The election is four weeks from Tuesday of this week. Meet your friends at the polls and vote for the Republican candidates whom you have helped nominate, and who represent the principles of the party. Accept no substitutes.

John S. Dawson, republican nominee for Attorney General, has been compelled to go to Washington on

behalf of the State of Kansas in connection with the freight rate hearings. Mr. Dawson is contending that the freight rate increase proposed by the railroads is not justifiable.

Mark Tully, the Republican nominee for Treasurer of State, has made a record of which every citizen of Kansas should be proud. His administration of the affairs of the department has been unquestioned and his honesty and integrity guarantee that the great financial holdings of that department are safe-guarded in all particulars.

The campaign begun last week by the Republican State committee is running smoothly at this time. Headquarters is a busy place and large bundles of mail are being sent out every day. Most of the executive force is composed of experienced men who know just how to crowd the most work into the hours that intervene between 8 o'clock in the morning and midnight. Governor Stubbs' first week in the campaign spent in the northwest country, was a haymaker. The crowds and enthusiasm were more than the committee expected after hearing the reports of the general apathy from the Democratic meetings of the past three weeks. The governor will spend this week in the southwest part of the state.

E. A. Rea of Hays City, Republican candidate for judge of the Twenty-third Judicial district, was in Oakley a couple of days the latter part of last week shaking hands with the voters and visiting friends. Mr. Rea has been over the district quite a good deal and he feels confident that he will get a nice vote at the election in November and sees no reason why he should not be elected. Ed Rea is practically a Logan county boy, having lived at Russell Springs for a number of years and having been court stenographer for a number of years for J. H. Reeder during Reeder's term of judgeship. Many friends of Rea in Logan county will be glad to see him elected and will do all they can to help him along.—Oakley Graphic.

Reports from the county chairman are coming in to the state committee every day and they all indicate the usual Republican majorities in the counties. Here and there a fight is being made by the Democrats for a place or two on the ticket. But in the main the sentiment is strong for the administration record and the county candidates are standing on that proposition. One of the features of the Dolley control of the State committee is the harmony with which the state organization works with the local committees. Every plea for a speaker is given careful attention and the local men are consulted on all local matters. There is no effort at dictation by any one. The spirit of the committee headquarters is to win all along the line and in order to achieve that end every one is keyed up to hard work from now until November 8. The county committees play a most important part in the scheme of this campaign. They must interest the local voter and get him to vote. The dominant party has indifference to fight as well as the Democrats, and committee leaders are acting on this theory.

"There are more ways than one to the woods, even though they be 'cross lots," is an old saying. There are more ways than a direct contest

whereby the corporate power can manipulate political influence among the law makers of the nation, than for them to come open and above board and swat the "deer peepul" with a club. At this time a cousin of John D. Rockefeller is striding up and down the Sixth district asking the vote of the people that he may represent them in Congress. He has been putting up a big bluff about what a mortal foe of John D's he is indicating that he would drive a spike into the Standard Oil's tank if he got half a chance. This alleged estrangement is all bosh. John D. and the 6th Dist. candidate are known to be on as good terms as any ordinary cousins. It is common talk, although not official that Rockefeller himself has acknowledged that John D. has been mighty good to him. He has furnished him with money for both education and travel. An old time Democrat was in this office just the other day—one who has been acquainted with Frank Rockefeller for many years—and declared he wouldn't vote for Rockefeller because he can see the "man behind the gun," is nothing else than the Standard Oil Company, and allied interests who desire influence in their behalf at Washington. If you want to vote in the interest of Standard Oil vote for Rockefeller. John D. will do the rest.—Beloit Daily Gazette, October 8.

John Kirkner is down to Excelsior Springs this week.

Sheriff Drummond pasted up election notices this week.

Joe Papas took in the sights at Kansas City this week.

Wm. Kelly is still confined to the house with rheumatism.

Miss Mary Nelson is visiting her sister at Emporia this week.

Two cars of potatoes and one of cabbage were sold here this week.

The merry swish of the carpet beater is heard throughout the land these days.

A. J. Ellermeyer is enjoying a visit from his aged mother who arrived from California this week.

George and Wallace Kenyon of Collyer township took in the Live Stock show at Kansas City this week.

Miss Margaret Swiggett entertained a few extra friends at the Young Ladies' Sewing Club last Monday evening.

We are very glad to note that our old friend Geo. T. Galloway was able to leave his room and enjoy the fresh air in an invalid chair.

R. C. Wilson departed Wednesday for Salina and attended the Sunday school convention; also a meeting of the synod of the Presbyterian church.

F. P. Lucas has purchased a fine city home in Topeka on Lincoln street. For the present he will rent his suburban places and spend the winter in the city.

James Rogers came in on 110 last Tuesday evening. Jim has been gone over a year and has traveled a great deal in the northwest country. He says Kansas is good enough for him.

The Ladies' Aid society of the Presbyterian church will meet with Mrs. A. J. Ellermeyer next Tuesday afternoon. It is rally day and a 15 cent lunch will be served. The ladies invite all their friends.

Uncle Josh Musgrave was a county seat visitor last Monday and made us a pleasant call. This is his first visit for over a year as he has been visiting his sons in Colorado. He informed us that he may locate in Ogallah permanently.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Electric Oil instantly relieves the pain—quickly cures the wound.

### Results That Remain

Are Appreciated by Wa-Keeney People.

Thousands who suffer from backache and kidney complaint have tried one remedy after another, finding only temporary benefit. This is discouraging, but there is one special kidney medicine that cures permanently and there is plenty of proof right here in Wa-Keeney.

Here is the testimony of one who used Doan's Kidney Pills years ago, and now states that the cure was lasting.

A. J. Johnson, of Wa-Keeney, Kans., says: "I often had to arise at night to pass the kidney secretions and I was also bothered by a pain in my back. About a year I was afflicted in that way and the medicine I tried seemed to have no effect. Finally I procured a box of Doan's Kidney Pills at Gibson's Drug Store and their use cured me. I consider this preparation the best one to be had for kidney complaint." (Statement given April 13, 1907.)

### THE CURE LASTED.

On July 7, 1910, Mr. Johnson said: "I have had no need of Doan's Kidney Pills during the past three years. You are welcome to continue the publication of my former endorsement of this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

There will be a dance in the Hall at Ogallah, Saturday Eve., Oct. 22. Everybody come. Good music, good time. BY COMMITTEE.

**FORD**

**Why?** The horse power of the Model "T" tho rated as "twenty" is greater than the average "thirty" and equal to some of the "forty" cars. A "thirty" weighing 2100 lbs.—a much lighter weight than the average "thirty"—has yne horse power for each seventy pounds. The Model "T" develops one horse power for each 53.3 pounds of car weight. Horse power has no significance except when compared with the load to be carried—you'll agree with us on this.
