NOTES OF THE WEEK. Monday last being the festival of the Assumption of the Virgin Mary, the usual services at the Roman Catholic Cathedral.

MARGENT—famous for his very truthful stories told to solace homesick passengers on the old Kilauea—now offers to his old friends a sack of a superior kind.

Passengers by the Iwawati report that Mauna Loa was again in an active state of eruption when they left Honolulu, judging from the quantity of smoke coming from the mountain.

By vote of the Bethel Church its regular morning services for to-morrow will be omitted in order that the congregation may join in the exercises at the Fort St. Church.

The organ of the Minister of the Interior trusts that some sad fate may not befall a contemporary, an alteration which had not been papered on account of the organ.

During the week there were exhibited in Messrs. Whitney and Robertson's window a handsome silver cup by Messrs. Wagoner & Co., given by those gentlemen to the owner of the horse "General Garfield," as memorial of his performances on June 11th, and July 4th, respectively.

On Monday a small piece of land measuring rather less than the first part of an acre, situated in the Hi of Paehale, at Kalihi, was sold by auction at the door of Aliolihi Hale, by Mr. Frye, netting for the vendor, after deducting his commission, the sum of \$120, Mr. Simon Kasi being the purchaser.

A resolution was passed at the Lyceum Meeting in relation to His Majesty's return: "That we cordially invite, &c., all the people of different nationalities living with us, under the Hawaiian flag, to assemble at the Lyceum, on Friday, the 11th inst., at 7 o'clock, to witness the return of His Majesty, King Kalakaua, to the Hawaiian Islands."

The engagement of a new theatrical company, to occupy the boards of the New Hawaiian Theatre, has been announced by Mr. Edwin Browne, who has just completed a series of engagements in Australia and New Zealand.

A single patient remains in the hospital at the quarantine station. He is one of the former crew of the Iwawati who caught the infection from Hawaii.

The recent news from Hawaii not rendering it probable that new subjects would present themselves for his pencil of sufficient interest to warrant a sketch, the artist has decided to return to Honolulu, as he intended, his pictures still remain on view at Aliolihi Hale, but in future they will only be exhibited on Fridays.

There has been some scepticism in the minds of the race-loving public as to whether the race between "Commodore" and "Oliver" would really come off. These apprehensions have been without foundation.

The Ewa assault case, of which an account appeared in last week's Advertiser, was tried before the Police Court on Friday.

The Vicicultural Society of California has recently published a great work on the culture of the vine in that State, which is got up and illustrated in the most splendid manner.

The meetings at Fort Street Church have been numerous attended during all the evenings of this week by an attentive and interested assemblage of people.

Mr. Kaulukou thought our invitations to the other Islands were not sufficient. He thought it better that they contribute what they wanted, and let them erect arches, &c., with mottoes designating that they emanated from Hawaii, Maui, or any other place.

The original resolution was however carried, without the proposed amendment.

Resolved—That the Board of Education be requested to allow the public schools to attend and aid in welcoming His Majesty.

Mr. Carter warmly supported the motion. He said if anything would please the King on his return, it will be to see the children; if we can line the streets on both sides with children we will please the King more than all he has seen in all the countries he has visited.

The Resolution was carried, as also the following—5. Resolved—That the President and Vice-Presidents of this meeting be a committee of the people to welcome His Majesty with appropriate addresses in the English and Hawaiian languages.

Mr. Kaulukou proposed that an arch in ancient Hawaiian style be erected near the landing, and that as soon as he passed this arch it will be pulled down.

The space would not permit of it, as there would be a great crowd of people there, and if an old Hawaiian custom, the foreigners would not understand it; he for one should not.

The next three resolutions were then put and passed as follows—6. Resolved—That a Committee of Five be appointed to attend to the decoration of the Hawaiian custom, the foreigners would not understand it; he for one should not.

Resolved—That a Committee of three be appointed to collect subscriptions towards the general fund for decorations and other expenses.

Mr. Bickerton proposed an amendment that the Subscription Committee be authorized to appoint others to assist them if necessary, which was carried.

Mr. Lillikani then proposed an additional resolution. That the owners and agents of all inter-island steamers and schooners be requested to decorate the vessels owned or controlled by them, and on the day that the King is expected, to send their vessels out to the Molokai Channel, and there meet and escort the vessel on which His Majesty is on board, into the Port.

After the passage of the resolutions, the lists of nominators for the various committees, &c., were read, from the prepared schedule, by the President, and accepted by the meeting as follows:

DECORATIONS. H. A. P. Carter, W. C. Parker, D. Kahana, J. Moanouli, J. A. Cummings.

