WA-KEENEY, KANSAS, APRIL 15, 1920

Forty Second Year—Number 7

Announcement

I take this means to announce to the people of Wa-Keeney and Trego county that I have installed the latest model Hoffman Steam Press at the Rogers Clothing Company's store and am equipped to do all kinds of Cleaning and Pressing.

The present high cost of clothing makes it strict economy to get more wear out of your old clothes. An occasional pressing makes them look like new.

All Work Guaranteed.

A Trial Is All I Ask.

How About You, Mr. Farmer—What Do You Think About Accuracy in a Watch?

The demand for the Hamilton standard of accuracy in timekeeping is not limited to any class of men, or to any one business or profession.

A man's desire to own a Hamilton goes much deeper than his professional or business training, because respect for precision and accuracy is a quality of personal character.

Hamilton Watch

"The Watch of Railroad Accuracy"

The Hamilton today, of all fine watches in America, is enjoying a steadily increasing patronage among representative American farmers.

The Hamilton is carried by more railroad men than all other watches put together—and because of its known accuracy is in greater demand among men in important positions than probably any other fine watch in America.

Come today and inspect our Hamiltons. You may choose your Hamilton from a total of 22 models.

PRESBYTERIAN CHURCH NOTES

Last Sunday evening the weather closed our doors and the People's Meeting did not occur. It will occur Sunday evening, April 25. In connection with a sacred concert by the choir, three laymen will deliver short speeches on practical religion. Every one is invited to come.

Next Sunday evening there will be two events of interest. The first is the opening of the Junior Endeavor society at 7:15. You are invited to attend this meeting and bring your pocket book. An offering will be taken to defray the expense of pledge and topic cards and the subscription for the Christian Endeavor World which the Prayer Meeting committee will use.

The Senior Endeavor society will meet at the same hour 7:15 p. m. in the large room.

The second event of interest will be at the Methodist Episcopal church where we are all going to extend a welcome to Rev. Grant Mann and to hear him preach. Last Sunday the session voted to do this. All Presbyterians are invited to join in this act of good will to our Methodist friends and their pastor.

Next Sunday morning our meeting will be one of the most important of any on the calendar. Don't fail to be present.

Special music for the opening of the service at Sabbath school 10:00 a. m., sabbath morning, April 18, at the

Presbyterian church. Do not fail to be there promptly and enjoy this opening service.

Forest A. Heizer, Minister.

BAPTIST CHURCH NOTES

April 18, 1920

Sunday School 10:00 a. m.
Morning Services 11:00 a. m.
Subject: The Marvel of Modern Missions.

B. Y. P. U. 7:15 p. m.

In place of the regular evening service we will visit the Methodist church and welcome Rev. Mann by our presence.

Everybody Welcome!

Rev. J. E. Naylor, Pastor.

LUTHERAN CHURCH NOTES

Services Sunday in the German language 10:30 a. m.
Sunday School 11:30 a. m.

Members of Wa-Keeney lodge I. O. O. F. went up to Quinter Thursday night of last week and put on the degree work. They report a very pleasant time.

O. J. Lyon and family moved in from the farm in the south part of the county Tuesday and are now getting themselves comfortably located in the former "Mensing" property more recently owned by Frank Sweet. This will make them a nice home and is so located that they can enjoy both the pleasures of town and country life.

DO YOU WANT A FAIR IN TREGO COUNTY

At a recent meeting of the board of directors of Trego County Fair Association an action was taken which will determine whether the people of Trego county really want a fair to be held annually on the grounds at Wa-Keeney or whether they do not. The fair association has been in existence for the last ten years and has been holding exhibits annually in its big building for the last five years. Thirty-eight acres of land was purchased and first class buildings were erected. To make these improvements took more money than the association had at hand and since then the board of directors have been carrying a debt which now amounts to about six thousand dollars. Fine amusements and exhibits have been made each year and the attendance has been large, but the directors have decided that if the people of the county want the association to continue in business that they will contribute enough money to wipe out the indebtedness against the association. The directors have divided themselves into committees and they are making a campaign throughout the county, giving the citizens an opportunity to contribute to the fund. If a sufficient amount of money is raised the debt will be paid and the association will continue to make annual exhibits. If the money cannot be raised the property will be sold, the debts paid and the association will go out of business. Which do you want to be done? You can better answer this question when seen by the solicitors. The committeemen who are working have reported good results.

LETTER FROM EVA PHILBROOK

The World is in receipt of a very interesting letter from Eva L. Philbrook, formerly county superintendent of schools of Trego county, which will be of interest to her many friends in this county. She is now principal of the Mexican school at Bisbee, Arizona, and writes us concerning a raise in salary which she will receive. A clipping from one of the Bisbee papers was inclosed and a portion of it marked: She writes: "I come under the class marked. My experience gives me the maximum, then having charge of the Mexican school increases it \$25 per month beyond the maximum so my salary will be \$285 per month next year and I will have work the year round if I want it. Am quite enthusiastic over the outlook for next year and know I shall be delighted with it. Arizona is a wonderful place to live in. The climate is ideal. Don't see why all of you people don't come here to escape the dust, deep snows, flies, etc. Our rose bushes are loaded with blossoms right now and my sister writes me from Salina there's are buried under snow. However, we have surprises too. Had a frost about two weeks ago which got the most of the fruit."

