SUGAR—96 Degree Test Centrifugals, 3.95c. Per ton, \$79.00.
88 Analysis Beets, 10s. 8d. Per ton, \$86.02.

By DANIEL LOGAN.

SUGAR FOR JULY IS HELD HIGHER

Willett & Gray's Journal (N. Y.), June 8:—Although the market has maintained a firmer tone and tendency during the week under review, yet the spot quotation for centrifugal sugar remains unchanged at 3.86c per lb. In the meantime, however, two sales for prompt shipment were made at basis 3.89c per lb., 96 degree test. Business in June shipments to a considerable extent was done at 28-16c. c. & f. (3.92c).

At the close the market is quiet and steady at current quotations and the offerings for later than June shipments are small and held for an advance say at 2% c. & f. for July.

Thus far buyers show no interest at advanced prices. Europe had a strong and rising market for the week, beet sugar advancing from 10s. 5 1/4 d. to 10s. 8 1/4 d., and with next crop from 9s. 7 1/4 d. to 10s., based on reports of drought in some parts of Germany, but ending the week with more favorable weather for the beet crops, tending to check the advance, the close being quiet at 10s. 8 1/4 d. for June, 10s. 9d. for July and August.

The Cuba crop figures to June 1st given herewith show a visible of 1,348,478 tons, against 1,331,680 tons in 1909. Receipts after this date in 1909 were 181,992 tons. If the amount now remaining on the estates, plus a small additional production this year, shall equal 1909, the total crop will be 1,530,380 tons. We give another estimate based upon the returns already received from the closed estates indicating a crop of 1,488,000 tons.

In view of the possibilities indicated by these two calculations, we change our total crop estimate from 1,600,000 tons to 1,500,000 tons minimum and 1,600,000 tons maximum, say 1,550,000 tons medium. On this basis of 1,550,000 tons Cuba crop we give an estimate of the possible requirements of our refineries of fully duty-paying sugars from September 1st to December 31st.

It does not appear that such imports will be needed until new crop beets and Javas are available after September 1st, and possibly October 1st, as if prices asked for such supplies should prove excessive, refineries could reduce meetings materially and force the use for consumption of our domestic beets refined until raw supplies became more free again at practicable prices.

Total stock in United States and Cuba together, 518,698 tons, against

MORE CAPITAL IN HAIKU FRUIT

An amendment to the charter of the Haiku Fruit and Packing Company has been filed in the office of the Treasurer of Hawaii. It increases the capital stock from \$60,000 to \$175,000, and reduces the par value of the stock from \$100 to \$20 a share.

HAWAII TAKES LEADING RANK

Trade of the United States with its non-contiguous territories in the fiscal year which ends with the current month will exceed two hundred million dollars, against less than one hundred million in 1904, according to a statement lately issued by the bureau of statistics of the department of commerce and labor.

To Hawaii the shipments during 1911 to date have been at the rate of twenty-two million dollars per annum, against twenty and one-half million last year, eleven million in 1903 and eight and three-quarter million in 1900. Hawaii ranks first among the non-contiguous territories in the value of shipments to the United States, though this year's figures are considerably below those for 1910. During 1911 the shipments have thus far been at the rate of forty million dollars per annum, against forty-six million last year, twenty-six million in 1903 and fourteen million in 1900.

552,202 tons last week and 699,572 last year, and 663,823 tons in 1909. Almost all cane producing countries show favorable crop condition, and for Mauritius the estimate is increased to about the large crop size of two years ago, say 240,000 tons for the season beginning August 1st this year.

The Cuban news is looked upon as giving increased strength to the market at the close.

Honolulu Consolidated Oil.
San Francisco Chronicle, June 13: The Honolulu Consolidated on section 12, 32-34, is 3200 feet deep and is flowing considerable quantities of 26 gravity oil, although the sand is still clogging the casing rapidly.

June 12—The Honolulu Oil Company has won the first round in the suit brought against it by the Buena Vista Land Company by having its demurrer sustained.

THE CROCKETT REFINERY STRIKE

SAN FRANCISCO, June 14.—Threatened outbreaks of the strikers at Crockett yesterday were quelled by the law's stern hand in the person of Constable James Fox, recording secretary of Warehouse Workers' Union, No. 537, who stepped in and firmly yet quietly assumed indirect charge of the union men. Fox had the strikers promise to refrain from any violence.

