Amusements this Evening. METROPOLITAN THEATER—Mr. L. P. Barrett...

CITY ITEMS. Festivals and select parties are of frequent occurrence in the city.

The weather yesterday was very cheerful and promising. We like to see these lowering, wintry looking skies.

WANTED—At this office, two boys, one as an errand boy, and the other, one who has served about a year at the business.

The House was engaged the entire afternoon yesterday in the discussion of the proposed amendment of the liquor law of the State.

The number of building permits issued during the week ending November 27, was twenty, and their value was \$156,27, showing a marked increase.

Expected. The 28th U. S. Colored Volunteers, recruited in this State, and the 24th Indiana Veteran Volunteers, are expected daily to arrive in this city from New Orleans.

The Spencer House is a model hotel. Its location is convenient for the traveling public, and its bill-of-fare is a triumphant proof of the fact that its proprietors know how to keep a hotel.

The repairs on the steamer "Governor Morton" are concluded, and the boat is now complete in all its appointments. We are promised an excursion to Waverly in a few days. The Governor Morton is a success.

The Assessors of District No. 1, Bradshaw, is still on the job, and those who have been making delinquent returns would do well to correct their omissions in time. He is preparing to make some more seizures of books, and then look out for delinquents.

PERSONAL.—Hon. David Turpie, of Monticello, was in the city yesterday, and accompanied us with a call; also, Judge Franklin Spenser. These gentlemen are among our most respectable Democratic chiefs—our own from Northern and one from Southern Indiana.

RETURNED.—Mr. Blackford M. Palmer, a son of our townsmen, Colonel N. B. Palmer, and who has been absent from the State for more than fifteen years in California and Oregon, returned to this city the other day. He comes back much improved by his long absence, and notes with wonder the changes that have taken place since last he was in our midst.

GIVE THE RIGHT MAN THE CREDIT.—Last week some enterprising man with unusual precaution distributed plentiful deposits of gravel on the surface in the immediate vicinity of the Union Depot and between the railway tracks. Credit was naturally given at the time to the Street Commissioner, Mr. C. W. Robinson, late Superintendent of the Peru Railroad, and at present Superintendent of the Union Depot, is the man who had the work done, and the public who are coming to visit the Union Depot will see to it that the proper credit is given for the precautions taken, which will insure to them immunity from mud.

FESTIVAL.—The festival of the Trinity church was well attended on last night, and independent of the good time had, a handsome sum was realized for the benefit of the church. The Christian Church also held a social on last night, for the benefit of the Sabbath school. The church was literally filled by a joyous association of the young people. Nor was the assembly entirely composed of girls and young ladies; of youths and young men were there. Many grave and reverend sejmors were there, and thoughtful matrons, suddenly endowed with all the frolicsome grace of youth.

The white flag with its message of peace, waving from the flagpole, was a warning that peace was not always a sense of enjoyment in the breasts of those who are entering the winter of life. The head may indicate age, but the heart may be as joyous as in the days of boyhood.

MAYOR'S COURT.—A diminished list of infractions of the city's peace and good order, was afforded by the Mayor's docket of yesterday.

INTOXICATION.—Two individuals were sufficiently boozed to make themselves fit subjects for the Policeman's tutelar protection. They were found in a highly excited condition by the police and brought before His Honor. Their cases were duly considered. They were proven guilty, and assessment of \$5 each was ordered. An inventory of the balance on hand was taken on each case.

They are now meditating on the mutability of human circumstances, in the county jail. Their names are Daniel O'Callahan and Christian Smith. John Smith disturbed the peace, for which he was fined \$5. Isaac Green sold liquor without license, for which he was fined \$10. The presiding officer in his finances was greater than he could meet. Isaac went to jail for thirty days.

QUEEN'S OFFICE.—The County Clerk is engaged in making repairs in his office. It is being repaired, repaired, and overhauled generally. We hope, we hope, it will present an agreeable contrast to its quondam dingy and unattractive appearance.

BUILDING PERMITS.—The following building permits have been granted by the Board of Public Improvement since our last report: Thomas J. Vator, two story brick dwelling, Tennessee street, between North and Walnut, \$2,500.

