

THE CHICAGO TRIBUNE'S CAIRO, ILLINOIS, correspondent tells how the news of the President's murder was received in that region, as follows:

No more work was to be done. The young men from house to house. Young men mounting their horses and riding rapidly to the wharves. I generally heard their sharp yells as they rode through the wooded hills. Remember through the Union County, 30 miles from Cairo, a County that gave 700 majority to McClellan. Union men, except in scattered neighborhoods and in towns, were few. The rejoicing among these people, natives of North Carolina, was general and almost enthusiastic. My daughter, while riding out on horse back, was met by another young lady, who was met by a young man, who was met by a young woman. She said she had never been so happy in her life. Women went to see their neighbors to speak of the glad tidings. They have an idea that it is a great victory for the South. At a quarterly meeting the congratulations of many of the members was too good to be true. I am sorry for these things. Gen. Fremont, in 1856, got five votes in this County; last year Mr. Lincoln got about 500.

THE EXTENT OF THE PLOT—The special to the Missouri Democrat of the 1st inst. says: The Republican of this city have developed facts of the most astounding character. The official records will show these. Developments resulting from a partial search only show what would be brought to light by unroofing and searching, if necessary, every house in the District of Columbia, that it is in evidence that President Lincoln, Vice-President Hamlin, the members of the late Cabinet, Gen. Grant, Chief Justice Chase and Speaker Colfax, were marked as the victims of certain rebel conspirators and assassins. There is little doubt that the plot originated with the chief political agents in Richmond, was carried in detail to Canada, and was to be executed in this city. There is also no doubt that secret meetings were held at the residence of associates in this city, to further the execution of the plot. Arrests have been made of persons known to be participants in the murder of President Lincoln, and for the purpose of the execution of the plot. The names of the leading men of the Nation, thus leaving it without a head, and the remains of government to be seized by any erratic, ambitious General who might at the time be in the field at the head of the arm, will, when all is made known, startle our people and astound the world.

RETRIBUTION FOR ONE REBEL—Dick Turner, the noted turnkey of Liberty Prison, is severely locked up in the most disreputable dungeon of that place of torture. There is no pity felt for him in Richmond. A correspondent who saw the crafty turnkey, describes him as pale as leprosy, his head whitened, his teeth yellow, and his eyes full of terror. He is now as meek and cringing in his behavior as, in power, he was insolent and cruel. When turnkey, he was sent down with his revolver, who came to the windows for his aid, lighted, locked and knocked down others, and took delight in augmenting the untold misery of the poor prisoners under his charge. He has heard, in his longsojourn, that the soldiers have deserted his death as soon as they are fully assured of his liberty, and his pleadings for mercy are presented to all who come near him; but he pleads to hearts of stone.

A few days ago, in a speech at Washington, General Butler recommended that the following policy be adopted toward leading rebels. The people will endorse it:

"We are agreed; condign punishment to the military traitor who deserts his flag for rebellion; disfranchisement and safekeeping for the civilian using his perjured oath to betray his country; the right of pardon and fellowship for the misguided and deluded victims of the rebellion; and equal rights for the black man under the law [this agreed, agreed, agreed.]—That I think that will do."

The Atchison Champion says: "A correspondent in Doniphan County furnishes us an account of a remarkable feat of nature. In one man's family, on Friday night last, the wife had twins, a boy and girl; the mare had a colt; the cow twin calves, a heifer and a bull; the sow twin pigs; the hen hatched out thirteen chickens; and two ewes had four lambs. The above remarkable as it may appear, is an absolute fact. It demonstrates to the world what a prolific State Kansas is."

General Orders, No. 23.

HEADQUARTERS 9th REGIMENT K. S. M., Troy, Kansas, May 1st, 1865.

I, Companies of the 9th Regiment Kansas State Militia are hereby ordered to assemble at their respective places of rendezvous, on Saturday, May 20th, 1865, at 1 o'clock, P. M.; and at the same hour on the third Saturday of each month thereafter, for the purposes of drill and discipline.

III. Precisely at the hour appointed for each regular muster, officers commanding companies will cause the rolls of their respective companies to be called, and will cause all absentees to be carefully noted, and if no good and sufficient excuse for any such absence is offered on or before the next regular day of muster, they will be dealt with according to law.

IV. In order that all parties interested may be less seriously interrupted than before in their ordinary pursuits, the regular musters will be limited to only such frequency and such length of time as may be actually necessary to keep up a thorough organization and insure good discipline; but every man will be expected to attend promptly, under all circumstances.

