

Do You Want Long, Heavy Hair?

Then treat your hair well. See that it is properly fed. Growth of every kind demands proper food. Starved hair splits at the ends, turns prematurely gray, keeps short and dry. Then feed your hair. Feed it with proper food, a regular hair-food. Feed it with Ayer's Hair Vigor. Thus help nature all you possibly can toward giving you rich, heavy, luxuriant hair. Ask your doctor about your hair and about Ayer's Hair Vigor. Follow his advice.

Ayer's Hair Vigor DOES NOT COLOR THE HAIR

BERKELEY STUDENT IS STRONGEST MAN WEST OF THE MISSISSIPPI

Measurements Taken After Scientific Training. Strength tests of Raymond Marchant Scott were made by university professors according to a schedule laid out by them after Scott had undergone scientific development in the gymnasium. The results of the test, together with Scott's measurements, are as follows: Height 6 feet 3 1/4 inches, Neck 16 inches, Chest, repose 41.3 inches, Chest, inflated 44.5 inches, Hips 44 1/2 inches, Right thigh 23 1/2 inches, Left thigh 24 inches, Right calf 1g inches, Left calf 15 inches, Upper right arm contracted 14 1/2 inches, Upper left arm contracted 14 1/2 inches, Right forearm 12 1/2 inches, Left forearm 12 inches.

Strength. Back 410 kilograms, Legs 610 kilograms, Pull 319.6 kilograms, Right forearm 109 kilograms, Left forearm 106 kilograms, Total 1,554.6 kilograms, Equal to 3,427.4 pounds. BERKELEY, September 1.—One of the most marvelous athletes in collegiate history has been discovered and developed by W. E. Magee, professor of physical culture, and by Assistant Prof. Victor V. Ligda of the University of California, in Raymond Marchant Scott, 22 years old, son of the postmaster at Ione, and a senior student in the college of agriculture. The final test of Scott's physical fitness was made privately by Magee and Ligda this morning at Harmon gymnasium.

Following a schedule laid out by the instructors, Scott sprung a tremendous surprise by proving himself the strongest registered man west of the Mississippi River.

As announced by Magee and Ligda, Scott's physique is of as great scientific interest as that of C. H. A. McKim, the University of California freshman, who is perfectly developed physically. The test which Scott met

this morning was arranged so that his actual muscular strength might be officially recorded with the authority of the University of California, for the use of physical culture scientists. The student was expected to set a new mark in actual strength, and an arbitrary standard was set by Magee which, if reached by Scott, would break records. The senior surpassed this standard.

Strength Register Accurate. The test to which Scott was put determines a man's maximum strength in scientific method. The strength of back, legs, of "pull" with both arms and with right and left forearm are obtained by instruments, and the total is an accurate register of strength. In this arduous test Scott registered the phenomenal total of 1,554.6 kilograms, or 3,427.4 pounds. Some conception of his wonderful strength can be obtained by a comparison with similar results procured from McKim, the perfectly formed freshman, who excelled every member of his class in strength. McKim's total is 1,133 kilograms, or 2,492.6 pounds. When Scott had accomplished his wonderful feat Professor Magee remarked:

"There is not another man in the state of California who can duplicate that. I have records from colleges and gymnasiums west of the Mississippi and there is none that touches Scott's mark. I want it understood that Scott took no special training for this test, and I am certain that were he to train as an athlete would be privileged to do no man in the United States would make a better showing. All the training Scott has had has been the scientific work in the university physical culture department."

Track Doesn't Develop. The senior student is a big man, with his gigantic strength evenly distributed over his frame. He is more than six feet tall and weighs about 200 pounds. When he entered the university three years ago he was not quite so tall and was lighter. His measurements were considerably less than now, when he has had the advantage of careful training.

OLYMPIC CLUB TEAM'S TRIP HERE

Chronicle: Sixteen Olympic Club athletes, members of the winged "O" track team and baseball squad, will leave here on October 14 for Honolulu to play a series of six baseball games and participate in various athletic events on a tour of the Hawaiian Territory. Manager Henry Heitmuller, who guides the interests of the Olympic nine, is arranging the details of the trip and received word from the islands yesterday that the local boys were expected to arrive in Honolulu in October. The expenses of the trip are guaranteed on the other end, and it is stated that more than usual interest is being displayed in the approaching visit of the Olympic Club athletes.

Heitmuller is not ready to announce the list of competitors to be included in the team, as replies have not been received from those invited to participate in the journey. Of the track team members Captain Pete Gerhardt will most likely make the trip, as will Ralph Rose and Sam Dellah. Such members of the baseball team as

Claude Littlepage will be called to do a double turn. Littlepage, in addition to playing left field, is a high jumper and sprinter of ability.

