Official County and Official City Paper

WAKEENEY, KANSAS, JULY 28, 1921

Forty Third Year—Number 22

## UNIFORM FOR HIGH SCHOOL GIRLS

Smith Center, July 25—The school patrons have grown tired of the great display that is being made of fashionable attire at school; a display so great that many poor girls have thru humiliation in many classes quit school in towns and cities throughout the state. A meeting has been called and a uniform style of dress adopted for the girls beginning the first of next October. The uniform will be on display in the store windows. A committee of seven ladies has designed it as follows: regulation white middie with detachable blue collar and cuffs; plaited navy blue wool skirt twelve inches from the floor. Stockings cotton, lisle or wool; shoes with Cuban or military heel in brown or black. Tie any color preferred.

## HEAVENLY REST EPISCOPAL CHURCH

There will be evening prayer and sermon every Sunday at 8 p. m. until further notice.

Everybody cordially invited.

Plan to attend the Chautauqua.

## GOOD RAINS AND PLENTY OF FEED

This county has been pretty well covered by rains this week and the ground is in fine condition for plowing. The farmers are taking advantage of it and are keeping their plows going. The local rainfall for this week is 2.37 which is probably about the average for the territory covered although in some localities more is claimed. The rains were just what the growing corn crop needed and practically assures a good big yield although another rain at the right time will help it fill out. There is plenty of feed being raised this year to take care of all of the live stock which will be wintered here and to furnish feed for all the milk cows the farmers will want to keep.

## NOTICE

Whoever has the barrel which was used for water purposes at the fair grounds, or whoever knows where it is will please return it or notify C. H. Benson that it can be used during the Chautauqua.

Western Trail gasoline and kerosene. Phone 10. O. L. Gunckel. 191f.

## THE CHAMPION FISH EATER

Who is the champion fish eater of Trego county? At present the honor seems to belong to J. F. Gunckel of this city and he has Henry Hobbick to back him up in his claims for the honor. By this we do not mean the person who can eat the most fish at one sitting by going to the extreme, but the person who does eat the most fish at a regular meal without overdoing it or suffering any bad effects. Mr. Gunckel says that six pounds of cat fish makes just a nice meal for him and along with it he drinks some coffee but eats no other meat or potatoes. Mr. Hobbick backs him up with this statement and proceeds to tell that on a certain day they went fishing and had a good catch. The scales showed there were six pounds after they were cleaned and ready for cooking. Mr. Hobbick cooked them and he and Mr. Gunckel sat down to the supper meal. He says that of the whole mess he did not get more than a bull head about six inches long and that Mr. Gunckel ate all the rest of the plate full and wished they had caught a few more. Mr. Gunckel also claims to be the champion fisherman in size of channel cats caught on a hook. The largest one he has caught weighed five pounds. He could tell that by the scales on it—er, by the scales anyway. He says he has a nice channel cat in a private pond which he is fattening up until it is large enough to make it worth while to kill him for a meal.

Who's next?

## PRICES ON CREAM AND EGGS COMING BACK

The price on the farmers' eggs and cream are getting better now and the price on the spring chickens is still good. The chickens are just ready to sell and the production of eggs and butter fat is falling off. The farmer who last spring foresaw this change of prices coming and prepared for it is going to get the benefit this fall and winter. At this writing the price of butter fat is thirty-one cents per pound, which is considerably less than the price paid this time last year, but that 31 cents will buy nearly as much in the grocery line as fifty cents would do at this time last year, especially when you figure in sugar

## GOLF NOTES

The pasture on the Mrs. O'Neil farm south of WaKeeney has been leased and the turf is being put into shape as fast as possible.

The course was laid out by Niles Goodrich of Uniford, one of the seven best players of the state.

Dr. Miller holds the long distance record for a drive of 209 yards.

Quite a number of ladies are anticipating a lot of fun learning to drive the ball around.

Visitors are always welcome. If you have a friend visiting you who would like to play we are always glad to loan a set of clubs.

Come out and enjoy the fun.

## U. S. PAYING ITS DEBTS

Washington, July 25—Secretary Mellon announced that during the last fiscal year repayments of \$70,706,899 by foreign governments on the principal of obligations to this country were used by the treasury to retire \$73,939,300 face amount of Liberty bonds.

"For the most part," he said, "these payments were on special account, or by the way of adjustment of accounts, and should not be taken to indicate that any general program of repayment of the foreign obligations has begun."

## BAPTIST CHURCH NOTES

Sunday School.....10:00 a. m.  
Preaching.....11:00 a. m.  
Subject: "What next."  
J. B. U. ....3:00 p. m.  
E. Y. P. U. ....7:15 p. m.  
Church Service.....8:00 p. m.  
H. A. McHenry, Pastor.