V. On Saturday, May 20th, or as soon thereafter as practicable, Captains of companies are directed to forward to these Headquarters full reports of the number of men present and the number absent from drill; and also a full report of ordinance in possession of their respective companies.

VI. Captains will cause this order to be read to their companies, on Saturday, May 20th.

By order of FRANK M. TRACY, Colonel. I. FOWLER, Acting Adjutant. May 18-1v.

MORRIS FRALEY. White Cloud, March 9, 1865-1f.

ARE YOU IN AGONY? A WELL-SPRING OF HOPE FOR ALL.

HOLLOWAY'S PILLS.

Be of Good Cheer! The Sinking may be Saved! BY THE USE OF HOLLOWAY'S OINTMENT.

The history of these great Remedies is the most wonderful medical revelation that the world has ever known. It establishes the all-important fact that wherever, and in whatever shape internal disease exists, the disfiguring, searching and healing properties of the Pills are fully equal to its subjection and cure, and that, with the Ointment, they are

The Great Ambassadors of Health to all Mankind.

This is not a history written by one man, or even derived from the experiences of one nation. It consists of a compilation of testimonials from the sick of every country—an unimpeachable record, the like of which has never been adduced in favor of any discovery or invention since time began.

These Mighty Healers, World Known and World Tried, are a Balm to the Sick.

The want of a sterling medicinal to meet the ills and necessities of the suffering portion of humanity, and one entirely free from mineral and other deleterious particles, was severely felt till this all powerful medicine was ushered into the world; HOLLOWAY'S INVARIABLE PILLS have become the household remedy of all nations. Their attribute is to prevent as well as to cure; they attack the cause or root of the complaint, and thus, by removing the hidden cause of disease, re-invigorate and restore the drooping energies of the system, assisting nature in her task of VITAL and FUNCTIONARY REFORMATION.

Disorders of the Stomach

Are the sources of the deadliest maladies. Their effect is to vitiate all the fluids of the body, and to send a poisoned stream through all the channels of circulation. Now, what is the operation of the Pills? They cleanse the bowels, regulate the liver, bring the relaxed or irritated stomach into a natural condition, and, acting through the secretory organs, give a new vigor, change the state of the system from sickness to health, by exercising a simultaneous and wholesome effect upon all its parts and functions.

Woman, in all her Difficulties.

Is visited to the regulating and restorative powers of this harmless but effective preparation. At the two epochs of life in which the female system undergoes the most important and critical changes, the Pills will prove a positive safeguard against evil consequences. They are also confidently recommended as a specific in every disorder to which females are exclusively subject.

Be it Understood,

That the above statements can at all times be verified by the written testimony (extending through a quarter of a century) of tens of thousands of unimpeachable witnesses.

Bilious Maladies, &c., &c.

In whatever form disease attacks the liver, it is repelled and exterminated by this searching, painless, and irresistible curative. Bilious remittents, bilious purging, and all the ordinary disorders of the organ, indicated by pain in the right side and between the shoulders, yellowness of the whites of the eyes, weakness and debility, &c., are relieved and removed by the remedy, with a celerity which astonishes the sufferers and their friends. Let the sick, whom the faculty have abandoned, resort with confidence to this powerful anti-bilious agent, and a restoration to health and activity will be the unvarying result.

Dyspepsia, Diarrhea, Weakness, &c.

The terrible bodily and mental pains which characterize Dyspepsia, are at once mitigated by the Pills. Diarrhea, constipation, headache, physical prostration, nervous tremors, hot flushes, spasms, affections of the kidneys, hemorrhoids or piles, and, in fact, all internal complaints, from whatever cause arising, give way before the salutary influence of this extraordinary remedy. As a specific for dyspepsia, and the disorders connected with it, or growing out of it, the Pills are always to be relied on, when every other medicine and mode of treatment has utterly failed.

Holloway's Pills are the best Remedy known in the World for the following Diseases:

Asthma, Headache, Bowel Complaints, Indigestion, Coughs, Influenza, Colic, Inflammation, Chest Diseases, Inward Weakness, Constiveness, Liver Complaints, Dyspepsia, Lowness of Spirits, Diarrhea, Piles, Dropsy, Stone and Gravel, Debility, Secondary Symptoms, Fever and Ague, Venereal Affections, Female Complaints, Worms of all kinds.

Caution!

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand, because they cannot make as much profit as on other persons' make.

None are genuine unless the words "Holloway, New York and London," are discernible as a Water-mark in every leaf of the book of directions around each box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

* * * Sold at the manufactory of Professor HOLLOWAY, 50 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in boxes, at 35 cents, 80 cents, and \$1.40 each.

†† There is considerable saving by taking the larger sizes. Sept. 1, 64-1v.

