ARMY OFFICERS GONE OVER TO REBELS

PEKIN, November 22.—Yuan Shih Kai has received a letter from General Li, commander of the revolutionary forces at Hankow, declaring that it is impossible to place any confidence in the promises of the Manchu government. He protests against permitting the lives of 400,000,000 Chinese to be "wasted by a handful of Manchus" and urges that the question as to whether a republic or a constitutional monarchy be established be left to a conference in which Manchus must not participate. General Li himself was formerly an officer in the imperial army. In the picture he is shown beside General Chang Pao, who commands the imperial forces at Nanking, and Jui Cheng, the deposed viceroy of Hupeh province. This picture was made before General Li had gone over to the rebel forces.