## LUTHERAN CHURCH NOTES

The congregation will next Sunday take part in the church dedication exercises in Ellis.

## WHAT TO DO WHEN BILIOUS

Eat no meats and lightly of other food. Take three Chamberlain's Tablets to cleanse out your stomach and tone up your liver. Do this and within a day or two you should be feeling fine.

For Sale by All Druggists.

## HOGS HIGHER: CATTLE AND SHEEP STEADY

Kansas City Stock Yards, July 26th. Hog prices turned upward again today, with a top of \$10.65, bulk \$9.75 to \$10.60. Market 25 to 35 cents higher. Cattle prices averaged about steady, preference shown for the better kind. Sheep steady.

## Today's Receipts

Receipts today were 11,000 cattle, 9,500 hogs and 7,000 sheep, compared with 8,679 cattle, 9,454 hogs and 6,859 sheep last week and 12,398 cattle, 6,742 hogs and 7,437 sheep a year ago.

## Beef Cattle

Fed yearlings sold for \$9.65 and heavy cattle up to \$8.90. Cake fed cattle up to \$8.05 and pulpers to \$8.65, demonstrating that the supply of fed steers is running short and naturally they are in favor. Wintered and grass fed stuff sold steady to unevenly lower, depending on amount of flesh they carry. Cows and calves about steady. Cows selling from \$3.50 to \$6.00, calves \$5.00 to \$8.00.

## Stockers and Feeders

Good stockers and feeders are scarce and that class selling strong to higher, others about steady from \$4.50 to \$7.00.

## Hogs

Hogs reached \$10.65, highest for some time. Hogs weighing 275 pounds sold up to \$10.25, medium and light weights to \$10.65, and pigs \$9.00 to \$9.75.

## Sheep and Lambs

The sheep market remained about steady, native lambs selling up to \$9.50, Kansas ewes \$5.35. Arizona lambs at \$10.00 straight.

The horse receipts were light, some range horses on sale, which sold above expectations. Larger receipts are expected from now on.

CHAS. M. PIPKIN,  
Market Correspondent.

## CUT AND THRESH 40 ACRES A DAY

Cutting and threshing forty acres of wheat in one day is a pretty good sized stunt for three men to do but that is exactly what is being done on the Julius Harries farm three miles northwest of WaKeeney. This work is being done with a Holt harvester thresher. They purchased their machine this year. It is a self propeller outfit and one engine does all the work of propelling, cutting and threshing and even pulling the wagon into which the grain is run. They had six hundred acres of grain this year and have it just about finished. They did not get started very early on account of having to await the arrival of the machine. Their best wheat has made sixteen bushels per acre and has tested fifty-eight pounds. The average yield for the six hundred acres will be about ten bushels per acre. Some of their acreage was damaged by hail which cuts down the yield. This wheat is being hauled to market as fast as it is harvested.

H. S. Givler and Paul Keraus transacted business at Scott City, Tuesday.

Geo. Lohman came in last night from Russell where he helped his folks during the harvest season.

Miss Ione Kraus entertained Misses Eva Walker and Margaret Acre at a six o'clock dinner last Friday in honor of Miss Faythe Logan, from Hays, Kansas. The announcement of Miss Logan's engagement to Mr. Wm. Zimmer, of Topeka, was made. The wedding will occur August 7th, at the M. E. church at Hays, Kansas.

O. H. Olson passed through here Tuesday on the jitney on his way home to Colyer from Kansas City where he had been with some cattle which were shipped from Colyer Sunday morning. He says the market was pretty fair considering the present general condition. He also found while he was away that it is the belief of the cattle men who make the Kansas City market that "cattle will come back" and that within a year or so good prices will prevail again.

Mrs. A. B. Rich is advertising a public sale to take place at her farm in Ogallah township, five miles east and four miles south of WaKeeney and three miles west and two south of Ogallah on Tuesday, August 8, 1921. She is offering seven head of horses, seventeen head of cattle and farm machinery for sale. Six months time at 8 per cent will be given on sums over ten dollars. Mason & Olson are auctioneers and E. W. Blakeley will be clerk. See the advertisement in this paper.