VALUABLE PROPERTY FOR SALE!

The subscriber offers for sale the following valuable property, which may be had at a bargain:

A No. 1 tract of land lying in the western part of Richardson County, Nebraska, on the Great Nemaha, fifteen miles west of Salem, well known as the "Abrams Farm." It contains 235 acres, of which 75 acres is splendid timber, of the finest bur-oak, walnut, hickory, hackberry, mulberry, elm, cottonwood, and other varieties. The Nemaha runs through the timber, and there is on this land one of the finest mill seats on that stream, together with an abundance of stone. The remaining 160 acres is prairie land, of which 130 acres is enclosed and under cultivation—most of the enclosure being the very best fall fence. There are on the farm two good dwelling houses, two excellent wells of water, and a large orchard of young bearing peach trees. The rest of the farm for the present season, being one-third of all the crop raised, will also be for sale the coming fall.

Also—80 acres of prairie land, near Prairie Springs, Brown County, Kansas.

Also—Two good dwelling houses and three lots, in White Cloud.

Also—329 acres of land, four miles south of Forest City, Holt County, Missouri, partly in the bluff and partly in the bottom. This tract is all timbered, of the finest quality, and is one of the best sites for a tan yard in this Western County.

Also—Four corner lots in Mound City, Holt County.

Being necessarily absent a greater part of the time, persons wishing to purchase any of the above described property, may apply, for particulars, as follows: For the Nebraska farm, to Richard Pickett, on the premises; for the Prairie Springs land and White Cloud lots, at Chief Office, White Cloud; for the Holt County land and lots, to Wm. Kaucher, Sheriff of Holt County, at Oregon.

The terms are, Cash down.

HENDERSON'S AMENDMENT, THE FARMER'S HOME JEWEL! HENDERSON'S PATENT LOOM!!

A GRAND INVENTION.

IT WEAVES DOESKIN, IT WEAVES JEANS, IT WEAVES LINSEY, IT WEAVES KERSEY, IT WEAVES FLAXEN CLOTH, IT WEAVES CARPETS, IT WEAVES TWEED, IT WEAVES SEAMLESS SACKS, IT WEAVES COTTON, IT WEAVES WOOL, IT WEAVES FLAX, IT WEAVES HEMP.

FRANK M. TRACY, H. GRAMM, S. BROWNELL, FRANK M. TRACY & CO., HAVING PURCHASED OF THE PATENT RIGHT for the State of Kansas, these new Looms will be for sale in every County in Kansas. Every Farmer can have a perfect Loom in his own house for THIRTY-FIVE DOLLARS!

This Loom is intended to take the place of the common Hand Loom. It treats the Treads, throws the Shuttle, lets off the Web, and takes up the Cloth, the weaving being all done by working the Laine. The Web is raised, Spooled, Warped, Beamed, and Drawn in the usual manner, enabling the weaver to use the Loom with but little instruction. And as they are CHEAP AND SUBSTANTIAL, and not liable to get out of order, and will weave three times as fast as the common Loom, they exactly fill a large and increasing demand among farmers, for some easy, healthy, and speedy way of converting their own productions of WOOL AND FLAX INTO CLOTHING, which they find it to their interest to do on account of the high price of the manufactured article. From these facts we are enabled to offer to the Farmers and Mechanics of Kansas, a loom, both profitable to themselves and of general and lasting benefit to the community, relieving to a great extent of the continual drain on its cash resources. The Ohio State Board of Agriculture, 1864, awarded the first Premium for this Loom, and it has taken the first Premium by the State Board of Agriculture, of Kentucky, in 1863.

A SILVER MEDAL was awarded it at the last New York State Fair. Call and see a full sized and rigged loom in complete operation. Orders for Looms solicited from all parts of the State.

MERCHANTS AND BUSINESS MEN of Kansas. Farmers and others can be supplied at any time by the Manufacturers. All letters of inquiry containing a stamp for return postage will be promptly answered.

Circulars containing full description of the Loom, with the most simple directions for using it, will be sent on application.

Address, FRANK M. TRACY & CO., June 9, 1864-1v. Troy, Kansas.

PUTNAM CLOTHES WRINGER. IT IS THE ONLY RELIABLE SELF-ADJUSTING WRINGER.

No Wood-Work to Get out of Order. Warranted With or Without Cog-Wheels.

It took the FIRST PREMIUM at Fifty-Seven State and County Fairs in 1863, and is, without an exception, the best Wringer ever Patented in the United States, England, Canada, and Australia. Agents wanted in every town, and in all parts of the world. Energetic agents can make from 3 to 10 Dollars per day.

