## AYER'S Ague Cure,

FOR THE SPEEDY CURE OF  
Intermittent Fever, or Fever and Ague,  
Remittent Fever, Chills Fever, Dumb  
Ague, Periodical Headache, or Bilious  
Headache, and Bilious Fevers, instead  
for the whole class of diseases, arising  
in Bilious dyspepsia, caused  
by the Malaria of miasmatic countries.

No one remedy is louder called for by the necessities of the American people than a safe and sure cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the communities where the miasmatic poison is better than cure, for the patient who risks his health must run in violent attack of this baleful distemper. This "Cure" expels the miasmatic poison of FEVER and AGUE from the system, prevents the development of the disease, if taken on the first approach of its preliminary symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar renders it within the reach of every body; and in bilious districts, where FEVER and AGUE prevail, every body should have it, and use it freely both for cure and prevention. It is hoped this price will place it within the reach of the poor as well as the rich. A dollar's superiority in price, over any other ever discovered for the speedy removal of this class of diseases, is that it contains no Quinine or mineral, consequently it produces no quinine or other injurious effects, and is perfectly safe. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison.
