John Little John.

BY CHARLES MACKAY. John Little John was staunch and strong, Upright and downright, scorning wrong;

He gave good weight, and paid his way, He thought for himself and he said his say; Whenever a rascal strove to pass,

Instead of silver, money of brass, He took his hammer and said with a frown,

"The coin is spurious, nail it down " John Little John maintained the right, Through storm and shine, in the world's despite, When specious men with words expert,

The honest truth would still pervert; Or try by threats to gain their cause, E'en though they should pervert the laws : " Nay, nay," said John, with an angry frown, "The coin is spurious, nail it down."

When told that events might justify A false and crooked policy; That a decent hope of future good, Might excuse departure from rectitude;

That Nobles alone were fit to rule, That the poor were unimprov'd by school, "Nay, nay," said John, with an angry frown, "The coin is spurious, nail it down."

John Little John could ne'er abide To hear the poor man villified; When told that charity hest was shown In deeds the press would soon make known; That rich and poor were all imbued, By nature with ingratitude:

"Nay, nay," said John, " you make me frown, Your coin is spurious, nail it down." Whenever the world our eyes would blind With false pretenses of any kind. With a specious, vain philosophy,

Under the guise of policy, With wrong dress'd up in the garb of right, And darkness passing itself for light, Let us imitate John, and say with a frown, "The coin is spurious, nail it down !"-Selected.

VARIETY. Alphabetical Advice.

A-Always attend your own avocation, avoid alehouses and artful women. B-Benevolent but not prodigal, bury al! bicker-

ings in the bosom of forgetfulness. C-Contrive to collect cash and keep it. D-Do your duty and defy the devil. E-Early endeavor to eradicate every error, both

F-Fight fairly when you fight; but the better way is not to fight at all. Fiddle for no fools. G-Grace, goodness, gumption, and a little goose-

gresse, enable a man to slip through the world mighty easy. Get them and glory in them. H-Harbor hope in your heart, if you would be happy, but hark ye, hope can't sunder nor rot the rope of a bangman.

I-Inquisitveness is insufferable; indulge not in it. I-Juleps may be called the juice of joy and yeast of jest; but let them alone, for too much joking often destroys the joviality of the social circle.

K-Kindness kindles the fire of friendship. A

kiss always avails more than a kick. L-Love the ladies, look before you leap, eschew M-Make not mischief by meddling with other

folks' business. N-Never be caught napping except in the night-

0-Order is Heaven's first law; obey it. P-Pursue the plain path of probity, and put is practice what will give you in precept. Q-Quarrel not, quibble not, be not fond of ask-ing questions, or addicted to queries. R-Rum ruins respectability, renounce, renew,

and renovate. T-Take time by the forelock; try and turn every moment to account. U-Union unites to unity; in the whole universe

there is unison; be you therefore united for the sake V-Vanity has connection with valor, remember

W-Woman and wine bring want, woe, and wretchedness, when wickedly indulged in. X-'Xira 'xertious accomplish 'xtraordiary ends.

Y-Yield to no tyrant; yeomen and their yokefellows are lords of the soil Z-Z g-zagging is a characteristic of a zany; take a straight course through life, and zealously pursue it.

GRAMMAR. Pray remember, though box in the plural make boxes, The plural of ox should be oxen, not oxes. To which may be added :-

And remember, though fleece in the plural is fleeces, That the plural of goose isn't gooses or geeses. To which may again be said :

And remember, though house in the plural is houses, That the plural of mouse shall be mice, and not mouses.

To RENDER CLOTH WATERPROOF. - Take four ounces of alum and two ounces of the sugar of lead; dissolve them separately in half a gallon of water each. Now mix them, stir thoroughly, and allow the sediment to settle for two hours. Pour off the clear, and immerse the salt in this until it is saturated; then dry it in a warm room. Give two dips and dry after

THE AGRICULTURAL POPULATION OF ENGLAND .-During the last ten years the agricultural population of England has fallen off as follows :- The number of farmers and graziers has decreased from 306,767 to 249,275, or about 20 per cent.; of farmers' wives, from 201,735 to 168,735; of their sons and daughters. from 275,170 to 176,161; of landholders, from 34,620 to 30,766; of male farm laborers, from 235,943 to 158,401; of ditto females, from 128,251 to 46,561; of outdoor laborers, 1,027,877 to 958,270.

RECIPE FOR A HAPPY HOME .- We have somewhere met with this assertion, which seems worth repeating : "Six things are requisite to make a happy home. Integrity must be the architect, and tidiness the upholsterer. it must be warmed by affection, lightened up by cheerfulness, and industry must be the ventilator, renewing the atmosphere and bringing in fresh salubrity day by day; while over all, as a protecting canopy and glory, nothing will suffice except the blessing of heaven."

"SHROUDS HAVE NO POCKETS."-For we brought nothing into this world, and surely we can carry nothing out. Grasp the gold we gather ever so tightly, there is no pocket in the grave clothes we will wear, in which we can hide any treasure that will be of use to us when God takes away the soul. Foolish then it is to lay up treasures on the earth, when there is no currency here that is not worthless in that better country, whither we ought to be going

ARTEMUS WARD says : I went to Washington, and put up at a leading hotel, where, seeing the landlord, I accosted him with "How d'ye do, squire?" "Fifty cents, sir," was his reply. "Sir?" "Half a dollar. We charge twenty five cents for lookin' at the landlord, and fifty for speakin' to him. If you want supper, a boy will show you to the dining-room for twenty-five cents. Your room bein' in the tenth story, it will cost you a dollar to be shown up there." "How much do you ax a man for breathin' in this equinomikal tavurn?" sed I. "Ten cents a breath," was his reply.