Sample Wringer sent Express-paid, on receipt of price.

No. 3, \$6.50. No. 1, \$7.50. No. F, \$8.50. No. A, \$9.50.

Manufactured and sold, wholesale and retail, by THE PUTNAM MANUFACTURING CO., 13 Platt Street, New York, Cleveland, Ohio, and Bennington, Vt. S. C. NORTHOPE, Agent.

WHAT EVERYBODY KNOWS, viz: That Iron well galvanized will not rust; That a simple machine is better than a complicated one; That a Wringer should be self-adjusting, durable, and efficient; That Thumb Screws and Patenings cause delay and trouble to regulate and keep in order; That wood soaked in hot water will swell, shrink and split; That wood bearings for the shaft to run in will wear out; That the Putnam Wringer, with or without cog-wheels, will not tear the clothes; That the Putnam Wringer has all the advantages, and not one of the disadvantages above named; That all who have tested it, pronounce it the best Wringer ever made; That it will wring a Thread or a Bed-Quilt without effort; That we might fill the paper with testimonials, but insert only a few to convince the skeptical, if such there be; and we say to all, let Putnam's Wringer be tested THOROUGHLY with ANY and ALL others, and if not entirely satisfactory, return it.

Putnam Manufacturing Co.: GENTLEMEN—I know, from practical experience, that iron well galvanized will not rust or oxidize or rust one particle. The Putnam Wringer is as near perfect as possible, and I can cheerfully recommend it to be the best in use. Respectfully yours, JNO. W. WHEELER, Wheelbarrow, Cleveland, Ohio.

Many years' experience in the galvanizing business, enable me to endorse the above statement in all particulars.

JNO. C. LEFFERTS, No. 199 Beckman St. New York, January, 1864.

We have tested Putnam's Clothes Wringer by practical working, and know that it will wring clothes as well as any other, and it is cheap; it is simple; it requires no room, whether at work or at rest; a child can operate it; it does its duty thoroughly; it saves time and it saves wear and tear. We earnestly advise all who have much washing to do, with all intelligent persons who have any, to buy this Wringer. It will pay for itself in a year at most.

VALUABLE PROPERTY FOR SALE!

The subscriber offers for sale the following valuable property, which may be had at a bargain:

A No. 1 tract of land lying in the western part of Richardson County, Nebraska, on the Great Nemaha, fifteen miles west of Salem, well known as the "Abrams Farm." It contains 235 acres, of which 75 acres is splendid timber, of the finest bur-oak, walnut, hickory, hackberry, mulberry, elm, cottonwood, and other varieties. The Nemaha runs through the timber, and there is on this land one of the finest mill seats on that stream, together with an abundance of stone. The remaining 160 acres is prairie land, of which 130 acres is enclosed and under cultivation—most of the enclosure being the very best fall fence. There are on the farm two good dwelling houses, two excellent wells of water, and a large orchard of young bearing peach trees. The rest of the farm for the present season, being one-third of all the crop raised, will also be for sale the coming fall.

Also—80 acres of prairie land, near Prairie Springs, Brown County, Kansas.

Also—Two good dwelling houses and three lots, in White Cloud.

Also—329 acres of land, four miles south of Forest City, Holt County, Missouri, partly in the bluff and partly in the bottom. This tract is all timbered, of the finest quality, and is one of the best sites for a tan yard in this Western County.

Also—Four corner lots in Mound City, Holt County.

Being necessarily absent a greater part of the time, persons wishing to purchase any of the above described property, may apply, for particulars, as follows: For the Nebraska farm, to Richard Pickett, on the premises; for the Prairie Springs land and White Cloud lots, at Chief Office, White Cloud; for the Holt County land and lots, to Wm. Kaucher, Sheriff of Holt County, at Oregon.

The terms are, Cash down.

PUTNAM CLOTHES WRINGER. IT IS THE ONLY RELIABLE SELF-ADJUSTING WRINGER.

No Wood-Work to Get out of Order. Warranted With or Without Cog-Wheels.

It took the FIRST PREMIUM at Fifty-Seven State and County Fairs in 1863, and is, without an exception, the best Wringer ever Patented in the United States, England, Canada, and Australia. Agents wanted in every town, and in all parts of the world. Energetic agents can make from 3 to 10 Dollars per day.

Sample Wringer sent Express-paid, on receipt of price.

No. 3, \$6.50. No. 1, \$7.50. No. F, \$8.50. No. A, \$9.50.

Manufactured and sold, wholesale and retail, by THE PUTNAM MANUFACTURING CO., 13 Platt Street, New York, Cleveland, Ohio, and Bennington, Vt. S. C. NORTHOPE, Agent.

