Veterans Of The World War To Assist In Honoring Aged Heroes Of Civil War

Bridgeport Plans Suitable Observance For Memorial Day—Parade Starts at 2 O'clock—Memorial Tablet to Be Dedicated—Mayor Wilson to Speak.

Memorial day—choked as it will be with memories of darker days that made men wiser and forced others to pass on never to return—will dawn on the morrow.

With the war over and most of the loved ones back home, Memorial Day will be much like a Thanksgiving observance to many. The city of Bridgeport, while it has not outlined any particular program for the day, will house countless events, patriotic, athletic and dramatic.

The feature of the day, of course, will be the annual parade—a procession, however, that will tell a silent story of the doubtful days of the Civil and World Wars. There will be veterans galore in the parade. It will be a parade of America's fighting men, for Grandpa will be there as a Civil War veteran, Father as a veteran of the Spanish-American war and Son as a veteran of the late World War.

It will be a celebration in which not only Americans, but, in fact, every fighter regardless of nation, will be thrilled. For Canadians, Americans, members of the foreign legion—and Bridgeport has several such heroes—will be represented in line. The last who has put away his uniform is asked to don it once again and come out to make the 1919 Memorial Day the best and grandest in the history of the city.

While it was impossible today to obtain a definite estimate of the number of persons who will participate in the parade, the number will run into the thousands.

The parade will start promptly at 2 o'clock, but all organizations that will participate have been instructed to be in position, ready to march, at 1:45 o'clock tomorrow afternoon. The column will move promptly at 2 o'clock down Broad street to State street to Park avenue to Seaside park and to the Soldiers' and Sailors' Monument where the special Memorial Day exercises will be held.

Major Frederick J. Adams, U. S. A., who recently returned from France, will lead the parade as grand marshal. He will be followed by Chief of Staff Major Fred J. Brockbill, C. S. G., and the following aids: Major F. W. Stevens, Lieutenant Commander A. J. Merritt, Captains Chas. H. Sprague and Rex De Lecour and Lieutenants John T. L. Hubbard, C. J. O'Reilly, George B. NC4 TO START FOR PLYMOUTH

Weather Permitting She Will Make Jump From Lisbon.

Brest, May 29.—The United States naval seaplane NC-4 will probably start from Lisbon tomorrow, weather permitting, Lieut. Commander A. C. Read, in charge of the craft, wishing to reach England on Memorial Day, according to a wireless message picked up here by the U. S. S. George Washington from the U. S. S. Rochester, which is lying in the roads at Lisbon.

Plymouth, May 29.—Adverse weather conditions at Lisbon was the reason for the postponement last night of the start of the seaplane NC-4 for England, according to word received here. The torpedo boat Stockton which was given a position in the English channel along the route which the NC-4 is expected to have gone to Brest, taking spare parts for the seaplane which may be used in case of a mishap.

It was announced here tonight that the British air ministry is planning to give the United States naval seaplane NC-4 and its crew a great reception. Three flying boats, in addition to two airplanes, will go out to escort the American to the royal air force mooring station in the Cattedra, the mouth of the Plym river.

The Americans will be guests of honor at the Royal Air Force station probably on the day following their arrival.

URGE FIGHT FOR DAYLIGHT SAVING

Marcus M. Marks Appeals To C's. of C. Throughout the Country.

New York, May 29.—Marcus M. Marks, president of the National Daylight Association, today sent appeals to chambers of commerce throughout the nation to join in a protest against the repeal of the daylight saving law. A rider on the agricultural bill calls for its repeal.

"The repeal of the daylight saving law without giving the representatives of daylight saving a hearing, will be pernicious class legislation," said Mr. Marks. "It has been said that a few farmers are opposed to the act but on the other hand, millions are in favor of the extra hour of sunlight.

In a year it has saved more than 1,000,000 tons of coal; minimized the strain by obviating the work under the glare of gas and electricity has promoted general health by giving the workers time in the sunshine after their days duties; has increased amateur gardening, thereby reducing the abnormally high expenses for food and has lowered the gas and electric light bills.

"A concerted protest by all living in the cities by letter and telegram to their senators and representatives will make congress realize that millions favor daylight saving where a few thousands oppose."

At a meeting of the directors of the Chamber of Commerce in response to an appeal from Marcus M. Marks, they reiterated the former stand taken in favor of the Daylight Saving plan, and have wired Connecticut representatives and senators to oppose the rider to the Agricultural bill which calls for the repeal of this measure.

U. S. HOLDS UP MEXICAN ARMY

Refuse Carranza Permission to Move Troops Through American Territory.

Washington, May 29.—President Carranza has been notified by the American government that permission for the passage of Mexican troops through American territory would be withheld for the present. Mexico has asked to be permitted to move 2,000 men from Agua Prieta to Juarez for operation against Francisco Villa's forces.