Possibility of an appeal to other unions was emphasized last night at a meeting of the warehousemen, at which a letter was read from by and river steambot men asking if they were infringing in any way. No reply was authorized, but there was discussion of asking the steambot men to "sympathize." There was much discussion also over a proposed letter to the Teamsters' Union in San Francisco, which would, as a matter of fact, be but another appeal. Action on this was deferred until tonight. The warehousemen struck in sympathy with the teamsters a number of years ago, and look for a return of the sentiment if the request is made.

Make No Negotiations.
An interesting feature of the strike is that neither the union men nor employers have thus far considered any step toward effecting a settlement. Sugar company officials said yesterday that the plant would continue to be run by the present force in imported non-unionists. Union men say they have enough money in the treasury to drive worry away and insist on a uniform scale of 35 cents an hour and a nine-hour working day, instead of a 30 and 35 cent scale and a ten and nine hour day.

Officials of the company hold the demand unfair and exorbitant and say the strikers are ungrateful and unreasonable.

Union officials say the demands made have already been granted by other refineries and warehouses.

Between 120 and 200 men are affected by the strike, including warehouse workers proper, truckers and unloading crews. Nearly all these places have been filled by strikebreakers. The anticipated clash between strikers and their successors did not materialize when the strikebreakers fled across the long bridge leading from their tents to the plant at 6:30 this morning. A purposeful display of fire hose from vantage points lending a suggestion keener even than the morning air. The strikers, however, resumed their jeers and hoots, some of which brought the desired result in the defection of five non-unionists.

STOCK SALES

Honolulu Stock Exchange—Between Boards—20 Pioneer, \$205.00; 25 O. R. & L. Co., \$138.50; 5 Pioneer, \$205.00; 6 Pioneer, \$205.00; 100 Haw. Sug. Co., \$41.50; 15 Hon. B. & M. Co., \$21.00; \$4000 McBryde 6s, \$95.50, 10 Waihalua, \$113.00; 10 Waihalua, \$113.00.
Session Sales—5 Oahu Sug. Co., \$51.00; 5 Ewa, \$21.62 1/2.
Sugar Quotations—88 degree Beets, \$10s. 7 1/4 d.
Notice—June 20, 1911. On this date the directors of Hawaiian Sugar Co. declared an extra dividend of 40c per share, payable June 30. Books closed for transfers June 26-30.

RAW SUGAR SUPPLY.
NEW YORK, June 8.—Estimated floats to the United States from Cuba and Porto Rico, 50,000 tons; Hawaii, 50,000 tons; Philippines, 53,700 tons; Peru, etc., 2,000 tons. Total, 155,000 tons against 115,000 tons last year.

It is generally understood that the lowest price named for refined beets on this date is basis of Granulated, in barrels, at 4.90c net cash.

Stocks in the United States and Cuba together of 518,698 tons, against 552,202 tons last week and 699,572 tons last year, a decrease of 180,961 tons from last year.

Stock in Europe, 2,300,300 tons against 1,919,000 tons last year.

Total stocks of Europe and America, 2,818,598 tons against 2,618,572 tons last year at the same uneven dates. The increase of stock is 204,026 tons, against an increase of 236,712 last week. Total sales and floats together show a visible supply of 2,388,698 tons, against 2,748,572 tons last year, or an increase of 240,030 tons.—Willett & Gray.

Fine Job Printing, Star Office.

PALOLO LAND SOLD FOR RANCH

Seely S. Shaw has bought from Dan Bellew, through J. F. Morgan's real estate department, six acres of land in Palolo Valley for \$4450. The location is right in Palolo village, beyond E. R. Bath's place. It is said to be Mr. Shaw's intention to start a little ranch on his purchase for raising fruits, vegetables, etc.

HILO OPIUM CASES PUT OFF.

U. S. Commissioner George A. Davis sat this afternoon to hear the continuation of the Hilo opium cases, but at the request of M. F. Prosser, counsel for Policeman Kanai, further continued the hearing until 1:30 p. m. Monday. At that time Kanai will probably be held without further evidence to the federal grand jury.