JOHN HIND, two story brick dwelling, between Pratt and St. George, \$2,500. Concluding Sullivan, one and a half story frame dwelling, Meek street, between Oak and Benton streets, \$400.

J. W. Davis, the man who won't give up to correct his application, but was determined to go to law with it, has been ordered to pay the costs of the suit, and to return to the court. Mr. Davis' past experience has led him to overestimate the force of his application. It is very complete and full. He describes the proposed dwelling as being a two story, iron, brick, with a full glass walling; roof, shingles; cornice, wood, tin and paint; number of chimneys, two, and one for ventilation of building, \$1,127.25, or more. The board granted the permit for the work, 20. Aggregate value, \$15,227.

AMUSEMENTS. METROPOLITAN THEATER. It is rarely the good fortune of any audience to witness a Shakespearean performance of equal merit to that which greeted the boards of the Metropolitan last night. Mr. Barrett evinces deep study in his rendition of the great character of "Hamlet."

It seems peculiarly constructed by nature for the perfect realization of this most wonderful of all Shakespeare's creations. His fine elocution developed new beauties in the text, which the great mass of the "Poets" students never dream of. He is not only an actor, but an idealist, which Mr. Barrett pictured forth much more vividly than it was ever our good fortune to witness before. He lost his own identity completely, and was, for the time, the actual creation of Shakespeare's brain, breathing in the funeral halls of Elsinore.

Would that we could have many such representations as of "Hamlet" last night. The stock company, too, acquitted themselves with credit. Mr. Riley has been so often lauded for his performance of the "Ghosts" in an artistic piece of acting, that it is not worth while to repeat it in this place. When we say that "Hamlet" was well rendered in all its parts on last night, we leave much that is true unsaid. When we say that the first act was particularly successful, we are not far from the truth. We do but chronicle what was patent to the splendid audience who witnessed the performance, and who noted the fact.

This evening, the "Birth-right" by Bulwer, will be produced in this city. Whatever comes from the elegant pen of Bulwer, is an intellectual treat, and this is one of his best. Add to the merit of the play the assumption of its leading characters by Mr. Barrett and the attraction is complete. Whoever would enjoy an eligible seat from which to witness the performance this evening, must secure a seat this forenoon.

To the Friends of Temperance OF INDIANA.—You are called upon to rally once again and help roll back the tide of ruin that intemperance pours forth upon our people. We do not mean to say that you have not done your duty in the past, but you have not done enough. You have not done enough to save our country—and even those of your number who are going rapidly down to death—premature death—eternal death, by reason of intemperance. We must stop this tide of ruin! The time to do this is now! If all who can act will act promptly, we can strike the monster to the earth, and save our children and friends from ruin. You are hereby called upon to attend a mass convention of Temperance people at Indianapolis, on Tuesday, the 5th day of December next, at 10 o'clock P. Washington Territory.—The Coming of Women.—The coming of women to the Territory is a subject of great interest to the people. It is a subject which has been discussed for many years, and it is now being discussed more than ever before. The women of the Territory are now being educated, and they are becoming more and more independent. They are now being allowed to vote, and they are now being allowed to hold office. They are now being allowed to own property, and they are now being allowed to do all the things that men can do. They are now being allowed to be just as good as men, and they are now being allowed to be just as free as men. They are now being allowed to be just as brave as men, and they are now being allowed to be just as noble as men. They are now being allowed to be just as true as men, and they are now being allowed to be just as loyal as men. They are now being allowed to be just as patriotic as men, and they are now being allowed to be just as devoted as men. They are now being allowed to be just as brave as men, and they are now being allowed to be just as noble as men. They are now being allowed to be just as true as men, and they are now being allowed to be just as loyal as men. They are now being allowed to be just as patriotic as men, and they are now being allowed to be just as devoted as men.

Great suffering must certainly follow their advent, and what is to become of them is a question. The vessel they come in is not to touch anywhere short of Seattle, and the people there are dismayed to think what can be done with so many Yankee women. Governor Pickens is said to be with them, and freely accord him every name except that of a woman.
