spasm, but he fell down in that inning and the Kams took three base hits and brought one man over the plate. It was a most exciting finish to a very keen game. The Kams had two men out in the last inning and second and

third bases occupied when Makanani made the winning hit, just over second's head and barely out of reach. Throughout the game the lads played ball of a class hardly to be expected in a grammar school league. The pitching was classy, the fielding good, but the batting was on the debit side, owing to the excellence of the twirling.

As this competition now stands Kamehameha and St. Louis are still on the 1000 mark, the former with three victories, the latter with only one; Kaunahumu is on 667; Punahou on 500, while Iolani and Central Grammars are still in the hole.

St. Louis and Central Grammar meet at Makiki tomorrow afternoon at 3:15, and on Friday, St. Louis and Iolani meet at Aala Park. The Kams rest for a week before meeting Punahou on Monday next, and a week later than that they cross bats with St. Louis.

SPORT NOTES

Wrestling Exhibitions on Saturday.

Sailor Roberts and John Froelicher are billed to commence a season of wrestling exhibitions at the Park Theater on Saturday evening. The season will last a fortnight, during which time the program will be changed twice. In addition to the exhibitions provided by these two first-rate men, all-comers will be taken on in wrestling bouts and prizes awarded those who evade defeat for fifteen minutes. In addition to these attractions the program will include a cinematograph representation of the championship bout between Gotch and Hackenschmidt, when the former wrestled the championship from the Russian lino. The film includes pictures of all the most notable American wrestlers and during the exhibition a short lecture will be given.

Kam Seniors Win Against Oahu.

In a game between the Kam Seniors and Oahu College, played at Alexander Field yesterday afternoon, the visitors romped away with victory to the tune of seven-two. It was a one-sided game in which the superiority of the Kams was pronounced. The Oahuans had a new pitcher in Inman and while he did fairly well with the ball he did not shape like a comer, though much is still expected from him. In the field the Oahuans were

slack, lacking combination, in which phase of the game the Kams were almost brilliant. However, the collegians made a showing that indicates there is good material in the team and all that is necessary is more coaching. The Kams scored in the first, third, fifth and sixth innings, while Oahu College failed to score until the ninth, in which inning the Kams eased off and threw away several chances which were eagerly snapped up. On Saturday the teams meet again, this time on the Kams' diamond. It is expected that this game will provide better ball, and that the scoring will not be entirely confined to the Kams.

Hayes Will Pitch Sunday.

Eddie Fernandez, captain of the Stars, does not feel inclined to give his second pitcher a chance yet awhile, being satisfied with the showing made by W. Hayes on Sunday. Eddie points to the record of the game which shows that Hayes struck out five and only issued two passes, but eight base hits were debited against him. The Stars didn't do at all badly, says Eddie, and they will be heard from later on, he added significantly.

Of course, it is too early in the season to unduly criticize the play of any one team and the only reason that special attention was given to the Stars is because much was expected from them. Next Sunday the Stars will have a chance at the Native Sons and this game will demonstrate

whether or not the Stars are comers. The Native Sons certainly shaped well against the Portuguese and are to be congratulated on their showing. The team work was better than might have been anticipated, but it is not as good as it can be.

Rules to Be Enforced.
Bill Hampton and Sam Chillingworth, the umpires for the Oahu League, are determined to enforce the rules of the game strictly and will not stand for any interference on the part of the players. This means that captain and players will have to refrain from questioning the decisions of the umpire, as laid down by rule 65, or incur the penalties provided by rule 67. Sunday last there was a good deal too much talk by the players, particularly by the Portuguese pitcher and catcher. The removal of a player from the field for a similar offence will no doubt be a salutary lesson to the remaining players.

TENNIS TOURNAMENT STARTS FRIDAY

The tennis tournament for the Castle Cup will commence on Friday afternoon on the various courts of the city, it having been decided to hold the competition. Already sixteen entries are in and it is expected that by Thursday evening, when entries will close, that there will be several other competitors. Al Castlé has presented a cup for this competition, the conditions governing which he will make public during today or tomorrow. Messrs. Castle, Bockus and Dick Cooke, who are familiar with the play of most of the tennis men in the city will handicap the players. The entries are: R. Sinclair, V. Stevenson, J. O'Dowda, L. M. Judd, S. A. Baldwin, G. G. Guild, C. G. Bockus, P. R. Bartlett, R. T. S. Durston, Theo. Richards, J. R. Judd, K. B. Barnes, J. Guard, C. du Roi, G. L. Duckworth and J. W. Bains.

