COLLYER CAWINGS.

U. S. RAILROAD TIME TABLE. EAST WEST

Heat. Slightly blue.

Two heavy rains. A moonlight rainbow.

The drought is now broken. Hamburgs to close at Wheeler Bros'.

Collyer's first circus will put in an appearance next week.

Mr. Lawless was heartily welcomed by his wife and her mother on Thursday.

Fresh bread, pies and cake, also good lunches at all hours at Wookley's bakery, Collyer.

Wheeler Bros. will close out their Hamburgs at figures which will make them sell readily.

Mrs. E. L. Drake has arrived from eastern Kansas, and is visiting her friends at Banner.

Mr. and Mrs. Bundy are expecting their only daughter home from school in Nebraska, this week.

Alfalfa in the parks now in blossom gives forth a sweet fragrance. It will soon be ready to cut.

Some heavy gusts of wind and a light shower hurried the people home from town Saturday evening.

Wheeler Bros' store addition is entirely up, but not finished. J. C. Martin is the rushing and thorough carpenter.

My laundry is now open. Work done neatly and at reasonable prices. Give me a call. W. L. Brown.

There was driven through town Friday morning, going southward, a goodly-sized herd of sheep. Somebody had evidently wintered them with success.

Sunday's heat was both uncomfortable and stifling, as the mercury rose to 85° within doors, and a strong south wind continued its monotonous blow.

The minutes of the Sunday school sessions, as prepared by Sec'y Bower, will hereafter be an interesting part of the school program, judging from the one presented last Sunday.

Our Sunday school workers will next quarter be aided in their labors by a supply of lesson quizes, while both large and small scholars will find much to interest them in the Magazine.

Mrs. Olcott, of Salina, is visiting her friends, Mr. and Mrs. Hastings. Some of her new acquaintances have been pleasantly entertained with her performances upon musical instruments. She will return home in a few days.

For a week the prairies have been quite yellow, but a close observer could not have easily seen that the grass was not drying up, even though the days were so intensely warm, but that the color was caused by the ripened heads of grass.

At the special school meeting last summer, the Collyer school board were given power to paint as well as erect a school fence. Up to the present date no paint has been applied, but Director Kessler thinks the work will begin soon.

Wind, weather and season were unfavorable to the success of the Drum corps' party on Friday night. The small company in attendance passed the night in dancing, and had a pleasant time. Receipts exceeded expenses by a few dollars.

Notice has been posted that a Republican caucus will be held in Collyer, next Saturday, June 19, for the purpose of electing six delegates and alternates to the county congressional and gubernatorial convention to be held in Wa-Keeney, June 25, 1888.

In consideration of securing the contract of putting lightning rods upon the town school house, the contractor gave a policy of insurance upon the building of \$500 for five years. The rod points are of very neat design and are quite an ornament to the building.

Bring your cash and get a good bargain in Hamburgs at Wheeler Bros. 21

Another change has been made among the section bosses, and this time a worthy person has been appointed. Reference is made to Charles Thiel, who has charge of the section from Collyer westward. A. Hallenbeck, who has acted as boss of the section for a short time, is doing duty as roadmaster temporarily, but will soon be engaged in the shops at Wallace.

Civil engineers were at work for the railroad company on Saturday in town, surveying a suitable line for an additional side-track. It was found impracticable to place it on the south side of the main track, so a path was staked out from a point opposite the east switch west to the west end of the depot and parks on the north. This will be used exclusively for an unloading track and will be much more convenient for both immigrants and merchants.

Agent C. H. Hay kindly furnishes the following statement of business done at Collyer depot for the month of May: Receipts—Freight, \$1824; express received and forwarded, \$723; telegraph received and forwarded, \$29.25; local freight received, \$2,183.32; advance charges prepaid on freight, \$707.28; total, \$3,178.49; freight received and handled, \$15,353.33; freight forwarded, \$4,017.28; parcels received, \$1,000; grain, 7; flour, 1; hay, 5; lumber, 14; total, 28.

Tramps have begun their eastward migration, and if many received the treatment which, it is reported, a few did here on Monday, their stay at any one place would not be long. Seven representatives of this class were ejected from a morning freight train, and spent most of the day at the railroad tank. Toward evening they succeeded in securing a lunch basket from an employe of the road, and boasted that their number was sufficient to hold it. Seizing a piece of gaspipe, the man attacked them, and after laying three of them low, and reporting, cutting off the ear of one, they concluded to retreat, and left for the east across the prairie.