SECRETARIES. W. P. Wood, W. R. Bunkle, J. Moanouli, J. A. Cummings, J. O. Kawainui, Sam. Parker, B. E. Whitney, W. Ausio, C. Macfarlane, B. W. Kawainui, J. G. Sheldon, Capt. Tripp, H. Webb, C. B. Wilson, J. L. Kaulukou, J. Moanouli, jr., C. P. Hall, jr., S. D. Burrows, S. Langhoro, C. H. Clark, jr.

There being no further business Mr. Carter proposed "Three cheers for King Kalakaua," which were most heartily given. The meeting then dispersed.

TOUR OF THE PRINCESS REGENT TO HAWAII. VISIT TO THE LAVA FLOW. ADDRESS TO THE PEOPLE OF HILO.

HIS MAJESTY'S RETURN. MEETING AT THE LYCEUM.

The called meeting, for the purpose of taking the initiatory steps towards arranging matters with regard to the public reception intended to be given to His Majesty the King, was held at the Lyceum on the evening of the 15th inst.

Among those present were His Ex. H. A. P. Carter, Hon. A. F. Judd, Dr. J. Mott Smith, Rev. M. K. Kanae, Messrs. Lillikani, J. Kaulukou, W. Pinahosa Wood and Wm. Bunkle, Mons. Ratard, Col. Allen, Messrs. R. F. Bickerton and W. O. Smith, Capt. Fuller, Mr. B. W. Kawainui, Dr. Rodgers, Messrs. A. W. Bush and Boyd, Council Laine, Captain Ibbesek and others.

The advertised hour was 7:30 p. m. but it was somewhat after that time when the two hundred people present were called to order and the meeting opened by His Ex. the Minister of the Interior, who said:

"You all are aware of the object of this meeting. Some months ago your King left for a tour round the world, followed by the best wishes of this community and of his people. He took his course to California and thence westward through Japan, China, Japan, India, and thence round the world. The tidings have come to us, by the sparks of the telegraph, of the uniform courtesy with which he has been received. Wherever he has gone, his bearing and greeting have been received with enthusiasm, and he is regarded as the representative of the civilization of these Islands. We followed him with pride from the East on to Great Britain, where he was received with all the honors of an independent sovereign, and this pride of ours is the same as though we were millions instead of thousands. Not to be behindhand in preparing a welcome which shall compare favorably with others he has received, we must act in unity, and at once, in order that this demonstration to greet His Majesty shall be effective, and one of which we shall be proud."

Mr. Carter then proposed that the Hon. C. R. Bishop be the President of the meeting.

The Rev. M. Kanae seconded the proposition, he took this opportunity to remind his Hawaiian friends that this meeting was not a small thing, but a very big thing. The object was to recognize what the King had done by his travels round the world. Whatever His Majesty had seen in his tour would be a good thing for Hawaiians on his return. The motion was carried unanimously.

The Hon. Chairman fully and clearly explained the object of the meeting and said the first thing was to choose a Secretary and Interpreter. He would nominate B. W. Kawainui and John Sheldon. Carried by acclamation. Mr. Sheldon then proposed as Vice-Presidents, Hon. J. K. Kanae, H. A. P. Carter, H. W. Wagoner, and M. K. Kanae, and M. Mahaka, who were unanimously elected.

His Ex. H. A. P. Carter said, he would suggest that on the day of reception the route, from the wharf to the Palace, be decorated in accordance with the plans that had been submitted; the decorations to consist of arches, flags and evergreens, according to the taste of those who erected them. A number of resolutions had therefore been prepared, which the Secretary would read.

Mr. Justice Judd suggested that the resolutions be read and dealt with separately. This being carried the first and second resolutions were read and adopted, as follows:

Resolved—That the time draws near when this nation may hope to welcome to its shores our beloved King Kalakaua, from his tour around the world, and that the Hawaiian people, as a recipient of many brilliant and heavy rewards, and

Resolved—Such an occasion is a fitting one for the Hawaiian people to show their appreciation of those resolutions, and of our attachment to our King and to the Throne and Government under which we live: Therefore be it

Resolved—That a grand public reception be arranged for the purpose of greeting our beloved Sovereign on his return to his Kingdom and subjects.

Resolved—That the Hawaiian people be invited to join in such demonstration all the people of different nationalities living with us under the mild and beneficent rule of our King, also the Fire Department, the Ahahui Poa, Ahahui Lele, Ahahui Opiopio, all Lodges, Societies, Unions and trades.