THE SPORTING CALENDAR.

- May 3—Baseball: Central Grammars vs. St. Louis, at Makiki, juniors.

- 22—Baseball: Oahu vs. St. Louis at Alexander Field.

NOTE:—Secretaries of sporting organizations and promoters of sporting events are requested to notify the Sporting Editor of "THE STAR" of any events set down for decision.

POLICE COURT

Motor Officer Chilton found a Portuguese named Benovitch lying unconscious at Nuuanu and Kuakini streets late last night and had him conveyed to the hospital. The man was suffering from an epileptic fit and in his fall had grazed his face on the ground.

David Todd, the lad injured in yesterday's automobile collision on Wilder avenue, is not seriously injured and will probably be out of the hospital in a few days.

Carl Nelper has been worried by boys stealing his mangoes, rifling the chicken coop and taking his horses out of the stable for nightly rides. Sunday he caught a lad who said he knew some of the boys who had been concerned in the escapades and he pointed out Joe Freitas to Nelper. The latter caught Freitas and on the boy admitting he had once been in the eye, Freitas brought a charge of assault against Nelper and the latter admitted his guilt, relating the circumstances under which the assault was committed. Judge Wm B. Lymer assessed the blow at only \$5.

ACTORS AT SCHOOL.

Whether the stage or the conservatory is the better training school for actors is a question that has long interested lovers of the theater. In France the best actors of the subvention as well as the private theaters are usually graduates of the Conservatoire, a state institution, and one result of the attitude of France toward artistic pursuits—an attitude without precedent in any other country. England looks on the study of dramatic art as beyond the interference of the state, German actors who learn their art from instructors are usually the pupils of private institutions or eminent members of the theatrical profession. There is no state school for their preparation.

The disadvantage under which dramatic schools have labored in this country is the incapacity of their pupils. They are usually compelled to take the least promising talents, whether it be from an intellectual or a physical standard. Pretty girls are always able to find employment when they desire to enter the profession, and the same is true in a measure of the men who possess certain physical advantages or some decided dramatic capacity. It is usually to the schools that those beginners who have no such advantages are compelled to resort.

There are some notably successful graduates of these institutions in our theater today. It has been demonstrated that there are certain qualities that the schools are able to impart to their pupils. They accomplish their greatest good probably when they turn out actors able to speak the English language correctly, without provincialism or accent or intonation, and with a sufficient skill in enunciation to give the letters their value.

The school for training actors that many think the best in the world is the stock companies which have flourished again in this country for the last decade after they had for a period of years disappeared altogether. They were, of course, the historic training ground for those accomplished representatives of the profession that reigned supreme in the so-called palmy days. Of their value as places of preparation for the stage there can be no question.—New York Sun.

THE SHIELD.

Miss Grace Strachan, president of the Teachers' Association, of New York, was being congratulated on her successful fight for equal pay for women teachers.

"It is odd," said Miss Strachan, smiling, "but the men who most earnestly opposed equal pay were men of the so-called chivalrous type—the type that says woman should be protected, woman's place is in the home, and so forth.

"Protectors of this kind remind me of a soldier named Carlyle. "Carlyle, a veteran private, undertook to train a raw recruit. In the

first battle Carlyle was heard repeating over and over again to his recruit:

"Be a man, lad. Don't duck. Don't duck, I tell you, I'm behind you."

That Little Hacking Cough

Hard coughs are bad enough, to be sure. But it's often the little, hacking, tickling, persistent cough that means the most, especially when there is a history of weak lungs in the family. What should be done? Ask your doctor. He knows. Ask him about the formula on the label of every bottle of Ayer's Cherry Pectoral. Ask him if this medicine has his full approval for throat and lung troubles. Then do as he says.