Most of the members of the Fourth of July committee met last Saturday afternoon, discussed the subject in general, and appointed the following additional committee: Committee on Finance—Wm. Hastings, L. A. Fisher and G. Farland. Committee on Music—S. C. Robb, H. Tidball and Miss Stickney. Committee on Amusements—S. H. Siebert, W. Hastings, S. C. Robb, Otis Kessler and Lawrence Toole. Com. on Reception—J. Siebert, L. Hollington, E. Richards, Mrs. L. Hollington and Miss York. Com. on Program—D. Fouts, W. Brunes, Mrs. G. Kessler, Mrs. J. Martini and Miss Stickney. Com. on Hall—A. Lord, R. Kessler, Orr Brown, S. Orr and L. Fisher. Com. on Dancing—James Walsh, G. Kessler and Mrs. W. York. Com. on Refreshments—A. J. Johnson, M. Goodwin, C. A. Sperry, Mrs. J. Siebert and Mrs. L. Larson. Master of Ceremonies—S. C. Robb. The above committees are requested to meet in Collyer Saturday, June 18, at 1 P. M.

At sunset Monday night, some peculiarly-shaped clouds hung in the east-

ern heavens, much resembling a vast number of pendant drops, of a milky-white color; later their tints were changed to pink and brown, and their shapeliness lost as they spread toward the south and west. Lightning soon brightened the fast-darkening bank, and at 3 o'clock Tuesday morning the wind and rain held full sway, the latter falling abundantly until about 6 o'clock. West of town the fall of rain was quite light, much to the disappointment of claimants in that locality. Last night at midnight another storm visited these parts, beginning with hail. The rain fell in sheets and the ground was thoroughly soaked. As the clouds broke about 1 o'clock, the full moon shone upon puddles of water everywhere, and its light being reflected upon the clouds in the northern heavens, a lunar rainbow was distinctly visible. The entire bow spanned about an eighth part of the horizon, the heavens within its arch being a sky-blue, the lower edge of the bow a light gray, which, as it widened increased in depth of color until the heavy storm clouds above met.

OGALLAH OZZINGS.

OGALLAH, June 10.

Corn knee high. Wheat almost made.

Dance at Ogallah June 3.

The prairie grass is beginning to look brown.

Joseph Marquand has returned from Wallace.

Mr. J. P. Marquand has built an addition to his house.

Mr. Varnum, brother of W. S., has put a new coat of paint on his carriage.

J. S. Smith has come into the well-digging business since his school closed.

C. A. Hoar and wife seem to enjoy the beautiful evenings by taking an occasional pleasure ride.

There have been about fifteen extra men at Ogallah for some time, resetting telegraph poles.

Mr. Palmer is building him a new residence in Ogallah. Mr. Chase is the workman employed.

Mr. Eli McCollum is preparing for next Thanksgiving, I presume, judging from the broods of young turkeys.

Some of the young men of Ogallah are trying to imitate the Wa-Keeneyites by having their heads shaved.

Mr. Buffington has a tree claim in Graham county. He has been improving it lately, and intends to move there soon.

A gentleman from Iowa, a cousin of Mr. Chase, has moved to Ogallah. His being a married man, adds another family to this neighborhood. Welcome, stranger.

A corn field clear of weeds is something new in Trego county. Any one wishing to see such a sight can do so by calling at Mr. Lofthouse's, one mile west of Ogallah.

Some of the people of this neighborhood put in a lister in ground that has not been plowed for three years. Judging from the yellow looking corn, they will be well rewarded for such work.

There was a Sabbath school organized in school district No. 4, some time ago; also one in Ogallah. The one in district 4 is at 10 o'clock A. M.; the one at Ogallah at 3 P. M. There has been a good attendance at both schools thus far, and I hope may continue to be.

The above named schools are going to unite, and have a Fourth-of-July celebration.

There was a committee of five appointed from each of the schools to decide where to have it, and to prepare for the same. The place decided on for the picnic was at Mr. Knapp's grove, a half mile east of town.

BIG CREEK BULLETS.

BIG CREEK VALLEY, SOUTH OF COLLYER, June 9.

One more week of school in district 24.

Coyotes are seen along Big creek almost every day.

Coyotes are beginning to visit the chicken coops at night.

People will need a shaving machine to cut their outs and barley with this year.

Charles Neff has had a new windmill erected. Mr. Mickle was the workman.

The trees that were set out on the tree claim a few weeks ago are looking very well, considering the dry weather.

Some of the wheat fields are beginning to turn a little. The grain seems plump enough, but if there is not rain in a few days, it will probably shrink.

Some of the parents in district 24 seem to think of nothing but dancing, and want their children to think the same way. Whenever there is a dance their children can not get to school for a week or two. Consequently, those children will get about seventeen days' schooling out of sixty days.

O. I. Sez.

Obituary.