IMPORTANT TO FARMERS

Saturday night, April 17th, there will be shown in Wa-Keeney at the Garden Theatre a motion picture film showing the history of the grain harvester. This film was prepared for the Standing Grain Thresher Company and depicts the different stages of evolution in the science of husbandry as shown by the harvesting machinery used in different ages since the first primitive farmer tilled the ground with a crooked stick and reaped his grain with a rude iron hook.

This picture follows the evolution of the harvester down through the cradle and flail days of our great grand fathers, showing the progress of Cyrus McCormick in the development of his different inventions and ends by picturing the modern grain thresher, reported to be the most efficient and economical harvesting machine ever invented, at work in a Kansas wheat field. This picture gives the farmers of Trego county a chance to see something of the work of a wonderful machine. Don't miss it.

This film will also be exhibited at Voda on the night of April 23 and at Ogallah, April 24. Adv. 1t.

There wasn't anything very pleasant about the weather here Sunday but the excellent shower of rain which fell in the morning. The rest of the day the wind and dust made things very unpleasant. At Wa-Keeney .28 inches of moisture fell but north and west the fall was considerably heavier, while east and south there was no moisture at all. Wherever there was rain the soil is now in excellent condition for the growing crop.

GLEN ELLISON TO SING HIS SCOTCH SONGS

If you pine for the romance of "the old days," don't fail to hear Glen Ellison on Friday night, April 30th, at the Garden Theatre. One song will be enough to bring up a picture of the wild adventures of the fierce black-haired Dunceans, or the gentler pursuits of the sandy MacGregors. For there is a true Scotch burr on Glen Ellison's tongue, that will make even a good American song like "Oh How I Hate to Get Up in the Morning" smell of heather.

Few artists before the musical world today can interpret the Scotch songs with real understanding of the emotional intensity underneath the Scotch reserve. Glen Ellison is one of the few.

They were a romantic lot, those Scotchmen, even if they would have you think otherwise. And nobody knows that better than Mr. Ellison. His clear sweet baritone is admirably suited to the pure melody of those beautiful old songs. He sings them with a deep and tender sympathy that brings out all the poignant sweetness that is indigenous to them. He has a wealth of splendid feeling at his command, and it shows to best advantage in these romantic times.

Friday evening will give Mr. Ellison's devotees a chance to hear him. He is in finer voice than ever and the concert promises to be a big event. Rumor says that Mr. Ellison may be prevailed upon to sing one or two numbers by request.

DR. C. S. WALL DIED TUESDAY

Although he had been ailing and in poor health for the last year the friends of Dr. C. S. Wall in this county were surprised when it was announced Tuesday afternoon that he had died at his home in this city. During the last winter he had spent the time in Florida and few had learned that he had arrived home the evening of April 7th, last. He was unable to walk from the depot to his home and was taken there in an auto. He knew his condition and told his family that he would not last more than another week. He was afflicted with organic heart disease. Dr. Wall was a licensed practicing physician for several years being located at Moreland, Quinter and about five years ago came to Wa-Keeney. He was about sixty-five years of age and is survived by his wife and step son and two brothers, one at Denver and the other in Arkansas. He was a member of the Presbyterian church and the funeral services will be conducted from S. J. Straw's Funeral Home Friday afternoon and the body will be buried in Wa-Keeney Cemetery. The services will be conducted by the Rev. Heizer, pastor of the Presbyterian church. Kind friends are extending deep sympathy to the bereaved wife and son.

BEASON-BELLAIRS WEDDING

A very pretty wedding took place Wednesday, April 14, at high noon at the home of Mr. and Mrs. E. D. Beason in this city when their daughter, Miss Jessie, and Mr. Clifford Bellairs, son of Mr. and Mrs. H. W. Bellairs, were united in marriage. The ceremony took place in the presence of the immediate relatives of the bride and groom, the Rev. Mann, pastor of the Methodist church, speaking the words which united the two lives. Miss Lola Beason sang very sweetly "I Gathered a Rose" after which she played the wedding March from Lohengren. The bride looked very charming in beautiful white Georgette with bridal veil. Miss Bettie Beason and Mr. Todd Bellairs were attendants. After the ceremony and congratulations the guests were ushered into the dining room where all enjoyed a feast of good things to eat.

The bride and groom are excellent young people of this vicinity, she having been a school teacher since graduating from Trego County High School and he being a successful young farmer. He also served with the American forces over seas. They will make their home on a farm east of Wa-Keeney and a host of friends wish them happiness and prosperity throughout their lives.

WANTED TO PASTURE

Cattle by the season. Chas. Rogers, 5 miles north of Ogallah, Kans. 8 4p.

The World is requested to announce that the German church south of town which is being advertised for sale under bids, will be sold on April 23. Those who are interested may be at the church at that time.

Save the surface and you save all—Paint & Enamel

My Best Paying Investment

Look at my car now! Only a few days ago it was about the shabbiest car in the country. The finish was dull, mud spotted and weather beaten. The body and fenders were scratched and rust was beginning to eat away the unprotected metal.

A few hours work with

LINCOLN AUTO ENAMEL FINISH

has transformed the shabbiness into newness. The body, fenders, wheels and chassis are protected from moisture and rust.

The car looks almost like new and the money spent for the few small cans of paint has been returned tenfold to me, in the increase in value and satisfaction of driving a car that is spic and span as new.

There is a dealer in Lincoln Paints and Finishes right here in our town who will gladly show you how your old, shabby car can be made like new.