The third resolution was then proposed as follows—3. That the people of the different districts of the Kingdom of this Island be invited to organize themselves with their different leaders and marshals, with appropriate banners and decorations, to join on that occasion, the Hawaiian people of the other Islands, and invited to attend by delegations with appropriate flags, &c., or to erect arches along the route of His Majesty's route from the landing to the Palace.

Mr. Kaulukou thought our invitations to the other Islands were not sufficient. He thought it better that they contribute what they wanted, and let them erect arches, &c., with mottoes designating that they emanated from Hawaii, Maui, or any other place.

The original resolution was however carried, without the proposed amendment.

Resolved—That the Board of Education be requested to allow the public schools to attend and aid in welcoming His Majesty.

TOUR OF THE PRINCESS REGENT TO HAWAII. VISIT TO THE LAVA FLOW. ADDRESS TO THE PEOPLE OF HILO.

TOUR OF THE PRINCESS REGENT TO HAWAII. VISIT TO THE LAVA FLOW.

Her Royal Highness the Princess Regent on her tour to Hawaii, accompanied by a cavalcade of about eighty equestrians visited on the 4th inst. the terminus of the lava flow near the town of Hilo. The activity of the flow had ceased, and the Princess Regent and party only had to observe the petrified forms of recently flowing lava. This is one of the frequent intermissions of the volcanic eruption, and the next mail may bring us accounts of a fresh outburst.

The Princess Regent and party then proposed to visit the lava covered site of Keoni Holo's lava covered homestead, but proceeded beyond the hill of Hala. There the party found Her Royal Highness, R. Keoni Holo and a company encamped under tent. From thence the Princess Regent and party returned to the town. Her Royal Highness made subsequent visits to the lava flow, at different points, at night, in order to witness the glare of incandescent lava.

On Saturday the 13th inst. pursuant to a call, a large concourse of people assembled in the Church of Hilo, to listen to the address of Her Royal Highness who spoke as follows:

"My Princes!—It gives me great pleasure to meet with you to-day.

On the departure of His Majesty the King to visit the ends of the earth, I very much desired that that time should be spent in a way that would be of benefit to the people of this Kingdom. I have prevailed recently in many parts of the world, and from our position commercially, it was not to be expected that we should escape the infection. I am happy however to be able to say to you, that the vigorous measures adopted by the Government, have, by the blessing of God, resulted in the almost complete disappearance of this pestilence from among us.

It is now nearly seven years since our gracious King, declared to his people that the Keystone of His Government was "The welfare of the People." The decrease of our numbers has become so apparent, is a subject on which we should most sincerely study, if by any means we may contribute our efforts to find a remedy, and to help the people. We must not look to others for aid, but it must be with ourselves, to help ourselves. The work is ours, and we only can accomplish it. And the first step in this direction will be our own personal observance of sanitary rules, together with a proper regard for the laws of God. I have great pleasure in saying to you, that by letters which I have received from His Majesty the King, I am assured that he continues in excellent health. I feel confident that a tour of our Kingdom, and a visit to the ends of the earth, will be good for his people and country, not only from what he shall have seen, but from his intercourse with the sovereigns of long established and enlightened countries.

It is a matter of deep sorrow and sincere regret to observe the approach of the lava stream from its commencement, and its threatening proximity to your homesteads at the present time. On my leading here I learned of the situation and at once requested my husband, with His Excellency the Minister of Foreign Affairs and the Honorable A. S. Cleghorn to meet and consult with some of the principal residents of your city as to the best means of changing if possible the course of the lava stream and to find a remedy, and to send beautiful harbors. I am pleased to say that the Government is willing and anxious, and will render all aid within its power, to assist in arresting the impending danger that threatens the beautiful town of Hilo.

Since the flow has commenced, I have learned that the lava has not been observed with that strict diligence as to be able to say to you all to apply to heaven, from where we have power and blessings emanate, to avert the danger that threatens us all."

The Rev. T. Con opened and closed the assemblage with prayer. Her Excellency Governor Kekela followed with some remarks; and also Lieutenant-Governor Iyama, and John M. Kapena spoke on this occasion.

The Princess Regent and suite look departure from Hilo, on Thursday the 11th inst. stopping a short while at Keahou, and Hookoo, and landed at Mahukoua, proceeding thence to Kohala. At all these points a large and enthusiastic concourse of people assembled to welcome, and to tender the hoo-koo, the Hawaiian expression of loyal devotion, to a chief. Her Royal Highness was golden opinions from a loyal people everywhere; as all are impressed with her spirit of patriotism, and with her wise and resolute course as a Ruler.