Leslie Earl, only child of Mary M. and John S. Turner, was born October 14, 1884, died at Wa-Keeney, June 9, 1888.

His sufferings were great, but we know that they are over, and we will long without him, but one day we shall see our darling Leslie in Heaven. Although his body lies in yonder cemetery, his spirit is with God.

MR. AND MRS. J. S. TURNER.

P. S. Thanks to our friends and neighbors for their kindness in our sad bereavement.

—Messrs. Jno. A. Nelson and W. S. McGinnis, with their families, went east on Thursday morning. This is their last trip to Illinois on a visit.

Mr. Nelson has stuck to western Kansas very closely since in the fore part of 1879. He will visit at Galesburg, Chicago and other Sucker state points, with the intention of getting the utmost possible harmless comfort from now to about July 15, when he expects to be back home.

The World wishes him and his family the fullest realization of their most ardent expectations. We have not learned how long Mr. McGinnis and his family are to be absent, but wish them the most pleasant of visits.

—Captain Hanna is no longer an offensive partizan. At 4 o'clock Thursday afternoon, he turned over the work of the office of the register of the government land office to Mr. Baird, whom we have noticed before as having been appointed and confirmed as his successor. Under Register Hanna, the affairs of his office have been conducted with system and ability. Mr. Baird is a lawyer, with considerable political prestige, and it is like that the past efficiency of the office will be sustained. Mr. and Mrs. Baird are both here. They have taken up their residence in Wa-Keeney.

—Wednesday evening, the city council had a meeting to consider the matter of condemning, as unfit in its present condition for further occupancy, the east wing of the Oakes House. They adjourned without acting in the premises, on the belief that nothing appears in the law concerning cities of the third class to warrant such a step. At this meeting, however, the council passed the don't-let-your-live-s-t-o-c-k-r-u-n-a-l-a-r-g-e-within-the-city-ordinance which appears in this World.

—Messrs. Pinkham, Kershaw and Opp have returned home from their Wyoming trip. Wherry went to Iowa, with the intention of returning to Wyoming, where his acquisitive propensity covered two claims of a quarter section each. The excursionists report having had a delightful trip.

—Sheep shearing is in session.

Those indebted to the firm will please call and settle with A. B. JONES, 3894

E. L. FERRIS.

[First published June 10, 1888.]

ORDINANCE NO. 49.

An Ordinance Concerning the Running at Large of Certain Animals in the City of Wa-Keeney.

Be it ordained by the mayor and councilmen of the City of Wa-Keeney:

Section 1. That it shall be unlawful for the owner or person having in charge any of the animals hereinafter named, to-wit: horses, mules, asses, cattle, dogs, sheep or goats, to allow the same to run at large within the limits of the city of Wa-Keeney, and all such animals found running at large in said city are hereby declared to be public nuisances.

Section 2. That it is hereby made the duty of the city marshal to take up and impound in some safe enclosure any and all of the above mentioned animals found running at large in said city; to give notice forthwith by posting notices in three public places within the limits of the city of Wa-Keeney, of the description of the same, and for the owner or person in charge thereof to prove property and pay the charges for shutting such nuisance.

Section 3. Any person violating any of the provisions of this ordinance shall, upon conviction thereof be fined in any sum not more than one dollar for the first offence, and not less than three nor more than ten dollars for each and every subsequent offence or violation as aforesaid.

Section 4. If the animals be not claimed, and the charges as hereinafter specified be not paid within ten days from the date of the notice aforesaid, the city marshal shall, on the eleventh day, (all Sundays being excepted) at a public sale, sell the same to the highest bidder for cash; and after deducting from the proceeds of sale the amount of all charges which may have accrued, including the impounding, keeping and advertising the same, with fifty cents to the city marshal as his fee for selling the same, shall pay the balance to the city treasurer, which amount, less the sum of five cents to be deducted therefrom as a penalty for the violation of the provisions of this ordinance, shall remain in the city treasury subject to the order of the owner or person in charge of said animals, if claimed at any time within twelve months from the date of the sale aforesaid.

Section 5. The city marshal shall be entitled to a fee of fifty cents for each animal so impounded and fifty cents per day for each day it shall remain in his charge.

Section 6. Nothing herein contained shall be construed as to prevent drivers or other persons from driving any of the above mentioned animals from one place to another within the limits of said city, the owner or owners being responsible for all damages that may be sustained by reason of the driving of such animals.

Section 7. This ordinance shall take effect and be in force from and after its publication in the Western Kansas World.

Approved June 10, 1888. A. B. JONES, Mayor.

I hereby certify that the foregoing is a true copy of an ordinance passed by the councilmen of the City of Wa-Keeney, Kansas, on June 10, 1888.

W. H. DANN, City Clerk.