The likely battery for the winged "O" team will be Sales and Giroi in the box, with Broderick and Rutledge on the receiving end. The schedule of ball games arranged includes two games with the Chinese University nine, two with the Hawaiian team and two with the American College team. In view of the fact that a branch of the Amateur Athletic Union has just been established in the Territory, the presence of the local athletes will do much to arouse interest in the various events. Swimming races will also be arranged and a special invitation has been extended Walter Pomeroy of the Olympic Club to participate in a meet with the local swimmers. As Pomeroy is considered the best open water swimmer hereabouts, it is more than probable that he will be included in the aggregation, which will leave here next month. The Olympic swimmer is at present in Los Angeles and has not heard of the proposed event.

racks are always worth witnessing for they are excellently conducted and always productive of good, clean sport.

SOLDIERS IN A BOXING BOUT

A number of civilians went out to Schofield Barracks last night to witness a boxing exhibition which had been arranged by the post.

The main event, a ten-round contest between Bauersocks of the Cavalry and Allen of the Artillery resulted in a draw.

Bauersocks, who fought his usual fight, had a little the best of the bout. Allen proved himself to be a tough lad and won applause by his aggressiveness.

There were two preliminaries which were interesting while they lasted. Sergeant Dougherty refereed the main event.

The boxing bouts at Schofield Bar-

In response to an enquiry received by the sporting editor of The Star as to what the Davis tennis trophy represents the following information is offered:

The cup for which the nations have been competing and which will finally be played for in Australia, was first offered in 1900 by D. F. Davis of St. Louis.

The English challenged for it that year, but did not win till 1903, when H. L. and R. Doherty captured it.

In 1907 the Australians, A. F. Wilding and N. E. Brooks defeated B. C. Wright and Karl H. Beh and scored for the cup.

Since that time America has been

SPORTDRIFT

The Olympic Club athletic team is expected to arrive on October 20.

The visiting athletes will perform at the Athletic Park, which is said to have been leased by a haul of local sportsmen for the season.

The Olympic Club nine will probably play games with the Fifth Cavalry, All-Chinese, All-Oahu and St. Louis nines.

There will be a tennis match on October 1 between the Ewa and Aiea teams. The former won the last match played.

The events at the A. A. U. field and track meet which takes place on the 30th inst. will be run off in the following order: One hundred yards run trials, 800 yards run, 100 yards run final, one mile run, 440 yards run, 220 yards run trials, 220 yards low hurdle trials, 220 yards run final, 220 yards low hurdle final, pole vault, running high jump, running broad jump, putting sixteen-pound shot, throwing sixteen-pound hammer, half mile relay (special).

The entries for the A. A. U. sports close on Saturday afternoon at five o'clock to John Soper, Hawaiian News Company.

The officials who will have charge of the A. A. U. meet are as follows: Referee, Paul Super; announcer, John C. Anderson; clerk of course, Lorrin Andrews; judges of track, A. L. Andrews, Ed Towse Chas. Fitts, J. L. Hopwood, J. H. Fildes; judges of field events, Stanley Livingston, D. F. Ricker, A. E. Larimer; timers, C. B. Cottrell, W. R. Chilton, B. F. Hollinger, M. D. Abreu, Lester Petrie, E. H. Hand, V. L. Stevenson. The scorer and starter have yet to be selected.

The back end of the English racing season is now on and the two big autumn handicaps, the Cesarewitch and Cambridgeshire will be decided on October 11 and 25 respectively.

The St. Leger, run at Doncaster on the classic Town Moor, was decided last Wednesday and the winner has not yet come to hand.

Sunstar, this year's Derby winner, could not stand the trying preparation for the long race and was scratched. Had he been left in the colt would have started an odds on favorite.

The Morton stable had a good second string in Lycan, however, also owned by Jack Joel owner of Sunstar. Lycan was second favorite according to the last reports the actual favorite being iKng William, trained by Lambton. Prince Palatine, Bannockburn, Cellini, Cherry King, and Seaforth were all well backed and the race had a very open appearance.

Seaforth is owned by Captain McCalmont, a son of the famous Colonel McCalmont, owner of the mighty Isinglass. The colt was considered the best of last season's two-year-olds, but was not entered in this year's Derby.

The weights for the back end handicaps have not yet come to hand but in the first market returns Bronzino, Columbus, Cardinal Beaufort, Clarenceux Kilbroney, Toyshop, Verney and Willonyx were all fancied for the Cesarewitch while the unbeaten Hornet's Beauty, Mustapha, The Story William Rex, and Dalmacrag figured at the shortest prices in the Cambridgeshire betting.

the only nation to go to the Antipodes for the trophy.

This year McLoughlin and Larned will probably make the trip.

INVITATION TO ST. LOUIS TEAM

Otto Gertz, an enthusiastic St. Louis College man, who has been in communication with the Hotel Potter, Santa Barbara, with regard to the proposed visit to the Coast of the St. Louis baseball team, is in receipt of the following interesting letter:

"Mr. Otto Gertz, Honolulu, T. H.: Dear Sir—Replying to your letter regarding arrangements to be made for a match between the Hawaiian