Try a World For Sale Ad at 1 cent a word. They sure do the business

## BETTER BUY SEASON TICKETS

Price of the Twelve Chautauqua Numbers, \$2.75. Any Six Numbers... on Program Will Cost More

Bohumir Kryl's Band, Friendly Enemics and Any Two Other Number Will Cost \$3.00

Practically every person in this vicinity is planning on attending some, if not all, of the sessions of the WaKeeney Chautauqua this year. Many are buying season tickets and expect to attend as many numbers on the program as possible for them while others are planning on paying daily admissions and on attending just such numbers as they feel they can afford or that they may desire. In which ever class you may be you will find it much cheaper to purchase a season ticket than it is to pay the daily admissions. The price of admissions for the three principal attractions will be greater than the price of a season ticket. Also any six numbers which you may select will cost more than a season ticket. Again, if you choose to attend but two of the leading numbers and two of the others you will have paid more for your admission than a season ticket would have cost you. You may figure it any way you like and with the best you can do the season ticket will be the cheapest.

There are other advantages which the holders of season tickets will enjoy. These tickets are transferable within the family. It may not be convenient or desirable for the entire family to attend all sessions. In that case part of them can attend the afternoon session and part the evening and the same tickets can be used without extra charge.

The big reason why season tickets should be purchased is that your own interest in the good of the community should induce you to encourage the guarantors of this Chautauqua by buying season tickets. The full price of each season ticket purchased on or before the first day of the Chautauqua is applied on the guaranteed sum while only a small percentage of the daily admission fees is applied on the guarantee. If you want to help the local committee and at the same time help yourself, buy a season ticket.

Those who have been backing the Chautauqua for the last several years have no hesitancy in saying that they believe the program for this year is the best ever offered in this city. Each number is a good one and several are exceptionally high class. There are also six days offered this year for the usual price of five days. The season ticket sellers will see you within the next day or two. If they don't, buy a season ticket anyway.

Headaches are often caused by Constipation—HOLLISTER'S GOLDEN NUGGET TABLETS—great for Headaches and Constipation.

## LOCAL NEWS ITEMS

W. B. Cypher and D. E. Cypher transacted business at Ellis today.

Mike Knoll Sr., shipped a car of cattle to Kansas City last week, returning Monday. He says he struck a bad market—Collyer Advance.

Lost—Firestone non-skid casing and tube, 30x3½, attached to rim by chain, nearly new. \$10 reward will be paid for return to this office. 3tp.

Raymond Custer spent a few days the last week visiting at the home of his parents at Marion, Kansas. He arrived here Wednesday and with Mrs. Custer and their young son left the same afternoon for their home at Gove.

Besides being able to handle the main springs, jewels, pinions and hair springs of the smallest makes of watches, Bryce Logan has proven himself to be a good man with the hoe. He has put in his spare time this summer raising garden on his town lot. Now he is selling spuds, beets, carrots, beans, 'everything most which comes from a garden. The quality of his product is also good and his garden will prove a source of profit as well as pleasure.

Mr. and Mrs. Ken Walker and Mrs. Bailey are expected to arrive here this evening for a visit at the home of Mr. and Mrs. F. B. Walker. The gentlemen are twin brothers and Mrs. Bailey is their sister. Next Monday night they are planning on leaving for Colorado where they will spend the next few weeks at Estes Park resort.

A real street sprinkler, just like they use in the big cities is now being used in WaKeeney—when the streets are dusty. This is the result of some soliciting among the business men done a short time ago. It is the intention to keep the streets of the business district sprinkled that the dust will not be so bad. The sprinkler does the work all right but it is necessary to keep it going all the time especially on a windy day.

Stephen Kite made a trip to Ellis county and to Plainville this week looking for a farm which he can rent. For a number of years he has lived on the farm belonging to his brother, Tom Kite, southwest of WaKeeney but the farm was recently sold to a man from Russell county and possession is to be given the first of August. Mr. Kite would like to find some farm in this part of Kansas which he can rent, but it seems they have all been taken.

H. J. McNair is another of the victims of the tire thieves which are working in this vicinity. He had some men working for him during the harvest season and finished up with them Tuesday and paid them off. The men had an auto of their own in which they were traveling. They went away Tuesday night and when Mr. McNair went out to crank up his Ford he found it without tires on the front wheels. Both tires had been taken off presumably by the men who had worked for him.

## Trego County Normal Institute

FOUR WEEKS

AUGUST 1st to 25th

A regular four weeks Normal Institute will begin August 1st. The instructors are especially fitted for the work and every county teacher should attend. Our sessions will begin at 7:30 and close at 12:30. There will be special features for information and entertainment. The Chautauqua will begin July 30 and close August 4. This in itself will be an unusual treat. Everything will be done to make the work pleasant and profitable. During the third week a county meeting of the School District Boards will be held. This should bring board members and teachers together for mutual understandings.

ELIZABETH McCALL,  
County Superintendent.
