Union Republican Ticket. FOR PRESIDENT, ULYSSES S. GRANT, OF ILLINOIS.

FOR VICE-PRESIDENT, HENRY WILSON, OF MASSACHUSETTS.

REPUBLICAN STATE CONVENTION. A Republican State Convention, to nominate candidates for Governor and State Officers, and a State Central Committee, will be held at the city of Topeka, on WEDNESDAY, SEPTEMBER 26, 1872.

At Topeka, Kan., on Wednesday, September 26, 1872. The Republican voters of Kansas will, in each Representative District of the State, on Thursday, August 29th, in each manner as may be prescribed by the District Committee, elect two Delegates and two alternates to the Convention at Topeka, and two Delegates and two alternates to the Convention at Lawrence.

By order of the Republican State Central Committee. D. R. ANTHONY, Chairman. J. W. A. MARTIN, Secretary.

The "Greensley Whirlwind." The whirlwind that was blowing over the country in favor of Greely, following upon the heels of the Baltimore Convention, has lulled sufficiently to admit of an estimate being made of the damage done. When the Baltimore transfer was effected, the hungry fellows who were willing to do anything to beat Grant, raised such a hullabaloo that nothing else could be heard. The impression was sought to be created that the Democracy were unanimously and enthusiastically for Greely. Those who were not for him kept still, or could not be heard in the confusion. Now they are beginning to speak for themselves, and we see to what extent the Democratic party refuses to be sold out.

The Democratic movement to nominate a straight Democratic ticket, gives promise of more strength than we had anticipated. All over the country, Democratic meetings are being held, which are largely attended, for the purpose of appointing Delegates to Louisville. That movement alone would be sufficient to take enough votes from Greely to insure his defeat, even if a straight ticket is nominated, very many Democrats who had been whipped in, or had reluctantly drifted into the support of Greely, because the bulk of the party had done so, and they had no other else to go to, will go for the straight ticket.

But there are thousands and thousands of Democrats, all over the country, who know there is no hope of electing a Democrat, and who regard the election of Greely as the worst evil that could befall the country, who have made up their minds not to vote the proposed ticket merely for the glory of it, but will support Grant outright. In every State, they are coming out by tens, scores, and hundreds. Life-long, leading Democrats are bolting to this stand; and in many places, large Grant Clubs are being formed, composed almost entirely of Democrats. There is no longer the shadow of a doubt that very many more Democrats will support Grant, than Republicans will support Greely. In fact, the number of the latter is diminishing every day, and repeat Republicans are returning to the fold. Columns of a newspaper could be filled with the names of Democrats who are openly taking their stand for Grant, and they are too good to be State or locally.

At this stage of the canvass, it looks as if Greely would not carry a single State. A few States may be close; but there is now good reason for the belief, growing daily stronger, that Grant will receive every Electoral vote for President—except Kentucky, Virginia, Maryland, Missouri, and New York. He must assemble well, if Greely's whippers-in are not more successful in uniting the Democracy upon him than they have hitherto been, and the wide-spread and growing defection is not checked. There seems to be no prospect of their doing this, and the Republican outlook is cheering in the highest degree.

CONGRESS.—It has become pretty well settled, that D. F. Love and Wm. A. Phillips will be two of the Congressional nominees in this State. On the third, there will be a spirited contest. Sid, my Clarke is making a desperate effort to secure the nomination. He is, in fact, the only man who has been so low down in public opinion to even stand a respectable show for the nomination. The other two being about settled, it becomes the people to pay particular attention to the third, and to see that Clarke is not the man. There are a number of candidates for the nomination, some of whom will have fair strength to begin with. Col. S. A. Cobb, of Wyandotte, is making a vigorous canvass, and would make an efficient member. H. W. Gillett, of Leavenworth, is also coming up prominently, and his friends are active in his behalf. He is a number one business man, and has been a leading member for many years. There are a number of others, either one of whom could fill the office with credit, and are infinitely preferable to Clarke.

ON HIS DIGNITY.—Summer is possessed of terrible dignity, and it is hard for him to get down to the level of ordinary mortals, and eat, drink and breathe as they do. For his exhibition of deadly malice against Grant, he is being unmercifully scored by the former friends, both white and black, and they have scattered his misrepresentations and false arguments to the winds. They being unanswerable, he falls back upon his "reputable dignity." William Lloyd Garrison had never so keenly seen Garrison's last letter. He is surprised at the misstatements it contains, and shall pay no further attention to him. Fred Douglas having repelled Sumner's outcries, and been a leading member in the course of his country, he is being so much misrepresented, and he shall pay no further attention to him. A good thing is this dignity and silent contempt. It is a sure refuge for those who are beaten in argument.

"The office-holders are for Grant" while the whole tribe of Greely bumpers, who want to be office-holders. Well, suppose they were for Grant? There are a good many thousand office-holders in this country, but in the natural course of things, they must be for somebody. If they are for Grant, they only follow the example of a large majority of the American people. But according to the Greely doctrine, as soon as a man receives office at the hands of the Administration, he should turn around and abuse the President, and call for his removal from office, just to show his independence!

A GOOD MAN.—The name of Judge John T. Morton, of Topeka, is being used in connection with the United States Senatorship. He is one of the best men in Kansas, and no person has ever connected his name with dishonesty and corruption. If those men who are clamorous for reform, would unite on Morton, he could be elected easily. But the truth is, the ones who cry loudest for purification, want to purify by placing themselves in office. The election of any man who would make another cry of corruption. Shall it be Morton?

