SATURDAY, OCTOBER 26.

**NOTES OF THE WEEK.**

**FOREIGN JURY.**—We are requested by the Marshal to state that the foreign jurors will be required to be in attendance on Monday next, at 10 o'clock.

**THE BUREAU.**—Mr. C. J. Lyons' cottage a victim of the night, and carried off a trunk, coat, and opera glass.

**MILITARY FUNERAL.**—On Sunday, the Rifles turned out in uniform and attended the funeral of Mr. Frank Humphreys, one of their number, who died this morning, after a long illness, of consumption. At the grave, three volleys were fired over the remains of the departed comrade.

**MR. ANTHONY TROLOPE.**—The distinguished writer, who is expected on Monday by the steamer "Idaho," from New Zealand en route for England. Mr. Trolope made a tour of the Lake region of New Zealand, and expressed himself much pleased with the appearance of the country. He proceeded on by the "Idaho."

**A HEAVY TRANSACTION.**—We hear that one of our butchers sold thirty-two head of cattle on the hoof the other day on the following terms: One cent for the first head, two for the second, and so on, through the whole of thirty-two, doubling each time. The purchaser paid something over forty-two millions of dollars.

**REAL ESTATE AT AUCTION.**—There is a sale of various parcels of real estate on Monday next, advertised for to-day, under foreclosure of mortgage by P. Y. Kwo to Mr. Hillbrand. Also, real estate of the late Wm. Humphreys. For all of which, see page 2.

**NEW AUSTRALIAN LINE.**—The Government of New South Wales having advertised for tenders for a line of steamers, of not less than 2,300 tons burthen, to run between Sydney and San Francisco, touching at the Fiji and New Caledonia. It is reported that Mr. Hall, whose boats formerly ran on this route, had signified his determination to send in a bid.

**MISTAKE.**—The following is the musical programme to be performed by the Hawaiian Military Band at the examination of the Hawaiian Band, commencing at 4 1/2 o'clock:  
Drum Beat—March.....Lang  
First Flute—Opera Overture.....Donetti  
Meditation—Fantasia, (op. 10).....Faust  
First Trumpet—March.....L. H. H. H.  
Cavalry—Opera Overture.....Paganini  
Queen Emma March.....Berger

To conclude with a march around Emma Square.

**A SLEIGHT MISAPPREHENSION.**—Last Tuesday, a coal-beaver from the "Nebraska," ascending a resident on the wharf and pointing to the Custom-house opposite, inquired, "I say, governor, is that a whiskey bottle?" "That is the whiskey bottle," replied the man, who kept the largest and best stock of liquor in the city. "Thanky, sir," said the thirsty man, and he rushed over and demanded a bottle of ale, and he considered disgraced when told that they did not deliver it in such small packages.

**By notice of the Road Supervisor, in our "By Authority" column, it will be seen that the bridge over the stream at Kakaui, near the residence of Mr. Strehl, will be closed to traffic on and after the 28th inst., for the purpose of erecting a new and substantial bridge. Travelers to and from Ewa will be obliged to take the route to the city by the new bridge of the stream, near the Leper Hospital. The new bridge will be ready for immediate erection when the old one is taken down; so that the passage of travelers will be impeded as short a time as possible.**

**JOHN ON A SPEEK.**—Chinamen are not usually demonstrative in their disposition. If they do indulge in drink to intoxication, it is in private, and the sight of a drunken Chinaman is not to be seen in the street. It is said, an exceedingly rare one. We saw several such however on Monday night, who were obliged to be taken to the city by the police. They were civilized people when "out on a limb." It may be added however, that they were recently from California, and doubtless thought that the purpose of "doing" our quiet city after the most approved "Molican fashion."