WHAT EVERYBODY KNOWS, viz: That Iron well galvanized will not rust; That a simple machine is better than a complicated one; That a Wringer should be self-adjusting, durable, and efficient; That Thumb Screws and Patenings cause delay and trouble to regulate and keep in order; That wood soaked in hot water will swell, shrink and split; That wood bearings for the shaft to run in will wear out; That the Putnam Wringer, with or without cog-wheels, will not tear the clothes; That the Putnam Wringer has all the advantages, and not one of the disadvantages above named; That all who have tested it, pronounce it the best Wringer ever made; That it will wring a Thread or a Bed-Quilt without effort; That we might fill the paper with testimonials, but insert only a few to convince the skeptical, if such there be; and we say to all, let Putnam's Wringer be tested THOROUGHLY with ANY and ALL others, and if not entirely satisfactory, return it.

Putnam Manufacturing Co.: GENTLEMEN—I know, from practical experience, that iron well galvanized will not rust or oxidize or rust one particle. The Putnam Wringer is as near perfect as possible, and I can cheerfully recommend it to be the best in use. Respectfully yours, JNO. W. WHEELER, Wheelbarrow, Cleveland, Ohio.

Many years' experience in the galvanizing business, enable me to endorse the above statement in all particulars.

JNO. C. LEFFERTS, No. 199 Beckman St. New York, January, 1864.

We have tested Putnam's Clothes Wringer by practical working, and know that it will wring clothes as well as any other, and it is cheap; it is simple; it requires no room, whether at work or at rest; a child can operate it; it does its duty thoroughly; it saves time and it saves wear and tear. We earnestly advise all who have much washing to do, with all intelligent persons who have any, to buy this Wringer. It will pay for itself in a year at most.

WEST'S IMPROVED PUMP.

ANTI-FREEZING, DOUBLE-ACTING, FORCING AND LIFTING.

THESE pumps have now been in general use a number of years, and give better satisfaction than any other, and are recommended as

THE BEST!

By Capt. Ericsson, and other eminent Engineers. We can refer to thousands using them, and guarantee that all will recommend them.—They are more simple in construction, and work easier, and cost less than all others.

"Our readers will find the double-acting improved Pump of J. D. West & Co., one of the best in the market. It is very simple, works to a charm, so that any child may use it; throws a steady, continuous stream, and does not freeze in the coldest exposures, and is unusually cheap. We say this knowingly, and give the testimony of our own record, without the knowledge or request of the proprietors."—N. Y. Eve. Post, July 1st, 1863.

This may certify that I have been using, at my manufactory, for the last four years, "West's Improved Pump." I now have in use three of said pumps, one of which is kept constantly at work, 24 hours each day, (save Sundays) and has been running for the past two years. I pronounce them, unhesitatingly, the best pumps that have ever brought to my notice, having used many others previously. They are simple in their construction, and not expensive in their cost.

J. D. WEST & CO., No. 10, Oct. 10, 1863.

We are pleased to state that the Pumps we had of you, about a year ago, have been in constant use, 12 hours each day, and raise for the use of our Woolen Factory about 130 gallons per minute. They work with but little power, compared with pumps we have used before, and do not get out of repair, and are satisfactory in all respects. Yours, &c., DENNIS MANUFACTURING COMPANY.

SOLON ROBINSON to the Farmers' Club, Jan. 23. "No farmer who owns a well or cistern can possibly afford to be without them from pump. It should be at once a suction and force pump—a perfect little fire engine—such one known as 'West's Improved Pump.' I speak of this pump because I happen to know it... to be very simple, powerful, and that upon the whole it doesn't freeze up, nor get out of order once a year... I know this, and think I may be doing the farmers good by speaking of it... A boy 10 years old can work it, and throw a continuous inch-and-a-quarter stream... It can be made to work in deep wells as well as in shallow ones."

[From the New York Observer.]

We have had in use for months past one of West's Pumps, which has given us more satisfaction as a force and lifting pump than any we have ever used. It is one of the great, powerful, general houses, properties, &c., &c. The Mining Chronicle and Railway Journal says: "It is recommended for its extreme simplicity of construction, great strength, and consequent durability and cheapness of repair.—There is no stuffing-box—the pressure being held by a cap packing, like that upon the working piston, working in a cylinder, fitted for the purpose within the upper air-chamber—which we think a great improvement, as stuffing is so liable to be deranged, and leak under strong pressure, to say nothing of the loss by friction incident thereto. It has also two air-chambers: thus the action of the valve is cushioned upon both sides by air—preventing water-hammer and vacuum thump. The valves