The House News has come out—rather, has sold out for Greely. Its next move will be towards the place where the wedding twine.

A GREENEY BARBERS.—The Greeney of Richardson County, Nebraska, recently got a grand barbershop—what they intended as such. Tipson, the shabbing paragon, was to be there, and they were going to meet twice weekly, and to have a grand old time generally. Preparations were to be made for five thousand people. Well, the day came, and the twelve oxen divided to one calf and several small pigs. There were about four hundred men, women and children present, who licked up the grub, and didn't get a taste. One who was present, told us that every man in the crowd appeared to have two bottles in his pocket, and they had a glorious drunk. The principal speaker, beside Tipson, was an old soap-seller who has been in the late County by the Greelys, to work for them during the campaign, for which service they pay him \$300, and for which the Grant men ought to pay him as much more, for the service he is doing their cause. Every few minutes, some one in the crowd would pass up his bottle, for the old fellow to refresh himself, and all recruit his inspiration. Subsequently, this great Greely orator spoke at Falls City. After the speech, he went to a salon, got beamed drunk, tumbled down on the floor, and became in that state of Greelyism that called loudly for the use of water and disinfectants.

He was such a disgusting spectacle, that the sober keeper rolled him out of the back door, where the dogs went to lick him, as they did Lazarus, and almost tore his clothes off him. And this was an illustration of Greely enthusiasm!

The Leavenworth Times unites with the Satanic Chicago Tribune, in demanding the suppression of Nast's caricatures in Harper's Weekly. The Liberator, and the other Liberator, and their present friends and supporters, in their true light, and are worth more than all the stump speeches that can be made. Elect the editor of the Leavenworth Times to Congress, and he will secure the passage of a bill to suppress Harper's Weekly and hang Thomas Nast, for abuse of the great and good Greeley!

The colored people of Linn County are going to hold a celebration on the 22d of September, the anniversary of Lincoln's first Emancipation Proclamation. There is some sense in this, and it should be adopted by the colored people everywhere. We cannot understand why the colored people so persistently adhere to the anniversary of emancipation in a small island belonging to a foreign power, in preference to the anniversary of their own emancipation in this Republic.

In October, 1857, when the Kickapoo and Delaware Crossing frauds were committed, and the name of Horace Greely was found on the bogus poll-book, it was accounted a monstrously rare-fare proceeding. But he is now the pet of those very same Border Ruffians, and every one who is living will vote for him. Can any thing be imagined, that is too preposterous to become a reality?

A. S. Manlove, of the Fort Scott Monitor, asks us to correct our assertion that he was Postmaster at that place, and was removed. We cheerfully make the correction. He was offered the Post-office, but wanted a Land Office. The Administration said, "No, it is not that what's the matter with his head."

We see it announced that Judge R. S. Graham has retired from the editorship of the Atchison Patriot. There must be some error in this. The Patriot is as weak as ever.

Mrs. Matthews, mother of Vice-President Colfax, died at South Bend, Indiana, on Sunday, the 11th inst.

We notice, by the papers, that there is to be a "Gut Hill" in Atchison soon.

Did Hesse Greely burn Chicago?—Liberator Paper. No; it was another old cow.

CORRESPONDENCE. (For the Chief.) Liberal Democrats and their friends are in Atchison—Rejecting our Democratic Vice-Presidential ticket for Grant, &c.

ATCHISON, August 18th, 1872. The Liberal move in Atchison about the time of the Republican Election. At first it was difficult to find those who would take the bait. The question was asked, "What is it?" But finally, a few politicians who had received all that could be expected to receive from either party, or in other words, "non-bodies," with a few dog-eared respectable men, who were the Liberal friends, were born. A Convention was called. Dr. Horn, Jos. Ham and Dr. Lauphar were sent to the State Convention. Dr. Horn, from his connection with the Atchison Patriot, is a well-known Democrat. Jos. Ham was a candidate on the Democratic ticket, last Fall, for County Treasurer, and after using every possible means, (even to boots and shoes) was beaten by a large majority. Ham is now better known as the crazy Liberal. How the impression went out that he was a candidate on the Democratic ticket, and that he was a Republican, was the result of the Liberal friends, who were the only thing connected with that gathering, except that he would vote for Greely and Brown. The Dr. is not very well versed in politics, and he got into a name, and we great don't know how to get out of it.

A few days after the Cincinnati Convention, an attempt was made to have a grand rally meeting. GARRETT REPUBLICANS. Proceedings of the Grant Club. The Grant and Wilson Club of Garretts, met at the Rooms in Garnet, Saturday evening, July 28. Hon. Wm. Spriggs in the Chair. Hon. W. B. Houston having been prevented from attending, the meeting was addressed by Hon. James Hanway, Rev. J. N. Smith, Hon. A. B. Bogan and Col. W. B. Johnson, who were called upon by those present, and interested the audience with remarks and speeches seasoned with the salt of political candor. Col. Johnson offered the following resolutions, which were adopted: Resolved, 1. That we do most heartily endorse the resolutions of the Grant and Wilson Club of Manhattan, in their denunciations of the corrupt and unscrupulous conduct of the late President and his administration in the United States Senate, and we stand ready to co-operate with all true Republicans throughout the State in endeavoring to overthrow such men as have disgraced the name of the Republic in the past.

Resolved, 2. That we do most heartily endorse the course of the Republican editors in their efforts to compel the party to sustain such shysters as Pomeroy, Caldwell & Co., and we pledge ourselves to each other and the Republican party, to resist their efforts to secure the nomination of any such men, and the course pursued by them in their political history.