**THEATRICAL.**—Among the passengers per bark "Idaho," which will leave San Francisco a few days after, is Mr. Joseph Rayner, well known to our residents, accompanied by the distinguished actress and vocalist, Miss Fanny Morgan Phelps, from the leading Eastern and California Theatres. They contain a number of new and interesting songs, and will give one or two entertainments prior to their departure by the next Australian steamer. Mr. Rayner's visit two years since in California, was quite a success, and he has been performing with much success throughout the principal California Theatres.

**POLICE COURT.**—On Monday, Kapu, an inmate from Kohala, was examined, and sent to the Aigloo. Two Japanese, Tuzick and Kitabawa, were charged with violation of the Sabbath, in playing a game of cards in a public house. They were fined \$5 each, but only two were arrested, for the purpose of enlightening the entire crowd. They were arrested in three dollars each, and on Sunday lay explained to them, as well as apparently well satisfied. Four natives—two men and two women—were charged with gambling at Manoa last week. One witness testified that he observed them in a gambling case in the city, either in food or duty paid.

**KILAUEA.**—From one of our residents who has just returned from Kilauea by the "Idaho," we learn that the eruption is very active. The old South Lake is full and running in two broad streams, one to the South, the other to the West. A number of beautiful cones were in action, sending up continuous jets of lava. Mr. Jones, the proprietor of the "Volcano House," describes the scene as fiercer than any he has seen for years. During the last two weeks a number of slight earthquake shocks have been felt at Kapaemahu, and on the 15th a very heavy one was felt at Hilo—the heaviest that has been felt since the great shock of April, 1868.

**A rumor was prevalent in town yesterday to the effect that Mokuaikooa was very active against the "Idaho," and that it was to be captured. The rumor is undoubtedly a "canard." The two mount-ain peaks have been distinctly visible for some time, and some snow was to be seen on Mauna Kea. News of Mauna Loa.**

**The Annie had a very narrow escape from wreck at Launapohoe, she being in the breakers when she was swung around very close to the rocks. The swell was so heavy that it was feared the boat would part, and the passengers and crew were threatened with death. Fortunately the sea went down on a pleasant Saturday afternoon, and on the last forty-six dollars. The accused were adjudged guilty, and sentenced to pay a fine of twenty-five dollars each and costs, for various driving. A trifling appeal was noted to the Circuit Judge.**

**KLIEKA.**—From one of our residents who has just returned from Kilauea by the "Idaho," we learn that the eruption is very active. The old South Lake is full and running in two broad streams, one to the South, the other to the West. A number of beautiful cones were in action, sending up continuous jets of lava. The accused were adjudged guilty, and sentenced to pay a fine of twenty-five dollars each and costs, for various driving. A trifling appeal was noted to the Circuit Judge.**

**KLIEKA.**—From one of our residents who has just returned from Kilauea by the "Idaho," we learn that the eruption is very active. The old South Lake is full and running in two broad streams, one to the South, the other to the West. A number of beautiful cones were in action, sending up continuous jets of lava. Mr. Jones, the proprietor of the "Volcano House," describes the scene as fiercer than any he has seen for years. During the last two weeks a number of slight earthquake shocks have been felt at Kapaemahu, and on the 15th a very heavy one was felt at Hilo—the heaviest that has been felt since the great shock of April, 1868.

**A rumor was prevalent in town yesterday to the effect that Mokuaikooa was very active against the "Idaho," and that it was to be captured. The rumor is undoubtedly a "canard." The two mount-ain peaks have been distinctly visible for some time, and some snow was to be seen on Mauna Kea. News of Mauna Loa.**

**The Annie had a very narrow escape from wreck at Launapohoe, she being in the breakers when she was swung around very close to the rocks. The swell was so heavy that it was feared the boat would part, and the passengers and crew were threatened with death. Fortunately the sea went down on a pleasant Saturday afternoon, and on the last forty-six dollars. The accused were adjudged guilty, and sentenced to pay a fine of twenty-five dollars each and costs, for various driving. A trifling appeal was noted to the Circuit Judge.**