It was said today officially that the decision of the government was based on the belief that the force which it was proposed to move through Arizona, New Mexico and Texas would not be able to furnish protection to American citizens in northern Mexico because the revolutionists had cut the road between Juarez and Chihuahua.

It was made clear at the state department, however, that if President Carranza could show that there was greater necessity for the presence of the force of 2,000 men immediately south of the border at Juarez than at Agua Prieta in the territory where the Yaqui Indians are becoming troublesome, the position of the United States government might be altered.

The thief, in his hurry to leave the scene of his crime, collided with a telephone pole on the Main street in Stratford. He was seen to run away after the accident. GERMANY FORMALLY REPLIES TO ALLIES

PRESIDENT'S MEMORIAL DAY MESSAGE

Washington, May 29.—President Wilson has cabled the following Memorial Day message to the American people:

"My fellow countrymen: Memorial Day wears this year an added significance and I wish, if only by a message, to take part with you in its observation and in expressing the sentiments which it inevitably suggests. In observing the day we commemorate not only the reunion of our own country but also now the liberation of the world from one of the most serious dangers to which free government and the free life of men were ever exposed. We have buried the gallant and now immortal men who died in this great war of liberation with a new sense of consecration. Our thoughts and purpose now are consecrated to the maintenance of the liberty of the world and of the union of its people in a single comradeship of liberty and of right. It was for this that our men conscientiously offered their lives. They came to the field of battle with the high spirit and pure heart of crusaders. We must never forget the duty that their sacrifice has laid upon us of fulfilling their hopes and their purpose to the utmost. This, it seems to me, is the impressive lesson and the inspiring mandate of the day.

(Signed) "WOODROW WILSON."

AUSTRIAN TERMS NOT FINISHED

City of Fiume is to Be Independent Port According to Reports.

By The Associated Press.

Germany today made formal reply to the treaty terms presented to her on May 7. While not as voluminous as recent reports have led the world to expect, the German counter-proposals appear to take issue with the Allies on nearly all the important phases of the treaty, according to summaries received from Berlin and Paris.

Baron Von Lersner of the German delegation, informally delivered the completed counter proposals to Colonel Henry, the French liaison officer, at 12:20 o'clock today. The German explained that there had been no time for translations which would be sent later.

The volume containing the counter proposals is not bound, corner-fasteners holding together the 146 pages. Immediately after the presentation of Germany's reply, Count Von Brockdorff-Rantzau, chief of the enemy peace mission, will, according to report, leave Paris for Spa. Whether his departure will mark his retirement as a member of the German peace mission is not known. Several minor members of the German mission left Paris for Germany yesterday.

When the peace conference met in plenary session this afternoon to hear the Austrian peace terms, it was announced that they had not yet been completed. It was decided, therefore, to postpone the session until Saturday, when the completed treaty was expected to be ready.

Another reason for postponement of the plenary session was a request from the smaller powers, especially the Balkan states, that they be allowed further time to consider the terms.

Despatches from Paris indicate an agreement by the Council of Four on questions relative to the Adriatic and the city of Fiume. That city, according to the latest reports, is to be an independent municipality. Regarding the arrangements made it is stated that certain of the Dalmatian islands are to go to Italy, but it is understood that she will not get the Adriatic port of Sara and Sebenico.

The Vatican is represented officially at Paris for the first time since the peace conference began work. Monsignor Ferris, papal under secretary of state, being in the city to discuss with entente chiefs the status of Catholic missions in lands affected by the deliberations of the conference. It is improbable, it is said, that he will be officially received by the conference because of the clause in the treaty of London, because Great Britain, France and Italy, which barred the Vatican from participation in discussions regarding questions connected with the war.

A statement has been issued by Nikolai Lenin, the Bolshevik premier of Russia, attacking Bela Kun, chief of the society in Hungary, according to a London despatch. The statement is said to assert that Moscow is the "center of the world revolution and must be obeyed."

American troops are apparently to be immediately withdrawn from northern Russia, transports having arrived at Archangel with British forces which will relieve the men who have been holding the lines during the last winter.

LAVERY NAMED TO SUCCEED SELF

Hugh J. Lavery was re-elected to succeed himself as chairman of the Democratic town committee, at a special meeting, held last night in Mr. Lavery's law office, Newfield Building.

The election was unanimous. Members of the executive committee insisted upon Mr. Lavery's continuance in office, though he had pressed his resignation, and was desirous of being relieved of the work.

Mr. Lavery has been popular as an incumbent of the office. Under his direction much reorganization of party forces has taken place.

Angeline H. Willis, a 59-year-old negress, of 1514 Seaview avenue, fell in a faint at Whiting and Main streets yesterday afternoon and struck her head on the curbing. She was carried to St. Vincent's hospital where she is in a critical condition, possibly from a possible fracture of the skull.
