## Western Kansas World.

Established March 1, 1879.

Official Paper of the City of Wa-Keeney.

Saturday, December 16, 1899.

"It is told of a certain lazy man in Fredonia," says the Buffalo Advocate, "that in order to save himself inconvenience, when he had his house remodeled, he included an automatic wash tub. The tub was so arranged that he could lie in bed and by pushing a button, the door opened and the bath tub would glide from the next room to the side of his bed and then all he would have to do was to roll over into the tub and take his morning bath. The other day he was showing a party of gentlemen over the house, and when he came to the room said, 'Let me show you my automatic bath tub.' He pushed the button. There was a scream and the tub came sailing into the room with his wife in it. She now takes her baths in the wash pan."

### A SURE CURE FOR CROUP.

Twenty-five Years' Constant Use Without a Failure.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack. It is used in many thousand homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty-five years' constant use without a failure. For sale by Jones & Gibson.

W. H. Taylor and Peter Zeigler returned last week from New York state, where the former bought a car load and the latter 107 head of cattle. It seems like going a good distance for cattle, but anything turned loose on the Kansas range this year will grow into money.—Lincoln Sentinel.

### A Thousand Tongues

Could not express the rapture of Annie E. Springer of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember of doing before. I feel like sounding its praise throughout the Universe." So will everyone who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c and \$1.00. Trial bottles free at Jones & Gibson's Drug Store; every bottle guaranteed.

Here is a lesson for you young man. Young man, does it pay to have such a time?—Galena Republican.

### Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c. guaranteed at Jones & Gibson's Drug Store.

Spirits made by far the largest contribution to the internal revenue taxes the past year, as usual, and tobacco came next, as usual, also. Spirits and fermented liquors paid taxes of no less than \$168,000,000, and tobacco paid \$52,000,000. Together these two items account for nearly two-thirds of the whole internal revenue receipts for the year covered by the commissioner's report.