Other cases continued to the same time, but in which evidence is yet to be taken, are charges of perjury in connection with opium smuggling at Hilo against P. K. Keomaka, policeman, and Fred Low.

PLANS A SCENIC RAILWAY HERE

Ocean Park Journal: Paul D. Howse, who built the Grand Canyon roller coaster on the new pier, will in the near future build a similar attraction at Honolulu. In his opinion these riding devices will soon circulate the entire globe. They are already in the East and Europe, and he is in correspondence with residents of the Argentine Republic for the construction of one or a number of them in that prosperous land. He is also in communication with people in the Transvaal who have heard of these thrilling riding devices and are in a hurry to secure estimates for the building of a number of them in the land of the Boer.

CORONATION CELEBRATIONS

The coronation of his majesty King George V will be celebrated by the Britishers in Honolulu tomorrow by a service in St. Andrew's Cathedral at 11 a. m. and a sports meeting on Alexander Field and Punahou grounds in the afternoon. During the afternoon on the Alexander Fields, Consul General Forster will hold a reception, at which it is expected all the local officials and members of the diplomatic corps will attend to mark their respects to his British majesty.

The service in the cathedral will be an impressive one. Bishop Restarick's sermon will be preceded by an anthem by Horsey, the Litany and Attwood's Introit, "Veni Creator." Handel's anthem, composed for the coronation of King George IV, will be rendered, and also the British national anthem, with the revised verse. A prayer for arbitration, prayers for President Taft, the United States Congress and the Church will follow, after which the hymn, "O God, Our Help in Ages Past," will be sung, the service concluding with the singing of the Star Spangled Banner.

Sports and a Ball.

The sports will start at one-thirty o'clock with the cricket match on the Alexander Field, and on the Punahou grounds ten events for children between the ages of seven and fifteen. For the younger children there will also be races and prizes in sufficient number to satisfy all.

The celebration will culminate in a grand ball at night to be held in the Moana Hotel, which should be a splendid affair. All the prominent British residents of Honolulu will no doubt be present and will make the event a memorable one in the social life of Honolulu.

It is the boast of those arranging the celebration that all the arrangements will be fixed up well in advance, thus providing against any hitch which might otherwise occur. Admission will be by ticket and the committee in charge of that part of the program will issue passes to those who ask for them. At the gates, committees will be on hand and tickets will be given to those people who want them.

The officials who will have charge of the children's sports will be as follows: Clerk of course, Lorrin Andrews; referee, Paul Super; Judges, J. R. M. Maclean, G. Bustard and W. B. Kinslea; starter, John Soper; announcer, G. H. Tuttle.

BOYS REPRIMANDED.

The three lads who were found on the premises of a vacant house belonging to W. O. Smith the other day were discharged with a reprimand by Judge J. M. Monsarrat this morning. Deputy City and County Attorney Brown remarked that he had investigated the matter and found that the boys were not aware they were doing any harm by chasing through the premises. They had promised not to offend in like manner again and re-

DROPS IN OAHU AND WAIHALUA

Sales of five shares each of Oahu and Ewa, the former a quarter point down at \$21 and the latter unchanged at \$31.62 1/2, made up the entire business at this morning's board of the Honolulu exchange.

Between sessions Waihalua sold down a point in two lots of ten shares each at \$113. Pioneer was unchanged at sales reported of twenty, five and six shares at \$205. Hawaiian Sugar held its own for a block of 100 shares at \$41.50. Oahu Railway is also unchanged in a sale of twenty-five shares at \$138.50. McBryde sixes show a quarter point advance in a sale of \$4000 at \$95.50. Brewery is off a quarter point, as indicated by fifteen shares going at \$21.

RISE IN SUGAR.

Advances are reported by cable this afternoon both in centrifugals and beets, the former going to 3.95c a pound and the latter to 10s. 8d, the long hundredweight.

Requested lenient treatment for them, which the judge granted.

DIVIDEND NOTICE.

Hawaiian Sugar Company.
Notice is hereby given that an extra dividend of forty cents (40c) per share will be paid to stockholders in the Hawaiian Sugar Company of record June 26, 1911.

The stock books of the company will be closed for transfers from Monday, June 26, until Friday, June 30, 1911.
